ENDORSED AT HOME.

Such Proof as This Should Convince Any Dallas Citizen.

The public endorsement of a local citizen is the best proof that can be produced. None better, none stronger, can be had. When a man comes forward and testifies to his fellow citizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or he would not do so. Telling o-s's experience, when it is for the public good is an act of kindness that should be appreciated. The following statement given by a resident of Dallas adds one more to the many cases of Home Endorsement which are being published about Doan's Kidney Pills. Read it.

Mrs. E. C. Hutton, Clay and Lyle Sts., Dallas, Oregon says: "In 1907 I publicly endorsed Doan's Kidney Pills, and I can now confirm that statement. This remedy cured me of my family and it brought relief from backache and other ailments of kidney trouble."

More Money For You

Greater productivity of trees—larger, cleaner, and finer fruit—more money. Isn't that fruit growers' reasoning? Nothing will contribute to this end more than effective spraying. And Effective Spraying can best be attained with

Bean Magic Spray Pumps

Effective spraying means High Pressure Spraying and till the advent of the Bean Magic a high pressure could not be maintained with a hand pump for any length of time, on account of the body-racking effort needed to operate it. The Bean Magic patent spring divides the work between the two strokes of the handle and works against only one-half the pressure shown on the gauge and saves exactly one-third the labor.

We have these pumps in stock and will be pleased to show them. We construct them too strongly.
