Misses Helen and Lela Hersher, of Hood River, are here visiting at the home of their uncle, U. S. Loughary.

Mrs. Forrette, of Dallas, is visiting at the home of her husband's parents, Mr. and Mrs. E. Forette.—Stayton Mail.

Mr. and Mrs. W. E. Lynch moved to Salem last week, where he will work in the Prince shoe store there for a time.

Will Toner has resigned his position as express agent in Corvallis and moved back to his Lincoln county farm.

The body of Wm. Adair was shipped through here yesterday to Salem, his home, he having died in McMinnville.

G. S. Graves returned to his duties as assessor Monday, after a short vacation at the farm, where Mrs. Graves and the children still are.

W. H. McKee was up from Perrydale today. He says that a threshing pulled in on his last night, but as they had quite a heavy rain in that vicinity this morning, it is now lying idle.

Ralph Adams is now confined to his bed with an attack of nervous prostration, caused by the trouble he has had in securing an engine that could haul his rock wagons. Mr. Adams has worked day and night in an endeavor to keep his contract with the city, and the strain has undermined his health to a great extent. He has the sympathy of all Dallas citizens, who hope he will yet be able to make this method of hauling a success.

The work of making our new macadam streets has been handicapped this year, and it is now hardly possible to finish all that was contemplated for this season. Half a dozen wagons are hauling rock today, but many more are needed to keep up with the crusher.

Invest in a Concrete Mixer.

The enterprising contractors of all kinds of buildings, Holmes & Grant, have invested in a concrete mixer, and now have it in operation at their work on the library building. The rock is wheeled to the top of a small incline, where it is dumped in a hopper, together with the right proportion of cement and water, and it comes out at the lower end into another barrow, all ready to be wheeled to the place where it is needed on the foundation walls. It is the first machine of the kind ever used in Dallas, concrete having heretofore been mixed by hand, and is being viewed by many interested spectators. It is capable of 2 1/2 cubic yards at a time, and can get away with about 40 yards a day, being much faster than the old method, besides guaranteeing a perfect mixture as to proportions, something that was very hard to do in the old way.

Buy your brick and drain tile from the Dallas Brick & Tile Co.

Will pay the highest cash price for oats, on board cars at your nearest railroad spur. Phone F. C. Meyer, Dallas.

## COMMERCIAL CLUB.

Date of Harvest Festival Set for October 3rd, 4th and 5th.

The regular meeting of the Commercial club took place last evening in the court room, with President Foster in the chair, and a goodly number of the members present.

A communication was received from the Commoner, Bryan's paper, making a proposition on advertising, which on motion of W. L. Soehren was referred to the advertising committee, with power to act.

Communications from the eastern land shows were received and on motion of N. L. Guy referred to the advertising committee.

The report of the financial secretary was read and placed on file, it being as follows:

Balance on hand June 5. \$908 75  
Collected for 9 concerts. 176 75  
Col. monthly subscrip. 259 25  
Total 1344 75

Issue warrants from 93 to 105 inclusive. \$ 263 20  
Balance on hand Aug. 7 1081 55

The next thing on the program was the adoption of a slogan. Quite a number of slogans were received, but no definite conclusion was arrived at and the matter left over for another meeting.

W. L. Soehren, of the transportation committee, reported that he had written Passenger Agent J. M. Scott regarding the providing of car chairs on this division, and received in reply that commencing at once a chair car would be on every train going out of Dallas. Mr. Scott was surprised to hear that the chair cars that had gone out of here were locked and not of use to our people, and said the matter would be fully attended to hereafter.

Claims allowed:

The April and May bill of the Itemizer for \$21 was again laid over, no report having been received from the finance committee:

Observer ..... \$22 00  
Tracy Staats ..... 22 80  
W. L. Tooze ..... 37 45

The matter of holding the county fair was then taken up, and the date set for Thursday, Friday and Saturday, the 3rd, 4th and 5th of October. On motion of Prof. Metzger a committee of five was appointed to look after the preliminary arrangements for the harvest festival.

The president appointed W. A. Ayres, H. C. Seymour, J. R. Craven, A. B. Muir and W. V. Fuller.

On motion of Guy the matter of a Keppfresh fruit establishment was left to the manufacturers committee with instructions to take the same up with the promoters. The question was fully discussed, some opposition to the proposal developing.

Work Will Be Rushed.

Work will be rushed on the new dormitory for the Monmouth normal, which \$50,000 appropriation became available yesterday when Secretary of State Olcott announced he would disregard Attorney General Crawford's advice and pay over the fund, according to President J. H. Ackerman, who is here attending a meeting of the executive committee of the normal board.

"Architects inform me they can have plans completed and ready to advertise for bids within 10 days," said President Ackerman. "We think we ought to have the building ready for occupancy by February 1st."

President Ackerman said the normal would have a new domestic science and art department next year. Miss Myra H. Butler, of New York, for eight years head of a similar department at the state normal at Cheney, Wn. signed a contract today to take charge of the department.

## IT IS WHISPERED

That you did not see any crowds watching for bulletins from the second Chicago convention. Everyone knew what the steam roller was going to do.

That since our state militia have brought the words "all in" into prominence many have asked the Itemizer what it really means. We are inclined to believe it means anything from a blister on the heel up to that tired feeling which develops the day after.

That our police judge had bugs last Monday night.

That it took quite an athlete to get into the council chamber for the last meeting.

That it was too cold for ice cream on the courthouse lawn Saturday night.

That if the capital city cannot afford Saturday night band concerts, it will not cost their citizens much to come over and listen to ours.

That when the Salem road is electrified we may expect night service between here and there.

That another Roosevelt supporter has been found, making three in this vicinity.

That woman suffrage did not prove a popular movement either among the women or men of the county seat.

Tom Notson says Bill White ran off with his wife. He does not want her back, but would like to tramp on Bill awhile.

That about all there ever was to Roosevelt was a big noise, and he has now commenced the same old programme.

That one of the greatest political surprises of the century happened at Chicago yesterday.

That you do not always know just how things will turn out.

That the band boys are now off on their yearly vacation.

That Ben Selling has given up all hope of election by declaring for Taft.

T at the proper cognomen now for Roosevelt would be Theodore Africanus, he having followed the example set by Scipio Africanus, the noted Roman general who went down into Africa and captured Carthage.

That Janitor Woods should have an assistant during the summer if he is to keep our court house lawn in the best of shape.

That Albany's blind pigs are seeing things happen.

That a Woodrow Wilson club is yet to be organized.

That Mrs. Macomber saw a cougar at her home recently, but when the men got there it had vanished.

That you forgot to read the declaration of principles by either Taft, Wilson or Roosevelt.

That everyone hopes the city papers will now devote less space to politics.

## COMMISSIONERS' COURT.

Warehouse bond of J. K. Sears in sum of \$5000, with John McCum, V. B. Sears and A. E. Dennis as sureties, and bond of Oregon Milling & Warehouse Company, in sum of \$8000, with B. F. Baker, W. T. Hoffman and Elizabeth Hoffman as sureties, approved, and clerk diverted to issue licenses to said parties for term of one year from August 7.

Ordered that bills numbered 118 to 163 amounting to \$1960.31, be allowed on special road fund for district one.

## Shot in the Arm.

The other day while fishing up the LaCreole Ernest Earl, a 13-year-old lad residing at John Minty's on the Boise place, was shot through the fleshy part of the arm by some careless hunters out for bear with a 22-rifle.

## Leases the Lee Place.

A new barn is being erected on the Mary F. Lee place south of town, the house renovated and other improvements made. Forrest L. Guthrie has leased the place for two years and will move his family out there in about a month.

## Daughter Seriously Ill.

Mrs. Henry Robbins was called to Portland yesterday by the serious illness of her daughter, Mrs. Jessie Hill. Mrs. Hill contracted a cold, an abscess formed in her head, and she had just undergone an operation at St. Vincent's hospital.

## Baptist Church.

Sunday services: Sunday school 10 a. m., lesson, Troubled Sea and Troubled Soul. Morning worship at 11, theme "Election." Evening 8 p. m., subject, "Does it Matter?"

Communion Service at the close of the morning service at 12. The Young Peoples Meeting will be held with the other churches in the park at 6:45.

## NOTICE!

THIS is to notify the farmers of Polk County, that I, purchasing agent for the Albers Bros. Milling Company, of Portland, will pay cash, the top price, for oats, put on board the cars at your nearest railroad spur.

Phone me at Main 1; or Main 1644.

F. C. MEYER

Two Leagues.

Suffragettes Organize Both at Dallas and Falls City.

A Woman Suffrage Amendment league has been formed in Dallas to carry forward the movement to adopt Amendment No. 1 at the next election. There are no dues or obligations except to use one's influence and to do what work in behalf of the movement that the members can easily give.

The officers are:

President to be chosen.

Vice presidents, Mrs. George Gerlinger, Mrs. Chas. Gregory, Secretary, Mrs. Harriett B. Sibley.

Treasurer, Mrs. H. E. Smith. Advisory council, G. W. McBee, Mrs. C. Nelson, Rev. Edgar W. Miles, W. L. Tooze.

The league to date comprises forty of the most progressive people of Dallas, many of them being prominent business men.

We may expect this movement to go rapidly forward with such a splendid backing of the best people of the town and many more will doubtless enlist. Everywhere the very best and most intelligent people are carrying this reform forward. Everywhere are those who are intelligent and unincorrupt. In some localities they may be in the majority, but this is not to be considered as against the reform. Progress is never carried forward by the multitude, but is led by the few, those who are intelligent and who think and are courageous enough to stand by their convictions. Every individual must work out the freedom of his own soul. That which chains and hampers most is fear. The fear of what some one might think concerning one's attitude and convictions. To fear is to grovel in the dust. But Dallas people are not cowardly and fearful. They will carry this movement on to success. Dallas is not a dead town or a back number. It will take the lead in this matter, and shoulder the responsibility which naturally rests upon it as the county seat and metropolis.

At Falls City another league has been formed to co-operate with Dallas in this work. This league is composed of the best and most influential people and will be of great assistance to Dallas. The officers are:

President, Mrs. S. E. Seymour. Vice presidents, Mrs. Pearl Ellis, Mrs. Richard Paul.

Secretary, S. R. Skeels. Treasurer, Rev. F. M. Wachtle. Advisory council, Mrs. Sadie Singleton, L. B. Murray, A. E. Seymour, W. T. Grier, Chas. C. Lee.

Probate.

In re estate of John Albers, deceased; real property of estate ordered sold.

In re guardianship of Elberta Guy, a minor; inventory and appraisal filed and approved.

In re estate of H. H. Starr, deceased; bond filed and approved. A. E. Seymour, J. E. Beezley and M. L. Thompson made appraisers.

In re estate of A. P. McKee, deceased; bond filed and approved. John N. Butler, W. L. Pettyjohn and Joe Teabo made appraisers.

In re estate of Elmer A. Martin et al, minors; guardian authorized to sell real estate.

In re estate of W. H. Ireland, deceased; final account filed and Saturday, September 7th set for hearing.

Tom Notson will leave Sunday to take in a number of sights in the state of Washington.

Re-relates the bowels, promotes easy natural movements, cures constipation. Doan's Regulator. Ask your druggist for them. 15c a box.

Chamberlain's Cough Remedy Cures Colds, Croup and Whooping Cough.

Good Goods Make Good Friends
