Correspondents' Contest.
 Beginning August 1 the Itemizer began a four months correspondents' contest on the same lines as heretofore, except the prizes will be in cash, instead of other articles, that method seeming to suit best all concerned. The most regular and most newsy correspondents that time will receive \$10, the second \$5, the third \$2.50 and the next two \$1 each. The contest will close November 30 and be immediately followed by another of four months duration commencing on that date.

PEEDEE NO. 2.
 Willie Bush is taking advantage of the fine weather by putting in his week's supply of straw from Womers stacks.

W. S. Kreutz and G. A. Byers are doing the firing at the Lacy-Newton hop house.

Harry Lacey, who has been on the sick list since last February is somewhat improved and will take in Dallas this week.

Mr. Love is reshinging his store building.

The taffy pull at G. N. Newtons Friday evening was well attended by young and old. All reported a good time.

W. S. Keontz and Mr. Newton traded watches one day last week. We are unable to tell who got the best, as both claim they got best.

The two little Lacey girls pick from five to six boxes of hops daily.

Matt Fainquist, who has been taking in California the past year has returned and is doing the chores for Mr. Lacey and picking hops.

Hops are in fairly good condition and enough of the crop will be saved to make about fifteen hundred pounds per acre.

Almost daily we hear of new records being made. Here is one I would like to make mention of. Sam Kootz and Tony Nance picked a box of hops in 12 minutes.

The leap year dance given at the Peedee hall was well attended.

Ritch is building him a flying machine. He says he is not going high enough but that he can keep his feet on the ground and if the dog-gasted thing goes they he will not have far to drop.

Andrew Verler took first prize on Petite prunes at the state fair.

The old Cutler house has been torn down and they are building a new one. We understand that Jack Olson has taken into himself one dozen White Wyandotte chickens. Wonder what it all means.

Gertrude Walling and Jessie Harritt will leave the last of the week for Corvallis, where they will enter O. A. C. Carl Beckett, Irene Bradford and Bertha Olyver will attend the Salem high. Cleve Simpkins will go to Pacific University at Forest Grove. Geo. Winslow will enter Willamette law school, October 8th.

Our neighbor John Schindler was so unfortunate as to lose a valuable horse this week.

Wm. Belle's family, highly respected people of this vicinity, departed for Monmouth where their young people are attending the Normal school. Our loss is Monmouth's gain.

Wm. Calder has installed an acetylene light plant at his home.

Turfied Schindler was taken to Salem hospital Thursday for an operation.

Friends of Miss Bertha Olyver gave her a surprise party on the evening of September 10th, the occasion being her birthday. Ice cream and cake were served at a late hour. All had a pleasant time.

D. G. Henry, well-known in Brush College and a prominent man of Spring Valley, fell from a load of grain and broke his hip. Drs. Byrd and Smith were called and at last reports he was getting along fine.

MONMOUTH NO. 2.
 The Oregon normal school opened Monday morning with a large enrollment.

A delay of about two months will be required before city water will be used on account of the shortage of the supply.

Remarkable Success in the Treatment of Chronic Diseases.

OFFER THEIR SERVICES FREE OF CHARGE.

The Associated Specialists, licensed by the state of Oregon for the treatment of deformities and all nervous and chronic diseases of men, women and children, offer to all who call on this trip, consultation, examination, advice free, making no charge whatever, except the actual cost of medicine. All that is asked in return for these valuable services is that every person treated will state the result obtained to their friends and thus prove to the sick and afflicted in every city and locality, that at last treatments have been discovered that are reasonably sure and certain in their effect.

These doctors are considered by many former patients among America's leading stomach and nerve specialists and are experts in the treatment of chronic diseases and so great and wonderful have been their results that in many cases it is hard indeed to find the dividing line between skill and miracle.

Diseases of the stomach, intestines, liver, blood, skin, nerves, heart, spleen, kidneys, or bladder, rheumatism, sciatica, diabetes, bed-wetting, leg ulcers, weak lungs and those afflicted with long-standing, deep-seated chronic diseases, that have baffled the skill of the family physician, should not fail to call.

Baled Hay Most Profitable
 WHETHER you feed your hay or sell it, you profit most by baling it. Baled hay may be shipped where the price is highest. It takes up only one-fifth of the storage space required by loose hay. It retains its feeding value longer, and is easier to handle. These advantages more than offset the cost of baling, which is very small when done by an

International Hay Press
 Motor or Horse-Driven
 The International motor press is a combination of two machines in one, a hay press and a portable I H C engine for which you will find many other uses. The hay press works on the powerful toggle-joint principle, the power being applied through a pull, not a push. An adjustable bale tension assures bales of uniform weight. A roller tucks folds the loose ends of each charge well down into the bale, keeping it smooth and neat. The bale chamber is so low that bales can be tied by reaching over the machine.

The I H C pull-power press, made in one and two-horse sizes, is a similar press with a bed reach and horse power mechanism in place of the I H C engine. The reach is only four inches high, making it easy for the horses to step over. The horses are pulling no load when they cross the reach.

A self feeder is made for both the motor and horse-driven presses. Bale chambers are 14x18", 16x18" and 17x22" in size. See the I H C local dealer and have him show you all about I H C hay presses. Get catalogues and full information from him, or write us.
