 A week ago Mrs. Horsfall with her two children started to drive to her father's. On a narrow part of the road they were run into by a team driven by two drunken men. Had they been normal there was ample time for them after she came in sight to stop their horses where she could pass in safety. But "when wine or whiskey is in, wit is out." Fortunately, the children were unharmed, but Mrs. Horsfall carries a badly bruised face. It is a shame and disgrace to our boasted civilization that such accidents should be possible from such a cause. It has been said and reiterated many times that if women could vote, they would sweep the monster demon, rum, from off our fair land to the north of their opportunity. Let them see to it that it was not an idle boast. In the words of our honored president to the women of California, "See that you do your duty."

 There seems to be no fight here for the next few days, and there may be. There are several good democrats capable of filling the office.
 With the great development going on here and now, a part of which gives a benefit, the change of administration will not effect business or the prosperity of this part of the county. The Pacific coast is bound to go ahead, and Oregon, so long in the rear is going to get her full share of the development now going on. The Woman Makes the Home
 She makes it best who, looking after the culinary department, turns her back resolutely upon unhealthful, or even suspicious, food accessories. She is economical; she knows that true economy does not consist in the use of inferior meat, flour, or baking powder. She is an earnest advocate of home made, home baked food, and has proved the truth of the statements of the experts that the best cooking in the world today is done with Royal Baking Powder.

Constipation and Catarrh

S. B. HARTMAN, M. D.
 You are constipated. You have taken laxatives a great many years. You have tried to diet that diet that would keep your bowels regular. In this you have failed and were obliged to go back to your laxatives again. This, I say, has been going on many years. You also have a slight catarrh in the head and throat. You never imagined that the catarrh had anything to do with the constipation. Suppose I were to tell you that as long as you have that catarrh you will never get better. You would not believe me? Well, whether you would believe me or not it is the truth.
 For many years I have been wrestling with the problem of furnishing the public an internal cathartic remedy. Peruna has been the remedy that I have devised and it has certainly relieved many thousands of people, yes hundreds of thousands of people, of chronic catarrh.
 Constipation was my chief difficulty in treating these cases. I often felt that it would be better if a laxative element were added to Peruna. I feared to do so, however, first because of the number of catarrhal patients who prescribe to Peruna. I was afraid of making such a radical change in a remedy that was already doing so well. Thus it was that I continued to prescribe with the Peruna a bottle of Manalin to those who needed a laxative. At last, under circumstances explained in my booklet, I was constrained to add the laxative element to Peruna. This constitutes what is now known as the revised Peruna.
 Now those who take Peruna will find themselves promptly relieved of their constipation. Second, the catarrh will gradually disappear. And once the catarrh is cured the constipation leaves permanently. Then if you follow the advice given in my book, you will never have to take pills any more. Catarrhs and laxatives you can ignore. You will be permanently relieved of both your catarrh and the constipation. PERUNA IS FOR SALE AT ALL DRUG STORES.
SPECIAL NOTICE—Many persons are making inquiries for a free booklet. This booklet is now put out under the name of KATARRH, and manufactured by KATARRH COMPANY, Columbus, Ohio. Write them and they will be glad to send you a free booklet.

Five Generations in Grant Family.
 One of the historic families of Oregon, and in which the family tree to date has living branches of five generations, is that of Sarah J. Williams Grant and her subsequent offspring. Mrs. Grant the eldest in the group, is 86 years old and the youngest, Baby Lerone Edwards, her great great granddaughter, is but 11 months old. The descendants are Sarah J. Williams Grant, born in Morgan county, Kentucky, December 2, 1826, who moved to Missouri at the age of four, and marrying Richard Grant in 1849, crossed the plains to Oregon in 1852. Mr. Grant was for three years a member of the Oregon Legislature—1868 to 1870. During her life Mrs. Grant has killed 37 deer; second, Mary Bevens, daughter of Mrs. Grant, 55 years old, who crossed the plains with her parents when five years old. She has lived in the vicinity of Kings Valley most of the time; third, Gilbert J. Bevens, son of Mary Bevens, 46 years old; fourth, Jessie M. Edwards, daughter of Gilbert Bevens, aged 23, and fifth, her daughter, Lerone Edwards, just 11 months old.
