BIG CHAMPIONSHIP GAME.

Dallas To Play With Silverton at McMinnville March 29th.

Company G will play the Silverton Athletic Club at McMinnville Saturday night, March 29th, for the championship of the state. This was decided on by the Silverton and Dallas managers Tuesday night after Dallas had bargained over the wires enough to arrange basketball games. At first the Silverton manager would not play in McMinnville under any circumstances but when he found out that Dallas was not anxious enough to play them to play on any court, he decided that if he wanted to play at all he would have to play at Mac. Dallas guarantees Silverton \$250 to play there and to help make this money will take a special train from here that evening. The train will leave here in time to be at McMinnville in plenty of time for the game. The Dallas boys have commenced to practice again and will work hard every night so they will be able to play the best game of their lives.

MISS NAIDA SCOTT LEADS.

Miss Naida Scott	33,000
Miss Emma Wenzel	23,000
Mrs. Addie Harmon, Buena Vista	20,000
Miss Pearl Owens	19,000
Miss Loretta Shores, Monmouth	18,000
Miss Pearl Titus, Falls City	18,000
Miss Mabel Craven, Rickreall	5,000
Miss Lillian Lewis, Airlie	4,000
Miss Wanda Key, Perrydale	4,000
Miss Josephine Lebeck, Lodi	2,000
Miss Anna Mae Longnecker	2,000

At this, the first count of the contest, Miss Naida Scott, of Dallas, is leading by what appears to be a very comfortable margin. Miss Emma Wenzel, also of Dallas, is second with the race with 23,000 votes. The third in the contest is Mrs. Addie Harmon, of Buena Vista, who has a total of 20,000 votes, which places her with in easy striking distance of either second or third place. Miss Owens, of Dallas, Miss Loretta Shores, of Monmouth, and Miss Pearl Titus, of Falls City, are also very close up in the race and are liable to make a strong bid for position among the prize winners when another count in the contest is made.

It is noticeable that there is a difference of 5000 votes between second and sixth place in the contest and a few subscriptions one way or another may make a big difference when the next count is made.

That the spring influx of immigrants is beginning to arrive in Portland, and Dallas should arrange to get their proportion of the strangers.

That Fern Hobbs, the governor's new private secretary, is an example of what a woman can become if she attends to business and lets frivolities alone.

HIGH SCHOOL NOTES.

Tuesday night the Philologia and Adelphean societies held a joint meeting and held a mock trial. Joe Helgerson was the plaintiff and had Marie Griffin and Lucile Hamilton tried for refusal to pay an honest debt, which they owed him as a result of a bet which he claims he made with them. L. D. Brown acted as judge. The attorneys had their witnesses testify and fought the case with all their skill. The jury decided in favor of the girls. The students and visitors enjoyed the trial very much.

Wednesday morning an entertainment was given by the Juniors with program as follows: Vocal solo—Louise Miles. Piano duet—Zula Heistand and Pauline Coad.

Selection—High School orchestra. Vocal solo—Elva Lucas.

THE OTHER SIDE.

Concord School District, Polk County, Editor Itemizer:—Your issue of March 6th contained an account of a trial before County Superintendent H. C. Seymour as judge and jury, of the board of directors of the district relative to the resignation of Miss Shewey as teacher here. Your correspondent represents that "she was compelled to resign," which is a mistake. The board met at the school house for her convenience. She was not asked to appear at the meeting, where the chairman presented a request for her resignation, stating the reason for such request and signed by the board and all the patrons of the district. She declined to resign by this request, but said that if we would present one signed by just the board she would resign, which we did, and she wrote out and handed to us her resignation and afterward demanded the first request which she had declined, and which we gave her, and it, instead of the one she requested, appeared in the court to which we were summoned. Miss Shewey was reinstated by Mr. Seymour, and we gave her the keys and register and hired her a janitor. She comes to our schoolhouse daily, where she is greeted by empty desks, our children being all transferred to other schools where they will stay. She will receive her pay as she puts in her time, but, if, as your correspondent hints, she brings a damage suit against "certain members of the board and patrons of the school," we'll promise that it will be no one man court the next time, and we'll also promise interesting developments for all concerned. I've written the above to show the public the other side.

Stingley Bros. think they have the record hatch of spring chicks for this year or for any other year for that matter. Recently they filled a McClannahan incubator with 150 White Leghorn eggs, and when hatching time came 137 little downy chicks

came to life. The hatch incurred no special attention, the eggs were from pullets, generally deemed the most infertile, and only thirteen failed to bring results. If any chicken fancier has a better record than this, we would like to know of it.
