DALLAS, OREGON APRIL 17, 1913

NO. 15

Airline Opens Season.
In the first baseball game of the season here Airline defeated Buena Vista Sunday, April 13, by a score of 17 to 5. Buena Vista led 2 to 1 until about the seventh inning when they seemed to go to pieces and Airline scored fast after that. The playing of Prather, of Buena Vista, featured the game. Wienert pitched a nice game for Airline allowing but six hits. Buena made many errors. E. Williams and D. Alcorn each made two hits for Airline. The Polk County H. S. League opens here Saturday, April 19 between Buena Vista and Airline high schools. Airline will present a strong lineup in the first game of the H. S. season. Following is the lineup of last Sunday's game:

Airline	B. V.
J. Wienert	p
W. Wienert	ss
Conn	sb
V. Williams	fb
C. Neudel	cf
V. Alcorn	3b
H. Neudel	c
D. Alcorn	lf
E. Williams	rf

Struck out by Wienert, 6; by 4; 3-base hit, V. Williams, J. Wienert; 2-base hits, E. Williams, Conn, Umpire, French.

Record for Marriages.
Not long ago an Oregon City justice came out with what he termed a record in the uniting of young couples, but our justice can beat him a way yonder. Hardy Holman has served as justice in this precinct altogether and nearly consecutively for 14 years. During that time he has united in the bonds of holy wedlock, and made happy or vice versa, for life 110 couples, which beats the Oregon City justice by about a score, according to the length of service. Old Polk always comes out ahead on such propositions, and if you hear of a record, just bring it here if you want it beaten.

Woman Vote in Dallas.
According to the tally sheets of the recent election there were a total of 256 women who voted, there being 107 in the first ward, 85 in the second, and 64 in the third. Mrs. Conrad Staffin was the first woman to vote in the first ward, Mrs. M. F. Manston in the second and Mrs. D. M. Metzger in the third. Nearly all the ladies who guessed on the vote in the Itemizer's ballot box were entirely too high, one guessing 800. Mrs. Willis Simonton's guess was 225, being within 33 of the right number, and Mrs. M. D. Ellis guessed 297, being within 11 of it. Mrs. Simonton, therefore, has \$2 coming from our business manager, and Mrs. Ellis \$1. The tabs taken at the wards were quite different on the totals, running from 250 to 312.

Osteopaths Win in Kansas and Montana.
The Osteopathic separate board bill in Kansas passed the senate by a vote of 27 to 5, and the house by 79 to 30, and was signed by the governor March 17. March 6th a bill was passed by the Montana legislature to compel hospitals that are exempt from taxation to admit and care for patients of all regular licensed physicians.

This settles the controversy concerning the barring of legally licensed osteopathic physicians from the Great Falls Deaconess hospital. Since osteopaths are meeting as high educational standards as other physicians, and since they take practically the same state board examination, the public generally and the legislators are seeing to it, that they be granted equal recognition.—From the Osteopathic Physician.

Cooking bags of the Dallas Meat Co.—Latest thing out in cooking of all kinds of meat, 25 cents for 30 bags.

Lighting at Normal.
Asserting that the rates charged for electric current supplied to the state normal school at Mouth are too high, President J. H. Ackerman of that institution has filed a formal complaint with the railroad commission under the public utility act, asking for an investigation and readjustment of the rates. The new dormitory for girls at the normal school, containing about 70 rooms, will greatly enlarge the quantity of "juice" required to light the way of the students at the school, and Pres. Ackerman thinks a substantial reduction should be made from the prices now charged. The Oregon Power company which supplies the current for lighting, charges 15 cents for the first 30 kilowatt hours, 10 cents for the next 30, and 7 cents above 90 kilowatt hours. The Ackerman complaint is very brief, merely declaring that the present rates are unreasonable. The company will be called upon to answer, after which the case may be set down for hearing.

Hall-Holman Wedding.

Friends of the contracting parties were agreeably surprised Tuesday morning to read on the Itemizer bulletin board of the marriage of Amos Holman, of Dallas, and Mrs. Fannie Hall, of Buena Vista. The wedding took place in this city at the home of J. D. Bevens, and was witnessed only by a few relatives. The ceremony was performed by Rev. C. O. Heath, pastor of the Methodist church at Buena Vista, with T. B. Bevens and Judge Hardy Holman as official witnesses. The bride and groom were sweethearts in the long ago, yet took different mates until death called them hence. The bride is a sister of the Bevens boys and the groom our well known horseman. Their plans for the future are as yet unsettled, but they will probably make their home in Dallas. We wish them all the happiness coming on such an auspicious event.

Accident at Foundry.
Friday afternoon at the Dallas Iron works a heavy piece of machinery was to be raised, and a rope was attached for the purpose to a 2x4 scantling nailed to the ceiling with ten large nails. When the power was applied, the scantling came down with a rush, striking J. W. Strain on the head, and one arm, which he had raised to protect himself. He was knocked unconscious, and for a time it was feared that his skull was fractured, but Saturday morning found him feeling alright, with the exception of a sore head and bruised forearm. Mr. Strain is a moulder from Portland, and has been in the employ of the iron works for some time, and is a capable and efficient workman. There is no culpability attachable to him, and 7 cents above 90 kilowatt hours. The Ackerman complaint is very brief, merely declaring that the present rates are unreasonable. The company will be called upon to answer, after which the case may be set down for hearing.

Airline H. S. Training for Track.

The Airline high school is busy training for the track and field meet to be held in Dallas May 17. The men are training with the shot and hammer and work in the dashes and distance runs will start actively as soon as the weather clears and the field becomes dry. Airline has one of the best baseball and track fields in the county when it is put in condition. It is being worked in good shape now. The hurdles are being made also the jumping and vaulting standards and all necessary. It is believed that with practice the high school will develop some good men in the field events and also in the sprints quarter and high hurdles. The high school baseball team will have many of last years team including J. Wienert, pitcher; W. Wienert, catcher; V. Williams, first base; Neudel, shortstop or second base; V. Alcorn, third base; K. Williams and D. Alcorn, out-field. Several new men have turned out and are showing up well.

Attend Albany Hotel Opening.

Among the people from other parts of the state who were in Albany last evening attending the hotel opening, were Mr. and Mrs. Henry Serr, prominent residents of Dallas. Mr. Serr traveled for many years through the Willamette valley, selling candies for the Aldon Candy company of Portland, and now has one of the most comfortable hotels in the valley. He reports business conditions good in Dallas and says that the town is growing rapidly. Both he and Mrs. Serr state that they had a most enjoyable visit here last evening.—Albany Herald.

If They Keep up That Lick.

During the campaign for woman suffrage last year, the editor of the Polk County Itemizer stated that he had investigated the matter thoroughly and that only a few women in Dallas wanted the right to vote. At the city election there this week 292 women voted, and the democratic ticket was elected, as the Itemizer man wished. Woman suffrage is all right now, isn't it, Brother Fiske?—Carlton Sentinel

The greatest collection of wild animals ever assembled together at one time will be seen in Dallas Tuesday, April 22, when the A. G. Barnes Big Three Ring Wild Animal Circus exhibits here. Two performances will be given at 2 and 9 p. m. on the day of the exhibition. In order to view the mighty menageries the doors will be opened one hour preceding the show.

You and your children are safe if you wear Dr. Lowe's superior glasses—eye safe and price safe. Practice Economy and Cut Down the Cost of Living by Selecting Boys' XTRAGOOD Clothes

BOYS' XTRAGOOD GUARANTEED CLOTHES

THE mother who attempts to fight the increased cost of living and practice economy by getting cheap grades of boys' clothes, is making a great mistake. That isn't economy at all; it's extravagance. There is nothing you have to buy that will prove so expensive in the end as cheap and inferior clothing. On the other hand, there is no better way to practice true economy than to pay a fair price and get reliable, durable, guaranteed XTRAGOOD clothes for your boy.

Blue Serge Suits
For hard everyday wear, you'll find these XTRAGOOD blue serge suits the best clothes investment you ever made. Good quality, fast color fabrics in a great variety of smart Norfolk styles, the most popular of all for Spring, at **\$5 to \$7.50**

Stylish Norfolks for Boys
Better think twice before getting your boy anything but a Norfolk this season. Confine your buying to XTRAGOOD clothes and you needn't worry about the style being right—nor the fit, fabrics and tailoring either. Your choice from a number of styles in a great variety of materials and patterns at **\$5 to \$10**

Ladies, You Are Missing Something

THE women of Dallas and vicinity—some of them—are missing a good thing, and the Itemizer is here giving them a pointer not to do so any longer. There was never in Dallas a finer display of carpets and rugs than the Sterling Furniture Company now have on exhibition in their large show windows. It is a showing of everything that is best in that line—handsome, varied, the latest weaves, and pleasant home makers. Go and see for yourself.

Spring is here, and you can take that youngster out for a stroll. We have the vehicle to do it with—nobby and cheap.

To get a good night's sleep, you must make the baby comfortable first of all. Nothing beats our **SANITARY CRIB** for that purpose, and everything is so convenient about it should emergency arise. You cannot afford to be without one at the price.

Belcher Says Road Coming
F. J. Cobb, of Chicago and F. S. Belcher of Portland, incorporators of the Siletz & Western railroad to be built this season from Independence to Newport by way of the Siletz basin, were in the city yesterday on their way to Independence. The gentlemen are in Independence with a view to beginning work on the road within a short time, and also to complete plans for the sawmill to be erected by the Falls City Lumber company, of which Mr. Belcher is president. It is understood that the Hill system is financing the new project, and that the new road will eventually be built to Salem, crossing the bridge on the new bridge recently finished by the F. E. & E. road—Statesman.

Dr. Lowe's glasses for the masses and classes. Consult Herr Louis Roth for several weeks.

Herr Louis Roth, one of the most daring trainers in the world, who works a group of 20 African forest bred lions in the A. G. Barnes Big Three Ring Wild Animal Circus, nearly lost his life at one time because he had not insisted on an animal promptly obeying him. Herr Roth prefers only to train the most savage and treacherous beasts, but in this case he had concluded that the animal was not feeling well, and it is a strict rule that no animal who is the least sick is allowed to perform or be trained. For this reason the animal was led off, but the next time he absolutely refused to do what was wanted of him, and the fact of trying to make him do brought about an attack. As it was Herr Roth got off with a badly torn hand and arm, and was ill for several weeks.
