Big Time at Church.

Tuesday night the Christian Endeavor societies of the United Evangelical, the Christian, and the Presbyterian churches held a big union social social at the Presbyterian church. This was the first social of its kind to be held in Dallas but will not probably be the last one, as every one had a great time and will boost for others of the same kind. The plans for this sort of a social was made by the presidents of the various societies, and committees were appointed. The entertainment committee had a very large crowd to arrange for but did the job in good style. The entertainment committee worked hard to supply the big crowd and succeeded to no small degree. This is a very favorable way of having good times and the different societies will try to have them regular from now on.

HIGH SCHOOL NOTES.

Tuesday night the Philologia literary society held their regular meeting early as the most of them took in the social at the Presbyterian church.

Wednesday morning the freshmen class give the following program: Instrumental solo, Florence Luebke; talk by Rev. Curtis, and a reading by Sarah Taves. After the assembly was over the boys of the high school were called to a meeting by Mr. Fork for the purpose of discussing the plans for the track meet to be held May 17 at Dallas.

The boys were not very enthusiastic over it but were soon made to see the need of a Dallas team of taking it up in earnest as the business men of Dallas being the cause of the county seat getting the meet to be held here.

The base-ball team will go to McMinnville Friday afternoon and will play Salem Saturday at Dallas. The game will start at 2:30 sharp this time.

Silver Medal Contest.

A matrons silver medal contest will be held in the M. E. church next Monday evening, May 12th. Mrs. I. G. Singleton will present the medal. There will be an admission of 10 cents. Children under ten years free.

Come and let six worthy matrons of our town demonstrate how they do things along oratorical lines. To be in Falls City.

The Polk Co. Itemizer says this town it paying \$1.70 for its pavement this year per square yard. The Itemizer is mistaken. McMinnville paid that figure last year, and if she paves this year will pay only \$1.52, the price having been reduced by a competing company (the Clark-Henry) bidding virtually 12 cents lower, though the city council let the bid to the other company at the higher price. Dallas should go ahead with her, paying at the fine figure of \$1.44 given her by the Clark-Henry Co.—McMinnville T-R.

We received our information from a Rickreall resident who is this year paying for hard surface.

ELECTRICAL OPERATION

for
RECTAL GROWTH
Performed in Dallas by
DR. TOEL
This Week

Mr. Miles Davis, a former resident of Dallas, now living at Summit, Benton county, 36 miles from Dallas, brought his wife last week to Dallas to be examined by Dr. Toel.

Mrs. Davis had for many years been suffering from piles and fistula and uterine disease, causing nervous trouble along her spine. She was operated upon nine months ago, with the knife and as Dr. Toel found when examining her, the operation had been very skillfully performed. But about three months ago she began to lose blood from the rectum and to have pains in her spine. Dr. Toel found a small hard growth. He performed an electrical operation on Sunday destroying this growth and there has been no loss of blood since. Mrs. Davis will stay in Dallas for a couple of weeks to be treated electrically for her nervous spinal trouble.

LOWER SALT CREEK.

L. H. Conner was a Dallas and McMinnville caller the first of the week.

Will Muller commenced training hops last Friday.

Walter Muller is now working at a hop yard near Independence.

F. B. Hastings, who was laid up for having a harrow tooth run through his foot, is able to be at work again.

Wm. Thieses have visitors from Salem this week.

John Foster returned from Washington Tuesday.

Mr. and Mrs. J. A. Baxter, of Perrydale, were visiting their daughter, Mrs. George Woods Sunday.

Mr. and Mrs. Ralph Savary celebrated their tenth wedding anniversary Sunday afternoon. About fifty were present. Ice cream and cake were served.

Ed Cochrane and gang have been making a wagon road up the LaCreole, and now have it completed 18 miles to Riley's Cabin. This cabin is near the summit, 2300 feet high, and the purpose of the road is so that supplies to fight forest fires may be taken in.

Perrydale W. C. T. U.

Perrydale W. C. T. U. is doing good work. On Friday afternoon the members gathered at the home of Mrs. Conner to welcome and entertain Mrs. Silbaugh, one of the national lecturers. Six new members were gained that afternoon, and after a splendid lecture on law making that evening six more members signed the pledge. The W. C. T. U. does not stand alone against the liquor question but it also pleads for better homes, better laws and better boys and girls. The little white ribbon stands for good, pure, clean things, whether it is education, reading matter, or sports, and should be recognized and honored by every law-abiding citizen in our state. Perrydale has put her shoulder to the wheel as never before and we hope for much good to be accomplished by this little union.

Studebaker

"Yes Sir! Studebaker wagons are made to back up a reputation."

"I know, because wagons of every make come into my shop for repair, and I have a chance to see how few are Studebakers."

That's the opinion of thousands of blacksmiths who know the quality of Studebaker wagons.

The owners never regretted that they bought Studebakers.

Tested materials, accurate workmanship insure a wagon unequalled for durability, and this careful selection of wood, iron, steel, paint and varnish has been a fixed rule with the Studebaker Company for sixty years. That is why a Studebaker wagon runs easiest and lasts longest. It is built on honor.

Whether you live in town or country, there is a Studebaker vehicle to fill your requirements for business or pleasure—and harness of every description made as carefully as are Studebaker vehicles.
