COUNCIL MEETING.

Reports Received for Sewage Disposal and City Incinerator.

The city council was called to order last Monday evening by Mayor Van Orsdall, with all the officers and members present, except Councilman Fenton. The Himes Engineering Company reported that they had run levels as ordered for the disposal of the city sewage, and that it was feasible to drain the whole city to a point on the creek below Abel Uglow's. They recommended the purchase of about five acres there to accommodate city stables, and incinerator and a septic tank of sufficient size to take care of a city of 3000 people. The report evoked considerable discussion, but no action was taken, other than to order the committee to go ahead with its work as outlined, providing as far as possible for all contingencies.

L. M. HUMPHREY DEAD.

Another Pioneer of Northwest Passes Away at Moscow.

Death claimed another pioneer of the Northwest Tuesday at the Inland Empire hospital in Moscow, when L. M. Humphrey, who had been in declining health for the past year, passed away after an illness of six weeks. His family was at his bedside when the end came. Mr. Humphrey was well known in Moscow, having been engaged in farming near Moscow since 1907, coming here from Dallas, Oregon, where he had lived a number of years. He was a native of Colorado and was 50 years of age. He is survived by a widow and three sons.—Oregonian.

Lon Humphrey was a brother of the two brothers who met their death at the penitentiary last spring and was the last of the family, the mother having been buried here a few months previously. Lon had lived here for some 20 years and was a respected citizen. He was a member of the Dallas Woodmen camp.

ALMOST TWINS

Young Martin Quick, Prize Winner, and Miss Sibley, Presented to Public

Dan, O. Quick, son of Mr. and Mrs. J. W. Quick, of Ballston, and Catherine Sibley, daughter of Mr. and Mrs. J. R. Sibley, of Dallas, are almost twins, both being born October 8, 1911. Master Dan O. was born on the old Stouffer homestead, near Ballston, where his grandfather, Dan, P. Stouffer, and his mother, Lina Stouffer Quick, were both born. For the past year he has been living with his grandparents, Mr. and Mrs. Dan P. Stouffer, at Dallas. He received the second prize, a handsome silver cup, for country boys between 1 and 2 years of age, at

the recent Oregon State Eugenics contest, with a score of 985 points.

Miss Catharine was born in Dallas, where her father is a prominent attorney, and is a granddaughter of Mrs. Alice Dampey, and a relative of the long-lived Embree family. She did not enter the State Eugenics contest, but had she done so she would, no doubt, have received a good score, as she is a fine specimen of babyhood and received the first prize as the prettiest baby girl at the Polk county school fair one year ago.

ONE ON BRO. TOTTON.

He Had Just Left the Pulpit to Ascend the Tripod.

In the Woodburn Independent's write-up of the state editorial meet its editor gives Bro. Totten a previous calling that he is not entitled to, but which he will wager he could fill with honor should need arise. "The two Dallas editors sat beside each other at one session of the association, calling attention to the harmony that existed between brothers of the quill who so often do not speak as they pass by. One was short and thin, the other big and fat. And the fat man had been a long time in the harness, while the lean one left the pulpit to ascend the tripod only a few weeks ago. As to what had become of the small man's predecessors, we could only guess when we viewed the ample proportions of his competitor's waistcoat."

TWENTY-SIX YEARS AGO.
