## D. D. D. In Hospitals; Standard Skin Cure

How many hospital patients, suffering the frightful itch, the raw scorching pain of skin disease, have been soothed to sleep by a soothing fluid washed in by the nurse's hands?

That fluid is the famous D. D. D. prescription for eczema.

prescription for eczema.

TRE SUJEZVISING NUZSE of one of our prominent Catholic institutions (name of nurse and institute on application). Writes remarding a patient. "The disease had eaten her cycbrows away Her nose and lips had become disfigured. Since the use of D, D. D. her eyebrows are growing, her nose and face have assumed their natural expression." DR. GEO. T. BICHARDSON frankly

writes "D. D. D. is superior to anything I have ever found. Soft and soothing, yet a powerful agent."

To do the work, D. D. D. Prescription must be applied according to directions given in the pamphlet around every bottle. Follow these directions—and see!

And it certainly takes away the itch at once—the moment the liquid is ap-plied. The skin is soothed—calmed— so thoroughly refreshed—delightfully cooled.
