This insures a genuine adoration; for the Master declared that the Father seeketh only such as Paul quotes this text, and adds that it includes things in Heaven as well as work which Jesus, as the Father's Representative, will yet accomplish

Sufferings First and Glory Afterward The Pastor then reminded his audience that comparatively few knees bow and tongues yet confess on earth, although Jesus has been highly exalted in Heaven. He declared that it seems necessary for God's people to realize that much confusion and error exist. and to feel heartily ashamed of our un reasonable conclusions—human creeds.

The central teaching of the Bible is that Jesus' death was necessary as man's Redemption-price. This is cleariy set forth by the Apostles, as well as by the types of the Law.

The worldly-wise scoff at the thought that the shedding of blood is necessary to man's forgiveness and the rolling away of the curse. Are You One Of Those Who Habitually Catch Cold?

Investigation Shows That Certain Occupations and Professions Are Constantly Prolific Causes For Frequent Colds. What Can Be Done About It?

We read a lot of medical literature that only entertains, but does not instruct. In this strenuous period, when life is put to such a severe strain, we need light and facts how to prevent disease more than talk that entertains.

Do you know that the clerk and the shop girl, the merchant and the professional man, confined to sedentary work, are daily creating those conditions

BOW AT JESUS' NAME

Hental fatigue, worry, heavy strain, nervousness resulting from deak or store work are the easiest means for the development of colds. The average life of a clergyman is less than that of a farmer—cause, sedentary work.

Sedentary life, especially where it means the consumption of brain tissue, often leads to over-eating; there is no more common cause of colds than over-

When the digestive organs are weighed down with an excess of food liver and kidneys and other important vital organs are overworked, vit is lower and there is less resistance; slight exposure, which under ord conditions causes no harm, results in a bad cold. To relieve a cold, a good expectorant or cough remedy such as PERUMA should be conveniently at hand to be taken at the very first attack of the cold. But what can be done to stop the frequency of colds to such people

that are confined to sedentary work?

Start with a cold water towel bath, walk to your place of business, or devote an hour of each day to outdoor life, take a dose of PERUNA before each meal to tone up your system, eat moderately, retire early and sleep in a room

Mr. L. A. Richardson, a substantial druggist from Marine, Illinois, commenting on the merits of proprietary medicines, writes as follows:

"I have been engaged in the retail drug business here for the past forty years. During this time I have seen many patent medicines come into use, flourish for one or two years and then gradually disappear. There are very few of these remedies that possess enough real merit to insure them long life. Peruna has always been a good seller with us, with a marked increase from year to year. The change in the formula some years ago, by the addition of the alightly laxative properties, has made it a reliable remedy for constipation and for colds. I take pleasure in urging my brother druggists to recommend it for these two ailments."
