It's today that I am livin',
Not a month ago;
Havin', losin', takin', givin',
As time wills it so.
Yesterday a cloud of sorrow
Fell across the way;
It may rain again tomorrow,
It may rain—but, say,
Ain't it fine today?

Newspaper men, as a rule, have but two things to sell—space and subscription—and it would be just as consistent to ask your grocer for a dozen oranges, just to fill up, as to ask the editor for a dozen lines in his newspaper, just to boost your business, with the idea you are doing a kindness in helping to fill space. Try to get a free dinner at the hotel "just to fill up."

Life is a trust, received from many who have gone before, to be guarded and bettered in one's turn, and passed along to many after. Many tragedies result from lack of sunshine and fresh air. Many tired hearts would be rested if sunshine and fresh air could be purchased.

The market basket is being seen more and more on the streets of Dallas, and it speaks well for the economy and thrift of the household. The woman who goes to the store and makes her purchases from inspection is invariably a careful buyer and she is bound to get the best of the selection. The market basket should be a permanent institution in every family and whenever it makes a journey to the grocery or meat market cash should accompany it.

The public is receiving more consideration from an investment viewpoint than has heretofore been accorded it. A study of the American people shows that they are not as saving a nation as some of the foreign countries. This has been attributed to the fact that people with limited incomes feel that any savings they might make in the way of buying securities would be so small that they would receive but scant consideration. Again, it may be explained by the fact that they are poorly informed as to the basis of proper investment and the country has been so overrun with what may be termed wild-cat or speculative securities that they have feared to trust their judgments in matters of this nature.

When a man invests money in your town, be loyal to him and help him to make something on his investment. No town ever succeeded by knocking the new men after you have been successful in the endeavor to get them to spend their money with them.

We noticed a number of Japs in town last week on their way to work in the logging camps at Black Rock. There is a race that you do not find in the I. W. W. ranks, nor of the marching armies. Every Jap you meet will always have money in his pocket, and a good suit of clothes to put on when necessary. The reason is obvious. They are after the jobs, no matter of what nature, just so it brings in the necessary U. S. coin, and they are not afraid to work to get it.

One who has been keeping tab on the conduct of boys writes as follows: "Every boy and young man in town is spotted and when vacancies occur in offices and other positions of responsibility they do not go to those who hang around public places and put in their time smoking cigarettes, aping the styles of dudes and mashers, but to the lads who have clean records of sobriety, industry and honesty, or to those who will do all in their power for their employers. A straight, clean, manly boy who never had to hunt a job is always wanted."

TWENTY-SIX YEARS AGO.
Taken from the Files of the
Itemizer of Saturday,
January 21, 1888.

The democratic state central committee met at the St. Charles hotel in Portland, and agreed to hold the state convention on April 3d.

O. C. Beck, the veteran Dixie blacksmith, was reported as seriously ill.

Dr. Mark Hayter established a branch dental office in Monmouth.

A daughter was born to the wife of L. B. Martin.

A telegraph office was established at Sheridan Junction with H. B. Parry as operator.

Hank Sterling was reported as rapidly convalescing under the treatment of Dr. Tommie Whatford.

A broken rail was discovered on the narrow gauge by Bert Lucas near Monmouth and a serious accident averted.

Seth and Pierce Riggs came to Dallas with an iron cutter, which was much admired.

Henry Ridgeway had a serious fire at his home on Mill creek.

Fred Lockley arrived from Kansas to make his home in Spring Valley.

Otis Smith took his wife to Portland for treatment for lung trouble.

W. E. Goodell purchased H. C. Fox's interest in the store at Dixie.

Dave Holmes and Will Brunk were teaching the young Indians at the Warm Spring agency.

IT IS WHISPERED

That some our ladies found their right skirts very convenient during the heavy wind last Saturday.

That one after the other the stores of Dallas are cutting out credit business and going onto a "cash only" basis, which, after all, is the best plan for both buyer and seller.

That the traveling nurse, sent out by the state board of health, has the correct title, judging from the speed with which she got over the various school districts of Polk county.

That, now that the mayor has put the ban on candy raffle cards, all other forms of games of chance, including card playing for the "treasures," will have to go, too.

That three dogs were seen running at large in one block one day this week, despite the ordinance that was to be so rigorously and impartially enforced.

That some Polk county news items appearing in the Portland dailies would be at least a week fresher if clipped directly from the Itemizer by their exchange editors.

That, although the steam heat is still out of the Itemizer building, Editor Fiske has probably succeeded in getting warmed up since going to Portland.

That the statement, of the condition of the local banks published this week augur well for the prosperity of this community.

That safety deposit box departments in the local banks would be a convenience greatly appreciated by many of their patrons.

GOD'S OATH BINDS HIS GREAT COVENANT

The Glorious Promises Made
to Israel Still Future.

"I Have Sworn, Saith Jehovah, * * * That I Will Greatly Bless Thee, and I Will Exceedingly Multiply Thy Seed as the Stars of Heaven and as the Sand Which is Upon the Seashore * * * and in Becoming Thy Seed Shall All Nations of the Earth Bless Themselves."

Cincinnati, Ohio, Jan. 18.—Pastor Russell preached here twice today. We report his sermon based upon a preferred translation of Genesis 22:16-18.

The Pastor first gave a detailed account of the Abrahamic Covenant, which contains promises to Abraham and his posterity.

If it should seem strange that the Almighty should condescend to make oaths to His creatures respecting His gracious gifts, said the Pastor, let us remember that God knew that the Promise attested by the Oath would linger for thirty-nine hundred years without fulfillment. This Divine Oath-bound Covenant has been Israel's Gibraltar. It is the foundation of their nationality, upon which are built all the hopes that thus far have preserved them as a people—the natural heirs of that Covenant.

Jacob's Promises All Earthly. From Genesis to Malachi, declared the Pastor, nothing in Scripture implies a change of nature from human to spiritual. Nothing intimates that man will ever become an angel. The prophetic promises, on the contrary, tell of restitution to human perfection and to Eden restored—world-wide.

The Pastor then showed that the Jubilee system of the Law of Moses typified Restitution. In the fiftieth year every slave was liberated, and every piece of property reverted to its original owners. God thus pictured man's return to harmony with Himself—man's liberation from the bondage of Sin and Death, his restoration to the image of his Creator, from which he fell through sin.

Then the Pastor briefly reminded his hearers of the wonderful word-pictures of Restitution drawn by Israel's Prophets. Had we the time, he said, it would afford great pleasure to discuss the prophecies respecting the future conditions of humanity, the fulfillment of which is just at the door.

The desert shall blossom as the rose; all blind eyes shall be opened and deaf ears unstopped; and the knowledge of the glory of God shall cover the earth.

The speaker also showed that according to the Scriptures the future prospects of Israel are wonderful. Messiah's Reign is the time for which Israel has so long waited and during which that people will have the Divine blessing and become the channel of blessing to all the people of earth.

A Heavenly King of Glory. The Pastor next discussed popular fallacies respecting Messiah. Some have imagined Messiah's Kingdom will be an earthly one and Messiah Himself a great man. But this is a mistake. The great King will be, not a man, but a spirit being, Jehovah's honored Agent, whose glory and honor will be far above that of angels.

In Daniel 7:13, 14, Messiah is pictured as coming in the clouds of heaven. To Him the Ancient of Days will give the dominion and government, and all peoples, nations and languages shall serve Him. But we are not to expect Messiah to come as a man and conquer the world with cannon and dreadnaughts. God has another method by which earthly powers shall melt before Messiah's glorious Kingdom.

Another description of Messiah's Heavenly Kingdom conquering the world is given in the 97th Psalm. Like David's and Solomon's of old, Messiah's Kingdom will be Jehovah's, but will be higher than theirs—the spiritual, the Heavenly Kingdom. This Psalm the Pastor then discussed, verse by verse. Destructive judgments as a fire will sweep unrighteous institutions from the world, whether these be backed by Jewish or Gentile capital or arms. God's lightning—His revelations—will enlighten the world. Society as at present organized, symbolically called the earth, will see it and tremble. The "mountains" (kingdoms) will melt like wax at His presence.

From the Heavenly ones will come the Message of God's righteousness and all mankind shall see the glory of the Divine character. All worshippers of idols of every sort shall be ashamed. Those worshipping mammon, stocks and bonds, houses, money, shall be ashamed of all riches for which they cannot account according to the Golden Rule.

The Divine predictions of Messiah's Kingdom indicate that it will have a glory and a power superhuman. In the light of which Solomon's glory will fade. It is for this Messianic Kingdom that God's people have long prayed. "Thy Kingdom come, Thy will be done on earth, as it is done in Heaven."

Methodist Boosters Organize. It was a jolly crowd that met in the Methodist church Friday evening. The ladies of the society served a splendid luncheon, and after some humorous speeches by Dr. McNichol, Rev. Wakefield and the pastor, Rev. G. H. Bennett, a booster club was organized with about thirty members to boost the town and the church, and to work out a program for a better Dallas and more efficient Methodism.

DISCUSS SEPTIC TANK.

City to Vote on Issuing Bonds at Next City Election.

To call a special bonding election at the time of the regular city election in April, is the plan now proposed by the Dallas city council for the purpose of constructing a septic tank system for the city.

The proposition of providing Dallas with a thoroughly modern and up-to-date system for the disposal of sewage has been under consideration for some time, or since the report last summer of Dr. Calvin White, of the state board of health. At the time of Mr. White's visit to Dallas, he made an investigation of sewer conditions here and advised the establishment of a septic tank. He estimated the cost of erection of the tank at approximately \$3,000. Following the appointment of Edward Himes as city surveyor, that official also made a careful investigation, but reported to the council that the tank would cost, when completed, including site, approximately \$10,000. Last week an expert from the engineering department of the state university visited Dallas and as the result of a careful investigation substantiated the estimate of Surveyor Himes.

Some time ago when the city of Silverton was inaugurating her sewer system the city authorities were warned by the state board of health not to dump the sewage into Silver creek. The city council paid no attention to the warning and the state board of health enjoined the city of Silverton and on December 24th the case was decided in favor of the state. This decision is important and it is far-reaching in its effects. It means that all towns and cities using creeks and rivers as dumping grounds for sewage will have to make some other arrangement. Every city and town in the state must eventually dispose of their sewage in a scientific way, such as by septic and filter process. No city government has a legal or moral right to dump its filth into public waters because a river runs past its doors.

National Constitutional Prohibition Amendment Day.

The Dallas Women's Christian Temperance Union met in the Library Club room, Thursday, January 15th, for the observance of National Constitutional Prohibition Amendment Day. A goodly number were present. A good program was rendered, and those who were not there missed a good treat.

The program was as follows: Song, "America," American Scripture reading, Eph. 6:10-18, Mrs. J. G. Van Orsdel.

Quert, Bring Them In, Naomi Phelps Marie Lanner.

Devotional, Miss Flora Mills Prayer, Rev. Bennet.

Address, Power of Prayer, Dr. Hute'son.

Solo, Miss Claudia Brown Scripture reading, John 14:14, Mr. Clark.

Joint Resolution by Congress, Richmond P. Hobson, Mrs. C. Bays.

Prayer, Rev. G. H. Mitchell Quert, The Old Fashioned Way, Naomi Phelps, Marie Lanner.

Scripture reading, Mark 11:2-9, Mrs. Frank Smith.

Testimony, Miss Milla Address, Individual Responsibility, Professor D. M. Metzger.

A season of short prayers for all. Song, "Come, O Come, O Come, Close with W. T. T. Benedict's.

THE MIND EXPANDS AS HEALTH RETURNS

Quick Improvement is Noticeable, When Proper Aid to Nutrition is Given.

A low state of the general health is now the accepted cause of backwardness in children. So in the case of a backward child it is best to look towards building up its health. It will usually be found that the main trouble is in the food, in lack of assimilation and digestion. Hence care should be taken in the kind of food given to the child. This, with plenty of air and exercise, should bring about a change for the better.

Watch the condition of the bowels, to note whether the waste is being passed off or not, or whether it is being passed too freely. If either condition prevails give a small dose of that gentlest of all laxative-tonics, Dr. Caldwell's Syrup Pepsin. Thousands of mothers will testify to the wonders it has wrought in the lives of their own children, and for that reason legion of families like those of Daisy McBroom, Hillsboro, Ind., are never without it in the house. She is the mother of Lucille and has been using Dr. Caldwell's Syrup Pepsin for Lucille since she was two. Mrs. McBroom says it saved Lucille's life. It is the standard family medicine in the McBroom home.

It is pleasant to the taste and so perfectly safe that it is given to infants, and yet is equally effective for grown people. All druggists sell it, and the price is only fifty cents and

LUCILLE McBROOM.

one dollar a bottle, the latter for families who need it regularly. Dr. Caldwell's Syrup Pepsin has no equal as a cure for constipation, indigestion, biliousness, headaches, sour stomach, gas on the stomach, liver trouble and kindred complaints. It has so many advantages that those who once use it forever after discard cathartics, salts, pills and other coarse remedies, for they are seldom advisable and should never be given to children.

Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.
