There is a popular opinion that glasses should not be worn as long as the eyes can possibly get along without them. There never was a greater mistake. The very first symptoms of defective eyesight, the first indication of fatigue, should be recognized as nature's call for help. To persist in forcing the eyes to perform work too great for their endurance is simply an abuse of the most precious sense we have. The greater percentage of cataract and other diseases of the eye are brought about by this habit, more than from any other cause combined. Many causes of headache, neuralgia, nervousness, irritability, insomnia, nervous prostration, and seeming stupidity, children are due to defective vision and are relieved at once by properly adjusted glasses. If you have the slightest suspicion that your eyes are not perfectly correct, let Drs. Lowe & Turner examine them for you. Their glasses are guaranteed to give entire satisfaction whether they cost \$2.00 or more. They will be in Dallas again, at Hotel Gail, Monday and Tuesday, Feb. 2d and 3d. Don't forget the dates. They do not go from house to house.

Installs New Linotype.
In the Forest Grove Press will never again be seen a turned letter or a high quad, and but seldom a wrong font. Instead, it will mystify its readers with such cryptic phrases as "ETAOIN," "shrdluhrdu," and "The convention at this point broke up in cnfwpy !**--??-7890\$. shrdluhrdu." Which is to say that the Press is now installing a linotype machine of its own.—Oregon Sideline in Portland Journal.

THIS NEW MEDICINE SAVES YOU MONEY

We are druggists right here in your town and make a living out of the drug business, but it is because people have to have drugs and not because we like to see people suffer—we don't. Our duty is to render the best service we can, and when someone is ailing, we are interested in seeing them take the best medicine there is for their particular trouble. We don't recommend "cure-alls," as we don't believe there are such things. We don't want you to spend more than you have to. Some of you get small wages, and when you're sick, none at all, and you should get the most you can for your money. We recently came across a new remedy for increasing strength and building up people who are run-down and emaciated. We know that a slight trouble sometimes grows into a serious one, and to stop it in the beginning, will save you money in the end. This new compound is called **REXALL OIL EMULSION**. It is the best remedy, when you are run-down, tired out, nervous—no matter what the cause. It doesn't merely stimulate you and make you feel good for a few hours, but takes hold of the weakness and builds you up to a healthy, normal condition. It is a real nerve-food tonic and builder of good blood, strong muscle, good digestion. It contains Hypophosphites, which tone the nerves, and pure Olive Oil, which nourishes the nerves, the blood and the entire system. Pleasant to take. Contains no alcohol or habit-forming drugs. We promise that if you are not perfectly satisfied with it, we'll give back your money as soon as you tell us. Sold only at the 7,000 Rexall Stores, and in this town only by us \$1.00.

Whether Attorney H. G. Strayer, recently appointed by the county court to fill the unexpired term as justice of the peace of the late J. H. Flower, of Falls City, will continue as official, will be a question to be determined by the county court at its next regular session in February. This photoplay is a drama in four parts, by Pasquall, of Turin, Italy. It covers 4,000 feet of film and is a reproduction of a very successful metropolitan \$2 show. So endeth one of the most interesting contests of its nature in the history of Polk county. For several months the contestants have occupied uncomfortable seats on the "uneasy bench" and small wagers as to the outcome were numerous. Others aspiring for the coveted position, all worthy men and good democrats, stuck to the race to the finish.

Since his appointment Mr. Fiske has been the recipient of scores of congratulatory letters and telegrams. He will take over the duties of his office as soon as his commission arrives and his bond is approved.
