Take Simmons Liver Regulator.

"As a matter of conceived duty to humanity I wish to bear my testimony to the unfailing virtues of Simmons Liver Regulator. If people could only know what a splendid medicine it is, there would be many a physician without a parient and many an interminable doctor's hill aswed. I consider it infallible in malarial infection. I had, for many years, been a perfect physical wreck from a combination of complaints, all the outgrowth of malarial my system, and, even under the skillful hands of Dr. J. P. Jones, of this city, I had despaired of ever being a well woman again, himmons Liver Regulator was recommended to see. I tried it; it helped me, and it is the only found that ever did me any good. I persevered in since and I am now in perfect health. I know your medicine cured me and I always keep it as a gliable 'stand by' in my family."—Man. Man.
