CITY ELECTION AT HAND.—During the past week, there has been considerable talk over the coming city election.

"Uncle" Jack Morrow, Geo. Henry, Frank Kellogg, T. J. Mallock, as well as the mayor of four terms, Hon. Robert Blackman, have been mentioned as good material for mayor. All have declined to run, we believe, but yet we must have some good man for that office, and one of the gentlemen named will be urged to make the race. However, there is plenty of good material in Heppner, yet these gentlemen seem to have declined re-election. Frank Gilliam, W. A. Johnston and Walter McAtee ought to make good candidates, but they don't seem to be any elaborating in this direction. G. W. Rea, A. A. Roberts and Jas. D. Hamilton are in the race for recorder. If it comes to a three-cornered fight for this office, it will be interesting.

For a lame back, a pain in the side or chest, or for a headache or ear-ache, prompt relief may be had by using Chamberlain's Pain Balm. It is sold for sale by Slocum-Johnston Drug Co.

The question has been asked, in what respect are St. Patrick's Pills better than any other? Try them. You will find effect, far more certain in their action, and that they not only purify but cleanse the whole system and regulate the liver and bowels. For sale at 25 cents per box by Slocum-Johnston Co.

NEEDS PROTECTION.—The bucket brigade of Heppner, with Editor Patterson on the tail end, has proved itself useful in the past for Heppner's fires, yet there will be a time when this volunteer service, with two three excited quill drivers thrown in, for that matter, will be at sea, as far as protection is concerned. As we all know, there is not the slightest organization of this nature in Heppner. A few hundred dollars, though we do seem to be pretty hard up for cash at present, will put in a chemical fire apparatus, worth probably all its cost at the first stout blaze. It will be some time before Heppner will have water works, and in the meantime there should be some protection.

Too Bad.—Since the change of time and train on the main line, Heppner gets the Oregonian when it is one day old, while before the change it came in the day of publication. Some one in Heppner should act as agent, and by having papers come through the express, as of old, the trouble would be obviated.

PAINFUL ACCIDENT.—A week ago last Monday, Felix Jr., a little son of Felix Johnson, of Butter creek was knocked down in play by a large dog, breaking his right collar bone near the middle. Dr. Greenberg attended the little fellow, and at last accounts was doing well.

A CHILD KILLED. Another child killed by the use of opiates given in the form of soothing syrup. Why mothers give their children such deadly poison is surprising when they can relieve the child of his peculiar troubles by using Dr. Acker's baby-soother. It contains no opium or morphine. Sold by Slocum-Johnston Drug Co., Heppner.

TRIED AND TRUE Is the positive verdict of the people who take Hood's Sarsaparilla. When used according to directions the good effects of this excellent medicine are soon felt in nerve strength restored, that tired feeling driven off, a good appetite created, headache and dyspepsia relieved, scrofula cured and the bad effects of impure blood overcome. For a good blood purifier, take Hood's Sarsaparilla.

NEWS FROM WASH.—T. A. Rhea, while in town Tuesday, informed us local man that he is in receipt of a letter from Jas. This little item will, no doubt, meet the eyes of many of our Morrow and Grant county readers who have stock in that section.

GOD'S BLESSING TO HUMANITY.—So says an Oregon pioneer ninety years old. FOREST GROVE, Or., March 19.—I have used the OREGON KIDNEY TEA and obtained immediate relief. It is God's blessing to humanity. I take pleasure in recommending it to the afflicted. I am now nearly ninety years old, came to Oregon in 1842 in the employ of the Hudson's Bay Company, and since I began using the OREGON KIDNEY TEA I enjoy good health.—DAVID MUNROK.

FROST NOT SO BAD AS DROUGHT.—In the Ranch, Dairy and Stock column, appears an article—an expression from a Colorado sheepman regarding the effects of frost on grass as feed for sheep. In Eastern Oregon the nutritive qualities of bunchgrass, or of what is often termed "sheep grass," a fine grass that grows up where bunchgrass is eaten out, depends largely on the summer and fall seasons. If these seasons are very dry, no matter how rank grass may have grown in the spring, the substance is taken out, and as feed, is valueless. Frost does not damage the green growth of the fall season but so much as drought.

"THE JERSEY LILLY." ANGLIERA COTTAGE, L. B., July 2. Gentlemen: Although it is very unusual for me to use any lotions or washes, still in answer to your request, I have tried Anson's Violet Cream and the former I consider especially efficacious in cases of roughness of the skin, and I have been using it every day for the last fortnight. I have found the Robertine an excellent preparation in cases of tan, sunburn, etc., caused by exposure to March winds and a July sun. Yours faithfully, LILLIE LANGTRY. To Messrs. Wisdom & Co.

The World Enriched. The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring time or, in fact, at any time and the better it is known the more popular it becomes.
