THE GAZETTE'S FARM. Notes Gathered By Those Who Are Progressive. APPLICABLE TO OUR SECTION And With a View of Benefiting the Stockman Farmer, Horticulturist, Dairyman, Etc. WORTH KNOWING.

One friend from Six Dollar say crops never looked better at this time of the year. If our farmers will feed their cheap wheat to hogs, they will find their finances in better condition. We will reiterate the statement that a farmer, to succeed, must buy nothing that he can raise, and have everything to sell that can be produced.

THE GREED OF GOLD. From a Hunchgrasser. Over one hundred and fourteen years ago, the American colonies, the then embry United States, declared all men free and equal with unalienable rights.

Read the New Tariff Law Yourself - Comparison. [CONTINUED FROM LAST WEEK] By run, \$1.50 per gallon; provided that it shall be lawful for the secretary of the treasury, in his discretion, to authorize the ascertainment of the proof of wines, cordials and other liquors, by distillation or otherwise, in cases where it is impracticable to ascertain such proof by the means prescribed by existing law or regulations (new provisions).

COTTON MANUFACTURES. Yarn, 10 to 48 cents a pound, valued under \$1; over \$1 a pound, 50 per cent., 13 to 25 cents. The duty on cloth is laid on a basis of 2 cents a square yard, not exceeding 37 cents to the square inch, and ranges from that up to 15 cents a yard and 35 per cent., a reduction of 1/2 cent on the lower grades and an increase of 1/2 cent on higher.

During the war the cotton and sugar crop of the South was cut off, and was, necessarily, imported from other countries. The duty on sugar was 75 per cent. and the premium on gold about 185 per cent. In other words, it took \$25 in greenbacks to buy \$101 in gold.

THE FORFEITURE ACT. INSTRUCTIONS RECEIVED BY THE LAND OFFICERS. Information in Full for the Public

The Rights of Settlers Fully Protected - Three Hundred and Twenty Acres to Each Claimant. The following is a copy of the instructions relating to the act for the forfeiture of the inchoate lands of the Northern Pacific Railroad company received by the United States land officers at The Dallas, Texas. There will be no necessity for a rush by claimants to make filings upon the lands, as the act fully protects the actual settler or possessor of the same.

THE DEPARTMENT OF THE INTERIOR. GENERAL LAND OFFICE. Washington, D. C., January 5, 1891. Registers and Receivers of United States Land Offices.

The first section provides for the forfeiture of all lands heretofore granted to any state or to any corporation to aid in the construction of a railroad opposite to and contiguous with the portion of any such railroad not now constructed and in operation, and declares the lands forfeited to be a part of the public domain, except, however, for the forfeiture the right of way and station grounds heretofore granted.

It is further provided by said section that any person who has not heretofore had the benefit of the homestead or pre-emption law, or who had failed from any cause to perfect the title to a tract of land heretofore entered by him under either of said laws, may make a second homestead entry under the provisions of this act.

The language of this clause of the section authorizing "a second homestead entry" refers only to those persons who have heretofore made a homestead entry, but failed from any cause to perfect the same.

In other words, the object of this clause is to allow any one qualified, who had not theretofore secured a piece of land under the homestead law, to obtain a tract of these forfeited lands under that law, and at the same time to take these lands out of the operation of the pre-emption law.

No pre-emption entry will, therefore be permitted for these lands, and application under the homestead laws will be required to make such that they have not theretofore secured a piece of land under the homestead law, and if an entry has been made under said law that was not for any reason perfected, the facts in relation thereto should be fully set forth.
