SENATOR Mitchell, of Oregon, isstrong ly in favor of the election of U.S. sea ators by a direct vote of the people.

IF Oregon, as a state, can only spen-20,000 to z50,000 towards securing a exhibit for the World's Far, the whol thing had better go "by the board." I is worse than nothing.

THE Ohio alliances have concluded that they can work their reforms more easily through the old parties, and that the prospect for the organization of an ent recy independent third party is not en couraging at the present.

The special joint committee on wago road appropriations, of which Senate Biackman is charman, has resonmende-the passage of bills of this class, aggr-gating \$97,000. The following approprintions are recommended for roads of our district: Moanment to John Day "Town," \$5,000; Grant county line 1; Catiow, Harney county, \$2,500 of th. \$5,000 asked for; Dayville to Haystack \$4,000 of the \$10,000 asked for. The seminar arms recommended with be d trious sums recommended will be al lowed, without doubt.

Oun Senator Blackman is proving him OPEN Senator bines main is proving our self to be a matter in the matter of se-curing needed legislation for his section. We hear him highly spoken of, and neither Grant, Harney nor Morrow will re-gret their combined choice. He is a important committees, among wheel might be mentioned that on appropri-ations. Blacktum is a hard worker, and ations. Blackman is a bard worker, and with the assistance of Dustin and Thom son, will bring out our district with what it deserves.
