spurious come of this date are in exem-lation on the northwest c ast. The coin-pass very readily notess examined care fully. They are of centring, and nearly full weight. They are very accurately executed, showing the masterband of an experienced minter. The milling on the edge is good, and the lettering is almost without error. Their baseness of most readily discovered by rubbing the coin be-tween the flagers. It is smooth of touch tween the fingers. It is smooth of touch being apparently greasy, as are most bogns silver coms

A LITTLE ACCIDENT - Dr. I. F. Ship ley met with a bittle accident while re-turning from a professional visit last Similay. As he was coming up the Heppiner Rhen creek road, this side of Crecket Kirk's, one of the singletnes become detacled from the doubletree and falling on the heels of the horse, caused it to spring torward, droporm the learners to the contract of the tongue to the ground. The team ran for a bnodged yards in this manner be-fore the tongue broke, and proceeded two hundred and fifty yards further before the destor could bring them to a ful-stop. Fortundely, no serious injury re-sulted to ether man or team.
