ARLINGTON NEWS.

Dr. B. F. Vaughan visited his little daughter at l'endleton last week.

WHAT IS

SCROFULA It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly lumps or swellings; which causes painful running sores on the arms, legs, or feet; which developes meers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of rimples, cancerous growills, or the many other manifesta-tions usually ascribed to "humors;" which, fastening upon the lungs, causes consumption and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How Can CURED

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula, be sure to try Hood's Sarsaparilla. "My daughter Mary was afflicted with scrof-glous sore neck from the time she was 22 menths old till she became six years of age. Lumps formed in her neck, and one of them after growing to the size of a rigeon's egg, became a running sore for over three years. We gave her Hood's Strangarilla, when the lump and all indications of scrotnia entirely disappeared, and now the seems to be a healthy child." J. S. CARLILE, Nauright, N. J. N. B. Be sure to get only

Hood's Sarsaparilla Sold by all druggists, \$1; six for \$5. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

Song by the choirs—"Tenting on the Old Camp Ground."

Mr. Wm. Ingram, an old solier, made an address in which be gave some interesting war reminiscences and incidents in camp life, etc., not forgetting a Lillipution tribe who always hunted up the coldier and stayed with him. They were known as the "Greybacks."

Next in order wes the soldiers' experimence meeting, and as Mr. Wills was Post Com., the president of the meeting thought it best for him to preside overthis portion of the meeting He presided. A storm, by his original, modern, scientific method, effects
