Now, GIVE ATTENTION To the purification of your blood, for at no season is the body so susceptible to the benefits to be derived from a good medicine, as in March, April and May, medicine, as in the people's favor.

HOOD'S SARSAPARILLA. It stands unequalled for purifying the blood, curing scrofulous, salt rheum, etc., regulating the kidneys and liver, repairing nervous tissues, strengthening and invigorating the progress of acute and chronic disease, and restoring the afflicted parts to their natural, healthy condition.

If you have never tried Hood's Sarsaparilla for your "spring medicine" then do so this season.

BACK AGAIN—"Uncle" Jack Brown is back from Salem, looking well again, which is pleasing to his friends. The Salem Statesman says of him in a recent issue: "A. J. Brown, of Heppner, was in Salem yesterday, and will be here visiting for several days. Mr. Brown is the father of George and Alvin Brown, (respectively, typ on the Statesman, and deputy U. S. Marshal at Multnomah Co.) and Mrs. Andrew Bray. For twenty-five years Mr. Brown was the leading blacksmith of Salem. He shaped the big girders in the state house, and did not work for the court house and the Arcade waiting till the "crack" Brown was in those days the "jack" horse-shoer of this wide section. He has not resided here for ten or a dozen years, and the place don't look natural to him, with its busy streets, and metropolitian with the brain being owned some of the best property on the main street—property that, thirty feet of it, has advanced \$1,500 in price in the past ninety days."

THAT FUNNY GUN—E. W. McAlpin was arrested Tuesday morning for discharging firearms in Tuttle's saloon. From Mr. Tuttle and others, we learn that he had Albert Matteson on his knees in his saloon when discovered, the personal element being a six-shooter. Mr. Tuttle rushed to the rescue and held McAlpin in such a position that he could not do any damage, though he pulled down the trigger twice, making two beautiful perforations in the floor. He was fined \$10 by Recorder Roberts, and not having the cash, was asked to leave town or go to jail. He chose the former.

Mike Kenny, Press Thompson and W. E. Elliott complain that "grubs" are working on their sheep. It is a new thing, working on the sheep's head, and when once attached the animal is unable to die, the insect not stopping operations until the brain is reached. Mr. Elliott has lost 100 head from this cause.

HOOD'S SARSAPARILLA. The importance of purifying the blood can not be overestimated, for without pure blood you cannot enjoy good health.

At this season nearly every one needs a good medicine to purify, vitiate, and enrich the blood, and we ask you to try Hood's Sarsaparilla. It strengthens and builds up the system, creates an appetite, and tones the digestion, while it eradicates disease. The preparation of the vegetable remedies used give to Hood's Sarsaparilla peculiarly curative powers. No other medicine has such a record of wonderful cures. If you have made up your mind to buy Hood's Sarsaparilla do not be induced to take any other instead. It is a Peculiar medicine, and is worthy your confidence. Hood's Sarsaparilla is sold by all druggists. Prepared by C. L. Hood & Co., Lowell, Mass.

The Road to Wealth

Cannot be successfully traveled without good health. To reach wealth or any coveted position in life requires the full possession and operation of all the faculties that nature has endowed us with. These conditions cannot exist unless the physical being is in perfect working order, and this is impossible when the liver and spleen are torpid, thus obstructing the secretions, causing indigestion and dyspepsia, with all of its accompanying horrors.

DR. HENLEY'S English Dandelion Tonic exerts a specific influence over the liver, exciting it to healthy action, resolves its chronic engorgement, and promotes the secretions; cures indigestion and dyspepsia; restores the appetite, tones up the entire system, and makes life worth living.

DR. HENLEY'S English Dandelion Tonic. Sold by all druggists.

BANKING.

EDITH GARRETT—"Dread note" does not mean payable in kind. The word demand was not on the bills issued. That was given them by the people; our treasury was empty, the U. S. government was in need of money, and congress ordered their issue, therefore the name of demand notes. You say the expiration clause had nothing to do with its depreciation. Let us see, now, if you are right. On each bill were those words "good for all debts, both public and private, except duties on imports and interest on the public debt." By that expiration the government forced the people to take her own money, which she refused to take herself. That was done on purpose by the Wall Street "Gold Bug," so that gold would depreciate. For illustration, suppose Vanderbilt would issue bills to the amount of one million dollars, on each bill these words, "Good enough for the people, but I will not receive them, don't you think they would depreciate?" Yes, J. P. HADLEY, Hardman, Or., March 21, '91.

ADJOURNED COURT—Word having been received that Judge Fee would convene court on Monday evening, Clerk Morrow called court on Monday morning at 9 o'clock, adjourning till evening. Judge Fee and Prosecuting Attorney Wilson both arrived on the evening train, and by 9 o'clock had disposed of considerable "default" business. Court was called again on Tuesday morning, much being accomplished before "train-time," adjourning till June 22. Judge Fee has the reputation of being a rustler, and verily, he deserves it.

The World Enriched.—The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring time or, in fact, at any time and the better it is known the more popular it becomes.

SHOOTING SCRAPE—Last week, Wm. Hogoboom, of Walls Walls, shot Henry Mater, a son of a wealthy farmer, in self-defense, inflicting a flesh wound which proved fatal, blood-poisoning ensuing. The coroner's jury exonerated Mr. Hogoboom.

ALL MEDICAL authorities agree that catarrh is no more nor less than an inflammation of the lining membrane of the nasal passages. Nasal catarrh and all catarrhal affections of the head are not diseases of the blood, and it is a serious mistake to treat them as such. No conscientious physician ever attempts to do so. It is held by eminent medical men that sooner or later a specific will be found for every disease, and that humanity suffers. The facts justify us in assuming that for catarrh at least a positive cure already exists in Ely's Cream Balm.

G. A. R. DOINGS.—On April 6, '91, the members of Rawlins Post, No. 31, will meet at Lexington to commemorate the 25th anniversary of the G. A. R. This day has been set apart for this purpose by Commander Wm. G. Vessey, of Decatur, Ill., and the clergy, press, school children the Women's Relief Corps, etc. Sons of Veterans and citizens generally are extended an invitation to be present. Hon. W. R. Ellis, and others of Heppner, will be present on this occasion, and his expected that the first named will address the gathering.

"One of my customers came in to-day and asked me for the best cold medicine I had. I gave him New Young, a medicinal drug of Newman Grove, Neb. "Of course I showed him Chamberlain's Cough Remedy and he did not ask to see any other. I have never yet sold a medicine so cold so quickly as that remedy does. I have sold four dozen of it within the last sixty days, and do not know of a single case where it failed to give the most perfect satisfaction. 50 cent bottles for sale by Slocum-Johnston Drug Co.

\$5 REWARD Will be paid for the return of a small black mare and mare colt. Mare branded R (Radio's brand) appears like a spear-head on left shoulder.—last seen in Clark's Canyon. 417-2.

Henry Heppner came up on Friday evening, remaining over till Monday.
