

CHICAGO had a \$100,000 fire last Sunday.

JONES, the scales man, who got rich on the expression, "Jones he pays the freight," is lieutenant governor of New York, and stands a good show to be Hill's successor. He is a "luster." says an exchange.

JOHN ROSE and George Edwards, the Frederickson murderers of South Bend, Wash., who had recently been granted a new trial and change of venue, were killed by a mob last Saturday morning. Mob law is again to be deplored, but from what the writer can learn, it is a wonder that the citizens of South Bend have put up with matter as long as they have.

HOMER McFARLAND says 200 yards of blasting on the Duylville road, costing perhaps \$1500, will increase the trade of Heppner \$200,000 a year. Why not do something, Heppnerites? If we had a board of trade, the funds for this purpose could be raised by tax on its members, each paying in proportion to taxable property, as assessed by Recorder Roberts. A few enterprising citizens cannot longer sustain the whole burden of such expenses.

If you don't advertise in your home paper, you are not in it. Neither is your town. Too many people who are engaged in business advertise only when everything is busy and pushing, and after that never are heard from till the next season arrives. It is wrong in principle. If advertising is good at one time it is also valuable at another. The burden and duller times the more the necessity for making special sales and informing the public of it. Keep your energy and never hibernate. To follow up the plan of business, a newspaper ought to close up shop during the winter months. It should also battle-wind away on press material forty years behind the times and never hire a printer because it takes money; "blacksmiths" would do you know. However, the least deserving people are apt to ask the most. This applies to communities as well.

STRANGERS are surprised to find a newspaper in Heppner printed on a steam cylinder press. It speaks well for any town of 750 to 1,000 inhabitants. There is not another town of its size in Oregon that can boast of such. The Gazette is happy in the assurance that most of our people appreciate the fact, and are not sleeping themselves. The paper, however, could have run along in the old rick and the capital required to buy this machinery kept in the pockets of the Gazette's capacious breeches. No legitimate newspaper is established on a charity basis, and now all that the Gazette can ask of the people is to do all they can for themselves, and the reward will come in time. A newspaper should be patronized on business principles, only, and not to "stand in" here or there, or for fear of being criticised, or any other thing except that direct as well as indirect benefits will be derived therefrom. When a community will help themselves, then a paper has faith and heart to "get in."

SINCE our legislature appropriated nothing for Oregon's exhibit at the World's Fair, the move to get together representatives of each county at Portland next June, to complete arrangements to raise funds for that purpose, is commendable. According to the estimate, Morrow county will be asked for \$300, a very small amount compared with the benefits to be derived should our people use any effort at all to have the county properly represented. The appointment of delegates to this meeting devolves on the judges of the various counties. While strongly in favor of the move, Judge Keithly has wisely interviewed many of our citizens on the subject, and one and all seem to be in favor of Morrow falling into the procession, and sending delegates to the June meeting at Portland. Though our representatives in the Oregon legislature failed to do their duty towards the state in this matter, the enterprise of our people will not allow the matter to rest, and Oregon will be nicely represented at Chicago in 1893.

OVER THE KNOLL.
From the News.
Chasey Gray received a knife wound in the hand while at work in the slaughter house, last Monday, skinning a beef, but no serious results are anticipated.

We are pleased to note the success attending the labor of the flooring mill committee. About \$2500 was raised as a bonus, and parties who have been corresponding with the committee have been written to.

Representative Herman has presented a numerous signed petition from people in Grant and Morrow counties, asking for direct mail communication between Hardman, in Morrow county, to Wagner, in Grant county.

The News is cheated out of another first class item because the gun failed to do its work. Gen. Joe McAllister was in town a few days ago, and after he returned home he imagined that someone had robbed him of his position money. He announced his determination of shooting himself, and neighbors tried to encourage him in that proposition. Joe did fire a gun in line cabin, and when his neighbors arrived on the scene they found him quietly packing up his traps to make a fire for supper. Of course they were disappointed, having had their run for nothing. Joe afterwards said that the loss of money was only imaginary.

From the Eagle.
Homer McFarland departed for Heppner last Saturday.

Alvah W. Patterson, brother to the Eagle man, accompanied by the daughter of the Gazette family, arrived at Heppner last Monday, fresh from Heppner land.

Major Ormsby, an Eastern sheep buyer arrived in the city last Friday morning, and began at once to circulate among our shepherds, meeting with fair success.

J. W. Keeney was arrested Wednesday evening for using obscene language in the presence of ladies. He was taken before Judge Everts, and on pleading guilty to the charge, was taxed an \$5.

Lewis Haddell, the Monument hotel man paid Long Creek a respected visit last Friday, returning to Monument again Saturday. He reports pleasant weather on the river, and spring grain sowing more forward than in this section.

Mr. W. C. Young says that he has traveled over the Sound and Eastern Wash., as well as much of Eastern Oregon, and that he is better pleased with Heppner than any little town he has seen on the trip so far. He says our people were satisfied with their town and have a prosperous air.

LONE ROCK ITEMS.
The glorious spring time is here, (strange) and the average denizen of these parts is especially happy. Fine grazing, excellent crop prospects, plenty of feed left from the mild winter of '90-1, and a most profitable increase of all kinds of stock.

Elisha Sperry, the lone monarch, purchased a fine four-year-old pair of our male and horse-raiser, W. C. Brown, last week. Judging from the class of men going into the mule business, one would suppose that it is more profitable than raising horses, but the mule is a success in every sense that would be.

Our community has been visited by a throat epidemic, resembling diphtheria, which has caused considerable alarm. It has proved fatal in several cases—all adults.

Wm. Dickey, one of our prosperous sheep-raisers, has retired from the business. He sold his home ranch to Nate Scott—consideration, \$1500.

The mild winter and ample feed has given to our sheep-raisers a most splendid crop of wool, one that will be desirable and command the top prices.

Our farmers are loud in their condemnation of the worthy and trustworthy supervisor over that portion of the Heppner road leading out from Rhea creek toward your city. Said road is in a deplorable condition, and owing to the small amount of work required, is a disgrace to the community.

The following advertisement, published by a prominent western patent medicine house would indicate that they regard disease as a punishment for sin: "Do you wish to know the quickest way to cure a severe cold? We will tell you. To cure a cold quickly, it must be treated before the cold has become settled in the system. This can always be done if you choose to, as nature in her kindness to man gives timely warning, and plainly tells you in nature's way, that as punishment for some indiscretion, you are to be afflicted with a cold unless you choose to ward it off by prompt action. The first symptoms of a cold, in most cases, is a dry, loud cough and sneezing. The cough is soon followed by a profuse watery expectoration and the sneezing by a profuse watery discharge from the nose. In severe cases, there is a thin, white coating on the tongue. What to do? It is only necessary to take Chamberlain's Cough Remedy in double doses every hour. That will greatly lessen the severity of the cold, and in most cases will effectually counteract it, and cure what would have been a severe cold within one or two days time. Try it and be convinced." 30 cent bottles for sale by Shum-Cum-Johnson Drug Co.

Hosiery! Hosiery!! First black and guaranteed not to color. One thousand pair for sale at ten to sixty cents per pair at 421-22.

C. S. VAN DUYN'S
THE REMARKABLE EXPERIENCE

OF W. F. HUBBARD, superintendent of the Cheakamus station of the U. S. Fish Commission, and how he was healed by Dr. Darrin, from the Oregonian.

CLACKAMAS, Or., Feb. 28, 1891.
Dr. Darrin—It gives me great pleasure to say that the home treatment you gave me two years ago was a perfect success. For years past I have been afflicted with both liver spots on different parts of my person. I visited you once and took the "home treatment." In a few weeks I was permanently cured, and have never seen any symptoms since. Refer to me.

W. F. HUBBARD.

HOW HE GAINED 17 POUNDS.
Editor Oregonian—For twelve years past I have been seriously afflicted with kidney and liver complaint, pain in the spine and breast, dizziness and generally out of sorts. With six months' electric and home treatment by Dr. Darrin I am cured of most of my troubles. Have gained seventeen pounds in the time.

THOMAS BYER.

MR. JOHNSON'S GREAT STRENGTH.
McMINNVILLE, Or., Feb. 25, 1891.
Dear Dr. Darrin—Your electric and home treatment for the past eight months has wrought almost a miracle on me. When I first came to you I was about crazy from the effects of nervous debility, spinal and kidney troubles. I was wholly unable to work. Now I am strong and hearty, and able to handle thirty tons' weight of lumber across the sawmill floor every day. It is a wonderful and radical cure. I thank you with all my heart. I will stand by you and recommend you first, last and all the time. My mother (Mrs. M. A. Johnson) who formerly lived in Salem, Or., now here, has never had a return of her deafness of twenty years' standing, cured by you two years ago.

Gratefully yours,
CHARLES L. JOHNSON.

DR. DARRIN'S SYSTEM OF TREATMENT. Electricity, the invention of the nineteenth century, is well worthy the patient years of investigation and experiment that have been given it by some of the ablest and most devoted votaries of science. Galvani, Volta, Humboldt, and others equally distinguished, spent years in studying the phenomena of this wonderful agent, and then our own Morse gave it physical solution in the invention of the telegraph. And now, as we have become familiar with the constant miracle of lightning bending obedient to the slightest touch of man, it was no wonder in the invention of Dr. Darrin, who by skillful mechanism directs this subtle force to the destruction of disease and the building up of waning vitality. Dr. Darrin treats all curable, chronic, acute and private diseases, blood taints, lost or failing manhood, nervous debility, effects of error or excesses in old or young, loss of memory, diseases caused by mercury in the improper treatment of private diseases.

Office, 3 1/2 Washington street, Portland, Or. Hours, 10 a. m. to 8 p. m., and daily. Examinations free and confidential. Question blanks and circulars sent gratis to any address; patients cured at home. 419-17.

I have added to my stock, table linen both white and turkey red; napkins of all descriptions and table cloths to match; towels, bed spreads, embroideries, white goods, a fine line of ladies' and misses' spring underwear, ladies' black satteen dress goods, &c. Call and inspect my line before purchasing. 21-22.

FOR SALE!
A fine ranch of 600 acres, well-watered and improved. Has 100 feet of trees on a cross bottom land, 75 acres of meadow grass, good timber on the place and all adjoining, seven miles west of Hardman, Morrow county, Or. It is well adapted for a stock or dairy ranch. This place is known as the Geo. Stearns' place. For particulars, enquire of BROWN & HAMILTON, 19-17 Real Estate Agts., Heppner, Or. 421-425.

I FEEL it my duty to say a few words in regard to Ely's Cream Balm and I do so entirely without solicitation. I have used it more or less half a year, and have found it to be most admirable. I have suffered from catarrh of the nose kind ever since I was a little boy, and I never hoped for cure, but Cream Balm seems to do even that. Many of my acquaintances have used it with excellent result.—Oscar Ostrun, 45 Warren Ave., Chicago, Ill.

I have been troubled many years with disease of the kidneys and have tried every remedy known to man, but without success. I was suffering from a very violent attack that almost prostrated me in such a manner that I was sent over to the OREGON KIDNEY TEA, to my hotel. I used it for a few days, and, using the tea, it had an almost miraculous effect, and to the astonishment of all the guests at the hotel, in a few days I am happy to state that I was a new man. I will recommend the tea to all afflicted as I have been.
