The play of Damon and Pythias will not take place in the near future, it being impossible to secure sufficient local talent at this time. However, Mr. Jack and Miss Firm will likely give an entertainment Saturday evening.

The excellent standing of the Portland Business College is not deteriorating under the superior management of Prof. A. P. Armstrong. Each succeeding term opens with an increased scholarship over previous terms, which speaks for itself.

Our reporter happened to drop into S. C. Smith's furniture store Tuesday and was shown in a beautiful frame, a crayon picture of the statuary, "The Widow's Cross." It is the work of Mrs. J. N. Brown, of this place, and should be highly valued, as it is a most excellent picture.

The World Enriched.

The facilities of the present day for the production of everything that will contribute to the material welfare and comfort of mankind are almost unlimited.

When Symp of Hiss was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring time or, in fact, at any time and the better it is known the more popular it becomes.

NOT UNDERSTOOD.

The Difference Between a Qualified and Unqualified Assertion.

In the issue of October 1st, reference was made to the attempt of O. Welch to rape the person of Anne Gilliam, though no names were mentioned at that time. In said article the following language was used:

"This paper is very reliably informed that an old man, a resident of this county and a supposed pillar of the church, if I may say so, is guilty of such a crime, and even an attempt to rape the person of a thirteen-year-old girl."

Some of our church people are somewhat disposed to consider this an unwarranted assertion. In what portion of the church, we are unable to understand. We are informed that Welch is not a church member, yet by his actions he would lead one to suppose that he is, and of such a devout (?) persuasion one would expect even more of him than one of worldly notions.

Anyone with an ordinary amount of penetration can readily see that the Gazette does not consider Welch a "pillar of the church," but rather a disgusting hypocrite who would fain make people believe he was such an important and godly individual. The church, and should not be held responsible for such a person, but the world will criticize the wrong doing of a pretender of godliness because more should be expected of him, and besides "people will talk."

Serious Danger.

Threatens every man, woman or child living in a region of country where fever and ague is prevalent, since the germs of malarial disease are inhaled from the air and are swallowed from the water of such a region. Medical safeguard is absolutely necessary to nullify this danger.

As a means of fortifying and inclining the system so as to be able to resist the malarial poison, Hostetter's Stomach Bitters is incomparably the best and the most popular. It regularizes the stomach, liver and bowels, encourages mastication but these are speedily rectified by the Bitters. The functions of digestion and secretion are assisted by its use, and a vigorous as well as regular condition of the system promoted by it. Constipation and dyspepsia are thus defended against the invasions of malaria by this matchless preventive, which is also a certain and heroic remedy in the worst cases of intermittent and remittent fevers.

CHURCH ANNOUNCEMENT.

Preaching morning and evening at the Baptist church in this city, Sunday, November 1st, by Elder S. B. Letson.

Even subject, "What does the Catholic church teach?"

Preaching also at Black Horse school house on Saturday evening at 7 o'clock.

FINE TIMBER.—Perhaps, the best timber growing in the Blue mountains can be found on Rock creek in the vicinity of Will Mallory's saw-mill. This class of timber Mr. Mallory is using in making lumber which he is delivering in Heppner all the way from \$15 to \$30 per thousand feet, depending on the quality, and a better desired rough or dressed. The same can be bought at the mill at prices ranging from \$8 to \$25 per thousand feet. He has a general assortment on hand at present, and is sure to satisfy customers. 427-M.

First Symptoms of Death.

Tired feeling, dull headache, pains in various parts of the body, sinking at the pit of the stomach, loss of appetite, feverishness, pimples or sores, are all positive evidence of poisoned blood. No matter how it became poisoned it must be purified to avoid death. Dr. Acker's English Blood Elixir has never failed to remove scrofulous or syphilitic poisons. Sold under positive guarantee.

ROUND OVEN.—On last Saturday, Obadiah Welch was arrested, charged with criminal assaulting Anne Gilliam, the 12 year old daughter of Wm. Gilliam, of Rhea creek. Some mention was made of the matter in a former issue, but no names were given, as we did not desire to prejudice Mr. Welch's case. A reporter heard the principal part of the testimony and the Gazette thinks that there was sufficient evidence to warrant the action of Justice Rea in holding him in the sum of \$250 bonds, which, we understand, were furnished. Mr. Welch's reputation is not the best, having been accused many times before of handling little girls in an improper way, as well as acting towards them in a criminal way.

WHAT IS SCROFULA

It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly lumps or swellings; which causes painful running sores on the arms, legs, or feet; which develops ulcers in the eyes, ears, or nostrils; which causes deafness; which is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors;" which, fastening upon the lungs, causes consumption and death. Being the most ancient, it is the most general of all diseases or ailments, for very few persons are entirely free from it.

HOW CAN SCROFULA BE CURED

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula, be sure to try Hood's Sarsaparilla.

"My daughter Mary was afflicted with scrofula sore neck from the time she was 22 months old till she became six years of age. Lumps formed in her neck, and one of them grew to the size of a pigeon's egg, became a running sore for over three years. We gave her Hood's Sarsaparilla, when the lump and all indications of scrofula entirely disappeared, and now she seems to be a healthy child." J. S. CARLISLE, Nauright, N. J.

N. B. Be sure to get only Hood's Sarsaparilla Sold by all druggists. \$1; six for \$5. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

OREGON KIDNEY TEA CURES ALL KIDNEY TROUBLES

Recently the following notice appeared in the San Francisco Chronicle.

"I judge I had been sick only about two weeks, and it was not until the last three or four days that the malady took a serious turn. At the beginning of his illness he suffered from diabetes and stomach disorder. Later the kidneys refused to perform their functions and he passed quietly away. Thus ended the life of one of the most prominent men in California." Like thousands of others, his untimely death was the result of neglecting early symptoms of kidney disease.

IF YOU are troubled with diabetes, gravel, or any derangement of the kidneys or urinary organs, don't delay proper treatment until you are forced to give up your daily duties, don't waste your money on worthless liniments and worse plaster, but strike at the seat of the disease at once by using the greatest of all known remedies, the celebrated Oregon Kidney Tea. It has saved the lives of thousands. Why should it not cure you? Try it. Purely vegetable and pleasant to take. \$1.00 a package, 6 for \$5.00.
