PENTLAND, SECRETARY OF THE Oregon Press Association, 25 Ash Street, between First and Second, Portland, Oregon, is our only agent located in that place. Advertisers should consult him for rates and space in the Gazette.

Harry Warren has given up his place in T. W. Ayers' drug store, leaving for Portland yesterday morning where he will attend a school of pharmacy.

J. S. Lograham complains that it is yet too dry to plow for fall wheat up about Hardman. The prospects are good, however, for a more thorough soaking.

The Heppner Flouring Mill Co. have built a capacious platform for wheat just east of the mill. The sickness of Mr. Millan has checked operations temporarily, but will be resumed shortly.

Lime Swick, of Monmouth, arrived from St. Joe Tuesday, where he had been with a car load of horses. He found them dull sale, lumping the whole load off at \$1,000, and they were a fine lot of horses, too.

"Grandma" Ayers departed for Kansas yesterday. She is nearly 90 years old, and this would seem quite a trip for her, yet some of these old people are as sprightly and ambitious and strong. She was accompanied by Mr. Ovev.

"Uncle" Nat Webb is down from Walla Walla to look after his sheep in this section. He reports that Pat Russell, a well-known farmer of that region, recently lost horse, barn, outbuildings and farming machinery to the amount of \$20,000, by fire.

A second crop of apples is not a common thing, but Felix Johnson has just such a thing in his Butter creek orchard. They are of the Red Jane variety, and compare favorably with first crop in flavor. He picked about a bushel of the fruit, having some samples at W. L. Matlock & Co's for the satisfaction of the curious who will face them genuine apples.

Wayne Houston has purchased the right to sell the Cleveland sand band in Harney county. E. G. Sperry has purchased the patent right of the same for Morrow, Sherman, Wasco, Gilliam and Grant counties. It is a good thing.

The World Enriched. The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited, and when Syrup of Figs was first produced it enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the spring time or, in fact, at any time, and the better it is known the more popular it becomes.

CHURCH ANNOUNCEMENT. Rev. E. G. Michael, presiding elder of the Pendleton District, will preach at the M. E. Church (South) Saturday at 7 p. m.; also Sunday morning and evening. This being the quarterly meeting occasion, the sacrament of the Lord's supper will be administered at the close of the Sunday morning sermon. A cordial welcome is extended to all by the pastor.

OUR WEATHER SIGNALS.—The weather signals displayed from the flag staff of the Palace Hotel are for twenty-four hours, and the telegrams announcing what kind of weather is mapped out for us, leave San Francisco in the morning, but owing to insufficiency of telegraph service, do not reach here until the following morning, consequently twelve hours elapse before the corrected signal is displayed. However, a change will likely be made so that flags can be displayed for the twenty-four hours following 6 a. m. instead of 6 p. m. as heretofore. Our people should bear in mind that some predictions may not be technically correct, but as they are for the entire Eastern Oregon, will not fall short of the right thing. A stand protecting the large barometer has been erected on the roof of the Palace, L. D. Boyd doing the job.

TURN OUT.—After a series of cast nalties including the serious and prolonged illness of his wife, Mr. John Jack and Miss Firmin ably assisted by local talent, will give a pleasing entertainment at the Opera House Saturday evening. All are pleased that Mrs. Jack, whose stage name is Miss Firmin, and by which she is universally known, is again able to appear on the stage in her pleasing roles. This is an occasion of a benefit play for Mrs. Jack, a respiratory play, as it were, for both Mrs. Jack, and the audience will be benefited. Give her a rousing house.

SAND IN THE CRACK.—Billy Crank, of Ritter, who is camp-tender for the Large, relates a peculiar thing which he discovered in a mutton a few days ago. The gall bag was filled with black sand, though otherwise the sheep was in normal condition. How this came there is a mystery, unless the sheep had been attempting to live on sand. We have noticed a good many humans who undoubtedly had sand in a very capacious gall, but to find such a condition in the carcass of a mutton is unprecedented.

THAT TERRIBLE COUGH. In the morning, hurried or difficult breathing, rasping phlegm, tightness in the chest, quickened pulse, chilliness in the evening or sweats at night, all or any of these things are the first stages of consumption. Dr. Acker's English Cathartic will cure these fearful symptoms, and is sold under a positive guarantee by the Slocum-Johnston Drug Co.

A NOVEL INVENTION.—Dr. J. A. Barker and D. M. Hastings, representing the Cleveland Patent Sand Bath, are in the city, having arrived from Pendleton by private conveyance last Sunday evening. All that have seen their band, pronounce it a complete success. In addition to sales already made, they have sold Klamath county to Ed. Keeney and Morrow to W. G. Swagart.

GIVE HIM HELP.—On Monday next the annual institute of Morrow county will begin in this city. The teachers of the county are laboring hard to elevate themselves and their profession. The superintendent requests the citizens of Heppner to assist him in entertaining the teachers coming from a distance.

SEND THEM IN.—Now that the threshing season is over, we would be much pleased to have you machine men send in a full report of the various crops threshed in Morrow. It will be the biggest advertisement that Morrow county ever received. Don't forget to make a report to the Gazette immediately.

A WHEAT POOL.—Messrs. Boeber Bros., Metter, Crow and Evans Bros., have a wheat pool of 20,000 bushels which they will put up at Lexington next Saturday and auction off to the highest bidder. This will, perhaps, attract the cream of the wheat buyers.

LATEST ELECTION NEWS.

Special to the Gazette. PORTLAND, Nov. 5, 1:30 p. m.—Election returns thus far received indicate McKinley's majority 20,000; Flowers, 45,000; Russell, 7,000; Boies, 10,000. Iowa and New York the entire state democratic ticket is elected. In Massachusetts the republican state ticket, with the exception of governor, is elected. In Iowa, indications favor the election of the entire democratic state ticket. Ohio legislature republican on joint ballot by 87. Pennsylvania republican by 50,000. In Kansas farmers alliance met a crushing defeat. Republican congressman elected in South Dakota. Iowa legislature now stands, democrats control senate, and republicans the house. In New York the senate now stands, democrats 15, republicans 17. There is some doubt about two republicans and one democrat. The assembly is a tie.

A SUCCESSFUL MEETING.—Our reporter had some conversation with an officer of the Heppner Park Association a few days ago, and was informed that the last meeting was a most successful one, from a financial standpoint, though he said that it is a pretty difficult matter to make all ends meet when members of the association will slide around through the bushes to get into the grounds without paying anything, yet after all they are pretty well out of debt. Now we have no idea who the association would act like this, but in any event it certainly is not a very business-like move on the part of an outsider, and much less a member. Anent the success of the association it is proof that Heppner can support a good mile track, provided it is properly fenced in and guarded by officers armed with stuffed clubs for impudent trespassers.

FINE TIMBER.—Perhaps, the best timber growing in the Blue mountains can be found on Rock creek, in the vicinity of Will Mallory's saw-mill. This class of timber Mr. Mallory is using in making lumber which he is delivering in Heppner all the way from \$15 to \$30 per thousand feet, depending on the quality, and whether desired rough or dressed. The same can be bought at the mill at prices ranging from \$8 to \$25 per thousand. He has a general assortment on hand at present, and is sure to satisfy customers. 427-ft.

STRAYED HORSE. At the ranch of Jerry Brosman on Little Butter creek, near Lena, a four-year-old horse, bay, white hind legs, half-moon star in forehead. Came to my ranch Oct 24th No brand. Owner can have same by proving property and paying all charges. JERRY BROSMAN, Lena, Or. Nov. 4, '01 450-434.

CHANGE OF FIRM. On account of change of firm, from M. Lichtenhal to Lichtenhal & Scherzinger, I am very desirous of squaring up all my old accounts. Those owing must settle within the next 30 days, either by cash or note. M. LICHTENTHAL, Heppner, Or., Nov. 4, '01. 450-53

IS LIFE WORTH LIVING? Not if you go through life a dyspeptic. Dr. Acker's Dyspepsia Tablets are a positive cure for the worst forms of Dyspepsia, Indigestion, Flatulency and Constipation. Guaranteed and sold by the Slocum-Johnston Drug Co.

KNOCKED OFF THE CARB.—Geo. Simmons, brakeman on the branch, was knocked off the side of a car Monday morning last while switching. He was hanging on to a ladder, and in leaping out the switch target struck him, in the head, but not seriously injuring him, though it was a close call.

ANOTHER REMINDER.—On Monday last a spark ignited some shavings upstairs at the planing mill, and before being discovered burned out a ladder through the weather-boarding. A bucket of water stopped what might have been a more serious fire. Let us have water works very soon.

Recently the following notice appeared in the San Francisco Chronicle. "Judge S. had been sick only about two weeks, and it was not until the last three or four days that the malady took a serious turn. At the beginning of his illness he suffered from diabetes and stomach disorder. Later the kidneys refused to perform their functions and he passed quietly away. Thus ended the life of one of the most prominent men in California." Like thousands of others his untimely death was the result of neglecting early symptoms of kidney disease.

IF YOU are troubled with diabetes, gravel, or any other ailment of the kidneys or urinary organs, don't delay proper treatment until you are forced to give up your daily duties; don't waste your money on worthless liniments and worse plasters, but strike at the seat of the disease at once by using the greatest of all known remedies, the celebrated Oregon Kidney Tea. It has saved the lives of thousands. Why should it not cure you? Try It. Purely vegetable and pleasant to take. \$1.00 a pack. 6 for \$5.00.
