Elsewhere in this issue appears a mention of the Keeley Institute, of Portland, where cures of the liquor, morphine, opium, tobacco, cigarette and other habits are permanently effected. Our council should meet together and make public the engineer's report on the proposed Hinton creek gravitation system of water works for Heppner. While the people are aware that the report is a favorable one, they wish to be made acquainted with it in detail. Prompt action on the part of the council might save the town heavy losses.

The World Enriched.

The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited, and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the spring time or, in fact, at any time, and the better it is known the more popular it becomes.

How To GET THE NEWS.—To become thoroughly acquainted with the present and past of the world, political issues, it is necessary to read both a republican and democratic paper. The Portland Telegram fits the bill in the latter case. It is a wide-awake, newsy, eight-page paper, liberal and authentic, published every evening and should have plenty of readers of all political faiths.

ATTACHED.—On last Saturday the Record plant was attached by Portland and Morrow county creditors for something over \$200. E. H. Whitson and F. J. Hoback are seeking to be paid for work as printers during the regime of J. W. Coffey as editor and proprietor of the Record, while Dan Horner, having assumed a board bill owed by Mr. Coffey to C. C. Sargent, wants his money out of the project. The Portland parties, Palmer & Roy and Tatum & Bowen, have claims for type, material, etc. Besides the attachments, we are informed that there are two mortgages on the plant, one in favor of C. A. Rhea and Geo. Noble for \$700, and another in favor of Mr. Coffey's mother for \$250. Under the circumstances, this is more than the plant will bring, and the other claimants, it appears will be compelled to look elsewhere, though it may be set tied without further trouble. Mr. Coffey put his money into the Record in good faith, though rather unwisely, it seems, and it is to be regretted that he should find himself financially embarrassed. Mr. Hicks, who now has charge of the Record as lessee, is doing fairly well, and it is hardly likely that the publication of the paper will cease, at present, at any rate.

A REUNION.—An interesting reunion of five sisters, after a lapse of thirty years, to a place last week at the home of Dr. Taylor in The Dalles when Mrs. Baker of Lewiston and Mrs. John Clarno of John Day met Mrs. Dr. Taylor, Mrs. L. D. Oakes of Bake Oven, and Mrs. Benedict of Lexington, Morrow county. There is still one more sister not here, Mrs. Osborn of Williams, Yamhill county, and only one brother, Chas. Branson of Fossil.—Chronicle.

Got AWAY.—Uncle Jake Shaner says that he has not recovered his watch which was stolen a few days ago, nor does he expect to do so. He thinks it was taken by one of four h-b-boys. The party suspected was arrested at Arlington, but as the property could not be found in his effects or on his person, he was released. However, this does not cause Mr. Shaner to think he made any mistake in his attempt to stop the thief.

YOUR CHANCE.—On Nov. 13th and 14th, or next Friday and Saturday, John Q. Wilson will offer at public sale in Heppner, to the highest and best bidder, 20 mares and colts, 20 yearlings, 15 two-year-olds and 50 mares and geldings. Ten per cent interests with good security, and 5 per cent discount for cash. Don't forget his chance to get some good horses.

PECULIAR

Many peculiar points make Hood's Sarsaparilla superior to all other medicines. Peculiar in composition, proportion, and preparation of ingredients, Hood's Sarsaparilla possesses the full curative value of the best known remedies of the vegetable kingdom. Peculiar in its strength and economy. Hood's Sarsaparilla is the only medicine of which can truly be said, "One Hundred Doses One Dollar." Medicines in larger and smaller bottles require larger doses, and do not produce as good results as Hood's Sarsaparilla in its medicinal merit. Hood's Sarsaparilla accomplishes cures hitherto unknown, and has won for itself the title of "The greatest blood purifier ever discovered." Peculiar in its "good name at home,"—there is now more sold in Lowell, where it is made, than of all other blood purifiers. Peculiar in its purification abroad, no other preparation has ever attained such popularity in so short a time, and retained its popularity and confidence among all classes of people so steadfastly. Do not be induced to buy other preparations, but be sure to get the Peculiar Medicine.

OREGON KIDNEY TEA CURES ALL KIDNEY TROUBLES

Recently the following notice appeared in the San Francisco Chronicle.

"Judge S. had been sick only about two weeks, and it was not until the last three or four days that the malady took a serious turn. At the beginning of his illness he suffered from diabetes, stomach disorder, and general debility, and his kidneys refused to perform their functions and he passed quantities of uric acid in his urine. Like thousands of others his untimely death was the result of neglecting early symptoms of kidney disease."

IF YOU are troubled with diabetes, gravel, or any derangement of the kidneys or urinary organs, don't delay proper treatment until you are forced to give up your daily duties; don't waste your money on worthless remedies and worse plasters, but strike at the seat of the disease at once by using the greatest of all known remedies, the celebrated Oregon Kidney Tea. It has saved the lives of thousands. Why should it not cure you? Try it. Purely vegetable and pleasant to take. 1.00 a package, 6 for \$5.00.

There is little doubt but that many persons suffer for years with ailments that could easily be cured by the use of some simple remedy. The following incident is an illustration of this fact: My wife was troubled with a pain in her side the greater part of the time for three years, until cured by Chamberlain's Pain Balm. It has, I think, permanently cured her. We also have used Chamberlain's Cough Remedy whenever needed and believe it to be the best in the world.—P. M. Poston, Pennville, Sullivan Co., Missouri. For sale by Sloan-Johnston Drug Company.

In addition to this, each new subscriber renewing, is given his choice of either "The American Livestock Manual," or the "Standard American Pony Book," which will be sent free, postage prepaid. These are valuable works of reference for the farmer. 43-ff
