

THE GAZETTE

The political parties of Morrow are quiet at present, though the ground is being canvassed for suitable candidates for the various offices which will be filled again next year. One of the most important to the people in the Gazette's opinion, is that of representative to the legislature. We have heard Hon. J. C. Thomson, the present incumbent, spoken of for re-election on the democratic side, while many republicans favor J. N. Brown, of this place. However, we do not know that either is a candidate. But one thing is certain, that the people of Morrow county will select some man who will use his influence for an open river and a reduction of freight rates, as well as internal improvements. That kind of a representative will help the farmers a few cents per bushel on their wheat; the sheepman a little per pound on his wool; the merchant a great deal on every invoice of goods, thereby enabling him to sell cheaper; and every one else in the community will be benefited, of course. We think there will be no trouble to find the right kind of man for such a representative from that already in the minds of the people, or that may present itself before election.

ACCORDING to the estimate of Mr. Oliver, it will require over \$30,000 to put in Heppner's proposed gravitation system of waterworks. At present we cannot raise over \$15,000 to \$18,000, as our bonded indebtedness cannot be over \$20,000 and we have spent quite a considerable amount of the \$5,000 already secured. To wait till the next session of the legislature means a delay of two years, at least, before a particle of its protection can be provided. In justice to property owners, wouldn't it be a good idea for the town council to purchase a fire engine, providing citizens at various places within the business portion of town for a temporary water supply? One little breeze will probably destroy property enough to pay for putting in a large system of waterworks.

DEMOCRATIC papers may fill the space in their columns with names of "good" men who would be willing to represent this district in the next congress; but these efforts are futile as without doubt a republican will occupy that position for the coming two years, and so are of the opinion that Hon. W. R. Ellis, a man well qualified in every particular, will be the fortunate individual.

IF OUR town could see a way clear to give some immediate fire protection, it would be well for the property owners of each block to combine, put in a large well and tank, using a hot air engine for pumping purposes. This could be used in irrigating as well, and in many ways would pay for the cost.

THE Gazette urged our town to have the charter amended at the last session of the legislature, allowing a bonded indebtedness of not less than \$40,000. No attention was paid to the matter, and so here we are without money enough to build a good, respectable dog pound.

THE fall elections being over, the political horizon is practically clear. All that may now be heard is the marshaling of presidential forces in the far distance, and a little scouting of lesser lights here and there.

ELLIS men are bobbing up here and there, and making themselves heard. In this issue, we publish a letter from a republican of Umatilla who speaks out through that able sheet of liberal convictions, the East Oregonian.

THOUGH Hon. Henry Blackman still persists in saying that he is not a candidate for congress, his name is still being mentioned in that connection.

UNITED STATES' war with Chili has apparently "petered out."

BOOMING W. R. ELLIS

A Republican Subscriber of the E. O. Thinks He Stands Head and Shoulders, as a Candidate for Congress, Above All Competitors.

In a recent issue of the E. O., appears the following from one of their republican subscribers:

ATHLENA, Nov. 13, 1901.

To the Editor of the East Oregonian. As your paper is read by republicans all over the country, I take the liberty of writing a communication and giving my views of the political situation in this county, so far as it relates to our next congressman. I see that many papers in this new congressional district mention the name of State Senator J. H. Halsey as the democratic candidate. Well I suppose Mr. Halsey is the strongest democrat in the district; Eastern Oregon is entitled to the congressman without a doubt, and we must have him—the congressman, not Halsey. There is only one way for the republicans of Eastern Oregon to accomplish this—apply go to the state convention as one man and demand as their right, not as favor, that the candidate shall be an Eastern Oregon man, and that he must be a man without a single stain of character either in public or private life. With such a man for our standard bearer in this district, I don't think Mr. Halsey would know he was in the race. While we have several such men in our party—men that would be a credit to this new district in the halls of congress—we have one who stands out head and shoulders, not only above all democratic competitors, but above any man in the district, and equal to any in the state. That man is W. R. Ellis, of Heppner. He will give strength to the ticket in every precinct in the district. I say to republicans who have the good of the party at heart, "Go to the primaries; instruct your delegates to the county convention to vote for no man as a delegate to the state convention who is not pledged to support W. R. Ellis first, last and all time. We are entitled to the next congressman, and must have him from Eastern Oregon. We don't ask it as a favor, but insist on it as a matter of justice to our party and the people of this district in general. Bear in mind that Ellis will get not only the republican vote of the district, but a portion of the democratic vote which no other republican could ever expect to receive. A REPUBLICAN SUBSCRIBER.

COUNCIL MEETING

Council met in regular session last Monday evening. Absent, Mayor Matlock and Councilmen Farnsworth. Minutes of last regular meeting read and approved, with corrections regarding the donation of \$25 to equal service station, etc. Councilman McAtee was elected chairman for the evening. Letter from G. W. Poor to Otis Patterson, inquiring about ardent well plant, read and filed. Petition for sidewalks and crosswalks from Patterson corner to Cannon street and east on Cannon to Chase, referred to the committee on streets and public property to report at next meeting. Report of Emery Oliver, on the subject of waterworks for Heppner read; it appears on first page of the Gazette in this issue, except as to some minor details. On motion of Mallory, seconded by Morgan, report was ordered filed. On motion of Gilliam seconded by Mallory it was ordered that the committee on streets and public property secure the services of a surveyor to establish grades for sidewalks in South Heppner. Bills paid: W. L. Mallory \$107.52; H. Blackman & Co. \$2.80; Harry Phillips \$14.50; A. A. Roberts, \$16.95; J. W. Kasper, \$12; Chris. Hoppers, \$2.50; Morris Galt, \$2.40; Billy Gordon, \$8; Emery Oliver, \$181.80; Rip Van Winkle, \$28.50. Some discussion followed on the cross walk question, as to quality of those put down, both pro and con. Motion made by Mallory, seconded by Morgan, that the people of Heppner take down the crosswalks of Heppner after the 23rd inst., and that three notices be posted as carried. A motion was made by Morgan, seconded by Gilliam, that Geo. Noble and Henry Welch be served with a writ to compel to complete their sidewalks, was carried. The marshal was reminded that the dogs must be collected or dogs killed. McAtee reported in favor of payment of school tax quarterly. Committee on ordinances reported to bring in an ordinance on the subject. Adjourned.

The Western Settler's Chosen Specific. With every advance of civilization into our West, a new demand is created for Hesse's Stomach Bitters. Newly acquired regions are frequently less salubrious than older settled localities, on account of the miasma which rises from recently cleared land, particularly along the banks of rivers that are subject to freshets. The agricultural or mining emigrant soon learns, when he does not already know, that the Bitters afford the only sure protection against malaria, and those disorders of the stomach, liver and bowels, to which climatic changes, excessive and unaccustomed or unhealthily water or diet subject him. Consequently, he places an estimate upon the great household specific and preventive cure, and is quick to keep on hand a reliable and profitable aid in his inability to be cured upon in time of need.

LONG CREEK. From the Eagle. Albert Ballance departed last Friday for Heppner for freight. Mrs. Alex Lawrence, of Prairie City, died Sunday night of scarlet fever. Several new building sites in different parts of the city have been contracted for by parties who intend erecting dwellings and permanently locating here. Joe Blackwell and other parties interested in the Myrtle mine near the head of Boulder creek, have employed two hands, and operations will continue during the winter season. C. E. Goff has been busying himself collecting delinquent taxes in Northern Oregon. It is the intention of Grant county's sheriff to make a "clean sweep" of the tax collecting business. W. A. Sample has departed for the states to be present as a delegate from Eastern Oregon, to the National Farmers' Alliance and Industrial Union, which convenes at Indianapolis, Ind., Nov. 17th. A. C. Frank, of Hamilton, was very seriously injured last week by being kicked by a horse, it is supposed. Mr. Frank is quite an old gentleman, and it will likely be some time before he will recover from the effects of this accident. They have a man in Pendleton who has a fair to solve the town cow problem. He lives in the lower end of town and milks all the stray cows that come his way. It has been suggested that he be appointed pound master and take his pay in milk. Wm. Townsend and Pless Fanning returned from a business trip to Pendleton Friday last. The two gentlemen report an excellent road from the North Fork to that metropolis. They say "it is only a shame that it is not completed to the Long Creek valley."

A CHILD KILLED. Another child killed by the use of opiates given in the form of soothing syrup. Why mothers give their children such deadly poisons is surprising when they can relieve the child of its peculiar troubles by using Dr. Acker's baby-soother. It contains no opium or morphine. Sold by Slocum-Johnson Drug Co., Heppner.

GOOD TIME.—The Eight Mile campfire of veterans occurred last Friday evening, and during a little difficulty which occurred between Cy. Fuqua and Lee Kilbourne, was a very pleasant affair. The gentlemen became involved in a quarrel over something that occurred at the table, which led to blows, though the Gazette does not pretend to be fully acquainted with this affair. A goodly representation of the soldiers, their wives, sons and daughters were present, together with a number of friends, listened to the exercises and partook of the bountiful repast which was prepared for the occasion. Hon. W. R. Ellis had been invited to make an address, but being in attendance on circuit court at Canyon City, was unable to be present. Do you want to save from 25 to 50 cents on every dollar you spend? If so, write for our Mammoth Illustrated Catalogue, containing lowest manufacturers' prices of Groceries, Dry Goods, Boots and Shoes, Clothing, Hardware, Agricultural Implements, etc. Mailed on receipt of 50 cent for postage. CHICAGO GENERAL SUPPLY CO.

ELECTRIC POICE.

The Great Fundamental Principle of the Universe and its Power to Restore Health to the Many. Experiments by scientists are constantly and surely proving electricity to be the great motor power of creation. Electricity is the most powerful chemical agent, as well as the basis of chemical action. It is the primal element of light and heat; the barometer of life and the sustainer of health. Diseases yields readily to its magnetic touch, and its influence. Thomson is of all other and suffering bear witness to its healing power. The electro-magnetic, as practiced by Dr. Darrin, has revolutionized the practice of medicine, as is shown by the following:

EXTRACTS OF TESTIMONIALS. Ed. Hynes, Albion, cutaneous deafness, restored. P. C. McFarlane, Vancouver, sciatic rheumatism, cured. Thomas Bell, Mocksburg, dizziness, kidney and liver complaint, restored, was cured. J. R. Cunningham, Wapinitia, Wasco Co., Oregon, total deafness two years in one and partially so in the other, cured. Mrs. J. E. Smith, Prineville, Or., nervous debility and general weakness, almost bordering on insanity, restored. Heuson McCoy, the Dalles, Or., deafness and terrible pain in the ear and for six months, until he was nearly crazy, restored to health by electricity after all treatments had failed. Dr. Darrin continues to treat all classes, the rich and poor alike, free of charge, at his office, 70 1/2 Washington street, Portland, Oregon. The Normandy, Seattle, Wash., from 10 1/2 a. m. to 8 p. m. at his former prices. He gives free and confidential examinations to all at the office or by letter. He treats all curable chronic, acute and private diseases, and makes a specialty of all diseases of Eye, Ear, Nose, Throat, and Lung, Loss of Manhood, Blood Poison, Syphilis, Seminal Gleet, Gonorrhoea, Stricture, Spermatorrhoea, Seminal Weakness or loss of Desire of Sexual Power in men or women. All peculiar Female Troubles, Leucorrhoea, Displacements, etc., are confidentially and successfully treated, and will under no circumstances take a case that cannot cure or benefit. Consultation free. Cures of private diseases guaranteed and never published in the papers. Circulars and question blanks sent free. Luquiries answered.

NEW SECTIONAL MAP OF OREGON. The Oregonian, at great expense, has prepared a sectional map of Oregon, and offers it as a premium for subscriptions to the weekly Oregonian. The map is corrected up to date, is 40x50 inches in size; scale, six miles to the inch. It is neatly finished and on rollers ready to hang up on the wall. This is the finest map of Oregon ever issued, and should be in every household in the state. Anyone sending \$3.00 will receive the Weekly Oregonian for fifteen months (if the subscription is renewed prior to January 1, 1902), and one of these maps as a premium. The price of the map without subscription is \$2.00. Address: OREGONIAN PUBLISHING CO., Portland, Oregon. 52 3/4

OBITUARY. Died at her home near Eight Mile, Nov. 10, 8 p. m., Mrs. Eliza Farnsworth, wife of H. Farnsworth, and mother of Mrs. Anne Gilliam, of Heppner. Mrs. Farnsworth was a native of Missouri, 45 years old, and the mother of ten children, all living but one. Interment occurred Nov. 12th, in Old Fellows cemetery near Heppner. A lady of a very disagreeable day, there was quite a large attendance who followed her to the cemetery a distance of twenty miles from her home. It was a very sad scene to see the husband and children weeping over the grave of their dear mother, who could not be comforted. Mrs. Farnsworth was an affectionate wife and mother, a kind neighbor and will long be remembered by a large circle of friends. Salem papers please copy. Hardman, Nov. 13, '01.

A DUTY TO YOURSELF. It is surprising that people will use a common, ordinary pill when they can secure a valuable English one for the same money. Dr. Acker's English pills are a positive cure for sick-headache and all liver troubles. They are small, sweet, easily taken, and do not gripe. For sale by Slocum-Johnson Drug Co., Heppner, Or.

PIKE TIMBER.—Perhaps, the best timber growing in the Blue mountains can be found on Rock creek, in the vicinity of Will Mallory's saw-mill. This class of timber Mr. Mallory is using in making lumber which he is delivering in Heppner all the way from \$15 to \$30 per thousand feet, depending on the quality, and whether desired rough or dressed. The same can be bought at the mill at prices ranging from \$15 to \$25 per thousand. He has a general assortment on hand at present, and is sure to satisfy customers. 427-4f.

STRAYED HORSE. At the ranch of Jerry Brosnan on Little Butter creek, near Lena, a four-year-old horse, bay, white hind legs, half moon on forehead, and a white blaze on face. Came to the attention of the ranch Oct. 24th. No brand. Owner would have same by proving property and paying all charges. JERRY BROSAN, Lena, Or. Nov. 4, '01. 450-454.

CHANGE OF FIRM. On account of change of firm, from M. Lichtenhal to Lichtenhal & Scherzinger, I am very desirous of squaring up all my old accounts. Those owing must settle within the next 30 days, either by cash or note. M. LICHTENHAL, Heppner, Or., Nov. 4, '01. 450-53

NEW MAN.—Lee Shaw wishes to inform the public that he has secured the assistance of an experienced washerman, and will hereafter be able to get work out on time and in good condition. 451-54

DR. ACKER'S ENGLISH PILLS. Are active, effective and pure. For sick headache, disordered stomach, loss of appetite, bad complexion and biliousness, they have never been equaled, either in America or abroad. Sold by Slocum-Johnson Drug Co.

IT IS WELL WORTH TRYING.—There is a successful corner of Third and Madison street, Portland, Or., a Keeley Institute for the cure of liquor, opium, morphine, cocaine and opaco habits, by the new celebrated Gold Cures of Dr. Leslie E. Keeley. Already a number of Portland people have been permanently cured and in that city there is no longer any question of the reliability of the concern. Heppner has also a respected resident who can testify to the efficacy of the cure. Write the Institute or call there for full particulars. The most skeptical can be satisfied, and the promise of such glorious results is worth investigating. 451-1f.

Ben Matteson had the misfortune to have his wagon to run over his right foot, while coming to town Tuesday. It was loaded with over 1 1/2 cords of wood, and the injured member was badly crushed.

NEW TO-DAY. \$3.00 PER DOZEN. \$3.00. FOR CABINET PHOTOGRAPHS! AT THE TENT Above Coffin & McFarland's Store, 10 : FOR TEN DAYS. : 10 HEPPNER, OREGON. Views of all kinds made to order. All those wishing Photographs, please call at once and see sample. M. S. EASTMAN, From Portland. 521f
