Charles Flanchette, Theatrical Man-

New YORK, Nov. 13-Charles Plan-chette, well known in the theatrical world, died at 5 o'clock yesterday morn-ing in Bloomingdale asylam. He was the advance agent of Charles Froh-man's "All the Comforts of a Home" company, and when in Washington about three weeks ago was so allicted that it was deemed advisable to send him to this city. He was taken to Bolle-vue hospital and later committed to Bloomingdale asylum. He was 65 years old, married and a native of Detroit, where he has managed several theatres. NEW YORK, Nov. 13-Charles Planwhere he has managed several theatres. He successfully toured Dr. Carver and his wild west show in Europe three years ago and was considered one of the nost capable men in his particular line.

A Californ a Party Leaves to Capture "Go sebills" and "Mud Diggors.

SAN FRANCISCO, Nov. 13-A whaling party of 15 under the leadership of Captain Bill Thomas left yesterday for the new whaling station lately built on the coast at a point between Santa Barthe coast at a point between sanda bar-bara and Point Conception where kelp is found in great abundance. The sta-tion is equipped with two large whale boats and a cooperage outfit. The va-riety of whales that it is expected to secure is the California gray which is also known by the name of "Goosebill" and "Mul Dirzor " "Mud Digger." These whales are only good for oil and run from 20 to 80 barrels apiece,

with 30 barrels as a general average. Captain Thomas is an old-time Arctic whaler, and some years ago was in-terested with Captain Smith in making a survey for a proposed cable between Alaska and Siberia.

The policy of the receiver of the wrecked West Coast Fire and Marine Inwrecked west coast Fire and mine in surance Company, as outlined by him, is as follows: The policy holders will be requested to send in their policies, and the amount of uncarned premiums due will be credited them and will stand out of the some index on an equal footing with the remainder

everal Ships Bendy to Leave the Navy Yard for South America.

NEW YORK, Nov. 11-The construction department at the navy yard has noti-fied Commander Erben that the Atlanta, Bennington and Concord will be ready for sea by Saturday. The Atlanta is in the dry dock and workmen were flitting about her under the electric lights last

night hurrying to prepare her for sea. The Concord is coaling and her new steering quadrant is in position. The steam launch which the Bennington has steam launch which the Bennington has been waiting for arrived yesterday from fornia National bank did not open its Portsmouth. On all these vessels short term men are being taken off and long term men being plane off and long

term men being put in their places. The Newark, it is expected, will ar-

rive at the yards on Subtracy with some changes will be made in her electric light plant. It was said at the yards hast evening that she would be Admiral Benham's flagship and in company with the Atlanta, Concord and Bennington was expected to sail for Brazil early in the wool. No orders to this effect are the week. No orders to this effect are known to have been received, but seve-ral officers seen last enening said that

that was the probable destination of the

of the debts against the company. It is also proposed to ask the stock-holders to aid in getting in the unpaid stock subscriptions. There are many of the stockholders who have paid up about 40 per cent, of the amount of their sul

scriptions and others who have paid nothing. Receiver Rice will make his report Saturday morning, and after it has thus been ascertained how much the assets are and how much is needed to make them balance the liabilities, an order of the court will be asked commanding stockholders to pay in a certain per cent.

of their subscriptions. According to the law subscribers are liable for the stock subscriptions secured inadequately or fraudulently, as for in-stance, in the case of Howell, where \$40,000 was secured by less than \$2500 MR& GRAHAM'S

worth of property. The mortgage will be foreclosed and the property taken for what it is worth, and Mr. Howell will be responsible for the remainder. If no fraud were shown, and if the property had at the time the mortgage was placed on it, been valuable, but had a terward depreciated, the property only could be taken and the mortgagor would not be responsible.

it is desired to wind up the affairs of the company as inexpensively as pos-
