

POLITICAL ANNOUNCEMENTS

FOR ASSESSOR.

Through the solicitation of friends, I hereby announce myself a candidate for the office of assessor, subject to the decision of the county democratic convention, April 14, 1892.

J. J. ROBERTS.

A FLUME from the mountains to Heppner would pay the enterprising company who construct the same a large per cent on the investment. Just think of the amount of wood, lumber, posts, railroad ties, etc., that could be laid in Heppner yearly, and at such low rates that it would be sheer nonsense for outside parties to even try to compete.

AT HIS HOME.

How Mr. Ellis was Received On His Return to Heppner.

As Friday's train pulled into the depot with the republican delegates, their friends and the nominee of the second district republicans for congress, Hon. W. R. Ellis, they were greeted by sweet strains from the Heppner cornet band and the happy shouts of an immense crowd of citizens.

Arriving at the First National Bank corner an impromptu stand was erected, J. N. Brown presenting Mr. Ellis, who made a short speech, in which he thanked his friends, regardless of party ties, for their influence in his behalf.

A general hand-shaking was then indulged in, and it was noticeable that Mr. Ellis' democratic friends were just as proud as the republicans in having Morrow county represented by a candidate for congress, and, too, in the person of himself.

RIGHT IN ONE SENSE.

The candidate for congress in the second district, Hon. W. R. Ellis, of Heppner, is a very strong one, and will undoubtedly be elected by a large majority. He is a pure man, morally and politically, and a better nomination could not be made.

The above paper is undoubtedly right in its estimation of our friend, Ellis, yet we must take issue with him when he says he was the first to advocate Mr. Ellis' claims for congressional honors. Long before the second congressional district was formed, the Gazette kept to the front for the consideration of republicans, Hon. W. R. Ellis, and we believe the first in the state to do so.

A CARD TO THE PUBLIC.

Marsh White, one of the most thorough, bright, enterprising, and practical farmers in the vicinity of Lexington, was "left out" in your Lexington edition.

It may have been the fault of the printer, but what's done cannot be undone, so let us charge it to the devil—the printer's devil. Mr. White has a fine farm near Lexington, which is yielding him a fair profit for his labor.

Listen, Will You.

The democrats have a good chance to elect their candidate to congress in the second district. If they choose wisely there will be a democrat in congress from Oregon—East Oregonian.

ELECTION OF OFFICERS.—The Galena Hill Mining and Milling Company have elected the following officers for the ensuing year: Directors, Jacob Frazer, J. A. Howard, W. P. Lathrop, B. F. Renn, Orrin L. Patterson, Chas. F. Coleworthy and W. M. Folsome.

New York Board of Health

SITS DOWN ON A BAKING POWDER CO.

ROYAL'S OLD GAME.

STATE BOARD OF HEALTH OF NEW YORK.

Albany, N. Y., April 23th, 1892.

To John Anderson, Esq.

Chicago, Ill.

Dear Sir:—

In response to yours of April 20th, in regard to

the advertising of the Royal Baking Powder Company I have the honor to send you the following resolution adopted by the Board at its quarterly meeting held in Albany Feb. 11th, 1892.

Resolved, That the advertisement of the Royal Baking Powder Company, quoting the State Board of Health of New York as recommending, through one of its analysts, its purity, etc., is a misrepresentation. In no case does the State Board of Health or its representatives, cause such examination to be made with a view of recommending any particular products.

Very truly yours,

Wm. C. Carroll, Assn. Secy.

The misrepresentation which called forth the resolution of the State Board of Health of New York, printed above, is in keeping with the old tactics of the Royal Baking Powder Company.

First it manufactured a Government Chemist out of whole cloth, and the garment was cut and made to fit Dr. Henry A. Mott, and later poor Dr. Love.

Brought to a turn in this, the same company sought to use the New York Board of Health.

It did not hesitate to send broadcast, the statement that the New York Board of Health had endorsed and recommended the Royal (Ammonia) Baking Powder.

It did not take the New York Board of Health very long to assert itself on this misrepresentation as will be seen from the foregoing letter.

These questionable methods of advertising have never been resorted to by the Price Baking Powder Co. The old-fashioned honest way of making a pure Cream Tartar Baking Powder is much to be preferred. No ammonia to conceal, nothing to bolster up.

The success of Dr. Price proves honesty is the best business policy in food products, as in everything else.

FROM IONE.

There was an interesting meeting held by the democrats of Ione precinct—yes, there are some democrats left and they are fully alive to the issues of the day. Democracy never was ostentatious. It never spends much money for banners and regalia. It never toots a big horn, but when the verdict is rendered next June there will be no weeping and wailing and gnashing of teeth among democrats.

The meeting, we started to talk about, was held on Saturday, April 9th. The attendance was full and the meeting decidedly harmonious. The following delegates were chosen to attend the coming democratic county convention to be held at Heppner, Or., April 14th: Tom Carle, D. W. Lipscomb and R. C. Sperry will represent our interests in the coming convention.

Tom Carle, one of our worthy citizens and the present postmaster, is the favorite in this locality for the office of county assessor. Mr. Carle is a man of sterling business qualities and has a thorough acquaintance with the county and values, having located in this county nearly twenty years ago.

Sheep shearing began on C. A. Rhea's ranch near here this morning. The wool clip will probably bring 10 cents per lb., and under the present protective tariff we hope that a pair of common wool blankets will not cost more than a pair of good horses and an ordinary farm wagon.

Wisdom's Robertine is the only preparation now used by fashionable ladies to perpetuate a beautiful complexion. Ask your druggist for it and do not be induced to take anything else.

Frank H. Snow, Commissioner U. S. Circuit Court at Lexington, Or., is authorized to receive fees for publication of final process. 414 ft.

Electric Bitters. This remedy is becoming so well known and so popular as to need no special mention. All who have used electric bitters sing the same song of praise. A purer medicine does not exist and it is guaranteed to do all that is claimed. Electric bitters will cure all diseases of the liver and kidneys, will remove pimples, boils, salt rheum and other affections caused by impure blood.

THE BIG PAPERS.

The following recently appeared in the Payallop Commerce. Our readers will readily recognize the writer:

Of the greatest paper on earth, I have read the one which Mrs. Frank Ham's absolutely pure ads, without permission of either Price or Royal families.

Payallop Commerce, Payallop Appeal, Heppner Gazette, Tacoma Herald, West Shore, The Oregonian, Walla Walla Statesman, Northwest Magazine, Col. Cockerill's N. Y. Advertiser, S. W. World, Davis Ficens, London Times.

REPORT OF GOVERNMENT CHEMIST. I, the jury in the above entitled trial do find a verdict that in the Payallop Commerce there is no ammonia, alum, bromine, saltpetre, giant powder, or much anything else. Truth, yes, the whole truth. What think you, boys? That it is a rag that cheers, but don't make drunk, and is excellent for lining cabins and wick-o-ups. The only deleterious substance I found was the dogfish oil used on its sweatpower press, and that is carefully concentrated and kicked out after its leaving power has been extracted. (Signed,) BERTNER SAM, Ad. 47 others, Payallop Indians, public chemists of the Nisqually Nation. Attest: A. F. YONK, County Surveyor.

A Warning. Don't Use Big Words. In promulgating esoteric cogitations or articulating superficial sentimentalities and philosophical or psychological observations, beware of platitudinous ponderosity. Let your statements possess a clarified conciseness, compacted comprehensibility, coalescent consistency and a concentrated agency. Eschew all conglomerations of flaccid garrulity, jejune lubbetment and assinine affectations. In trying to impress upon others the superiority of the Wisconsin Central Lines, and why you and so many others use this thoroughfare from St. Paul and Minneapolis and Duluth and Astland to Milwaukee, Chicago and points east and south, it is not necessary to use jaw-breakers. Let your extemporaneous declamations and unprepared expatiations have intelligibility and veracious vivacity, without rhodomontade or theoretical bombast. Sedulously avoid all polysyllabic profundity, petteaceous vacuity, ventriloquial verbosity and vapidiloquent vapidity, shun double entendres, prurient jocosity and pestiferous profanity, obscure or apparent. In other words talk plainly, naturally, sensibly and truthfully say the Wisconsin Central Lines is THE BETTER, and that ends it. 465 ft.

BARNES' DAY.—On Thursday of each week will be "babies' day" at Danner's gallery. Bring along your babies and have their pictures taken, and you will get one photo free of charge. 48 ft.

IONE ITEMS.

We need good roads, and need them badly.

Farmers report seeding about all done and a large acreage of new land is being broken.

The sheepshears are getting ready for the spring clip which will begin in a few days. Sheeps are reported in a good condition.

J. A. Woolery & Co. are receiving orders daily for farm machinery, and will place a number of the Oregon Haines Headers this season.

Business is improving rapidly. Farmers have full assurance of an excellent crop and making arrangements for the extensive harvest "in sight."

B. F. Gibson, a mechanic of marked ability, opened a blacksmith shop here a few weeks since and is doing excellent work repairing. His specialty is relaying plow points.

J. A. Woolery & Co. have made an order addition to their extensive business and will hereafter supply the local demand for lumber, shingles, fence posts and cordwood.

The coming political contest bids fair to awaken the people to a sense of their public duty and we hope that when the busy busy is done, when the battle is lost or won that our county will have a good, efficient set of officials and that the balance of the candidates will then find time to work their road and political taxes.

T. J. Carl, our worthy postmaster, is busy with his farm on the hill and demonstrates the practicability of out-farming. It is safe to predict that Ione will soon be a pretty village where the busy farmers will build pleasant homes and enjoy social and religious advantages that never can be realized in the sparsely settled farming country.

If the agent of the postal department at Heppner would invert the mail sack and shake it vigorously our people here would not complain of having mail returned the next day that is posted at this office, for other points. We don't send out much mail and we are therefore more anxious it should reach its destination, see?

One of the special advantages of people living in villages can be seen in the pleasant evenings "at home." Mr. and Mrs. T. J. Carl entertained a number of friends Tuesday evening. Among those present were Mr. and Mrs. J. A. Woolery, Mr. and Mrs. B. F. Gibson, Miss May Violett, Mr. S. W. Adams, Mr. Jacob McVay and a party from Arkansas. When people see the advantage of living in groups and villages, farm life and farm labor will not be one whit irksome. Solitude destroys the gains of advancement. Ione, Apr. 6, '92. "15-2 15 4"
