Sec. 1. That in order to borrow the sum of fifteen thousand dollars to supply the town with water, there be issued thirty bonds of the town, the sum of \$500, each payable on the 1st day of July, 1912, with interest at the rate of 6 per cent per annum, interest payable semi-annually, namely, on the first day of July and January of each year.

Sec. 2. The bonds mentioned in the foregoing section shall be numbered and set in the proper books in the office of the town recorder and shall contain a provision pledging the faith of the town to the full payment in lawful money of the United States of the principal and interest thereon at the place or places mentioned in the bonds at the time the same may become due upon the surrender of such bonds, or of the coupons for the interest thereon.

Sec. 3. To each of said bonds shall be attached forty coupons bearing the same number as the bond to which they are attached and representing the interest thereon for each half year or semi-annual payment of the same from the 1st day of July, 1912, to the 1st day of July, 1912, and payable on the date thereon named at the place and in the manner provided by section two of this ordinance.

Sec. 4. The bonds and coupons herein before mentioned shall be signed by the mayor and attested by the recorder under the seal of the town.

It was then read by section, and then by title. The rules being suspended, it was placed upon its final passage, receiving the unanimous vote of the council. As judges and clerks, the following were appointed: Judges, E. G. Sloan, A. Wright and W. A. Kirk. Clerks, G. W. Ren and J. P. Williams.

There being no further business, the council adjourned.

A large crowd of Heppner's "three link" boys, accompanied by wives and daughters, went out to Hardman today to attend the I. O. O. F. supper and general celebration of the seventy-third anniversary of the order in America. The Gazette knows that they will have a pleasant time.

Wm. Tillard is quite ill at the City Hotel, with erysipelas in the face. Some days ago he had a little difficulty with a young fellow, and during the melee Wm. received a scratch near the inner corner of the left eye. This has since developed into erysipelas, and threatens to be quite serious.

M. Carrigall, of the Galloway country, was a visitor to Heppner yesterday, and says he longs for a bit of weather propitious to shearing and the like. Down on lower Batter creek, the peaches and other fruit of the kind are not damaged; at least that is Mr. Carrigall's opinion.

Henry Welch got home last night from Portland, and is yet in poor health, though we understand that he was much benefited by his last trip below.

Mayor T. J. Matlock, one of our prominent democrats, has been appointed a member of the democratic state executive committee.

The directors of the Palace hotel had a business meeting today at the office of the First National Bank.

A BAD HAND.—A young fellow named Kucher, who accompanied Father Lama over from Condon, is suffering from a serious case of blood poisoning. Some days ago he cut his left hand severely on a coal oil can. He was in such a serious condition last evening that Dr. Gagen was called to attend him. Today he is much better and able to be around.

SUNDAY'S SERVICES.—Felix Johnson and wife, Mike Henry and wife, and numerous others of our Irish friends were in town Sunday to attend services at the Catholic church, Father Lama presiding. The father will fill the pulpit at this place the first Sunday in each month.

ALL DEBTS on the church building have been paid off by the bishop, to the general satisfaction of the congregation.

IF YOU are troubled with diabetes, gravel, or any derangement of the kidneys or urinary organs, don't delay proper treatment until you are forced to give up your daily duties; don't waste your money on worthless liniments and worse plasters, but strike at the seat of the disease at once by using the greatest of all known remedies, the celebrated Oregon Kidney Tea. It has saved the lives of thousands. Why should it not cure you? Try it. Purely vegetable and pleasant to take. \$1.00 a package, 6 for \$5.00.

THE MASLY WAY.—A man who will mark his paper "refused" in the very town where the paper is printed, as a means of informing the editor that he doesn't want it any longer, is to be pitied. It would be more manly to call at the office and tell them to "stop the paper" as you didn't care for the rag any longer.

THE CROP OUTLOOK GOOD.—Messrs. Becket and Beymer of the Eight Mile section, were in today, and complain much of the backward spring. Though not cold, it is decidedly chilly, winter overcasts being in season. On the high ridges near the mountains, as well as on the Blues proper, a mantle of snow is seen, which has been falling for several days past, when the lower regions of bunchgrass were getting rain. The crop outlook was never better.

SMALL BLAZE.—The cry of "Fire" about 11:45 Saturday night, brought out a goodly number of Heppner's citizens, including Cash Richard and Editor Patterson, each armed with a "babcock". The alarm was caused by a fire in room 13 of the Palace hotel, which was occupied by Chas. Jones and his son, Orval. Mr. Jones had retired, though his son was in bed at the time. When he awakened, the bed covering and the room full of smoke. He immediately got out into the hall, giving the alarm. Brother Hayman responded with alacrity, and with the prompt application of a bucket of water, put it out before the bob-tailed fire department heretofore mentioned had arrived. All returned to their homes glad that 'twas no worse. Master Orval is rather unfortunate in the matter of fires, this being the second of the kind he has experienced in the Palace hotel. It probably caught from the lamp which was overturned; some think by Master Orval's dog, who was in the room at the time of the fire.

THE RACE TRACK.—The interest in the Heppner track should not be allowed to lag at this juncture, for the citizens have seen by their experience of last year, how much benefit the races are to the town. The Heppner Park Association has paid every dollar advertised in the way of purses, and has kept its promises word with all horsemen who chose to bring their horses here and participate in the races. For the first year, it has been exceedingly successful, and now let every stockholder step forth at the yearly meeting, May 10th, and assist in electing the new officers, and don't forget that it is necessary to pay off the debts. It has already paid well, indirectly, and has been no expense to the society, other than the investment required to put it on proper footing. Once paid off, it bids fair to give direct returns. But there's one thing that we all know, that the races make money for every business now in Heppner, so turn out at the stockholders meeting, advertised elsewhere, and represent your interests and those of your neighbors.
