T. R. Howard and family spent their 4th on Eight Mile, and were well pleased with the celebration. Eight Mile is not to be "sneezed at" on any kind of a proposition.

T. W. Ayers, Jr., will remove about Aug. 1st, to the new brick building next door to the City hotel, where he will thereafter be associated in business with Phil Cole.

What is the matter with our correspondents? For a while we had hardly a word from them, they came so fast, but now the Gazette gets not a word. Brush up a little and give us the news of your respective neighborhoods.

Wm. H. Craddock, of Eight Mile, was in the city yesterday. He left this morning for Walla Walla, where he will spend a short time visiting his two sons who are located there. Also his many friends and old neighbors who are located in that vicinity.

Dave McAtee, Johnny Wilmore and Geo. Harrington pulled out yesterday morning for Greenhorn country, where they will hunt, fish and prospect. The Gazette has in its order for a two-ounce nugget and some game, and shall impatiently await their return.

Commissioners Baker and Peter Bruner fell into the harness the first of the week, and are helping Judge Keithly dispose of the business of the county court. This is Peter's first term, but Bro. Baker has been there before and knows the lick pretty well.

"Excuse me, George, but when I saw you a year ago, your face was covered with pimples; it seems to be all right now." "Yes, sir; that's because I struck Ayer's Sarsaparilla, the greatest blood medicine in the world. I was never so well in my life as I am now."

Jeff Kirk guaranteed the Union Pacific branch the sum of \$35 if they would run a special train from Heppner to Lexington on the eve of the 4th, and lost over \$30 in the operation. Had it been known generally that Mr. Kirk was responsible for any amount he would certainly have had more Heppner visitors on that occasion.

E. Neale Johnson, of Portland, a nice looking young man of some seventeen years, visited Congressman-elect Ellis this week to secure his influence in his behalf, being desirous of receiving the coveted appointment to West Point. Mr. Johnson is backed by some of the best citizens of this congressional district.

In old times it seemed to be thought that a medicine must be nauseating to be effective. Now, all this is changed. Ayer's Sarsaparilla, one of the most powerful alteratives, is agreeable to most palates, the flavor being by no means medicinal.

A few days ago a box of oranges was ordered by Wm. Radio, of Long Creek, by express, but when they arrived the box had "leaked" out about one-third of them. Funny how these packages will leak out, but they will do it, just the same.

Our Long Creek patrons are kicking some about their Gazettes being delayed on the line between Heppner and their place. Paper mail is as important as anything else, and should go through without delay.

M. D. Hayman, the veteran "barkeep," visited his son-in-law and daughter, Mr. and Mrs. S. Hornor, of Astoria, last week. M. D. took advantage of the cheap rates on the Bonneville excursion, last Sunday, a week ago.

H. Scherzinger is on the list of those camping at Heppner.

The World Enriched. The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited, and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the spring time or, in fact, at any time and the better it is known the more popular it becomes.

Times Montaineer: Preacher Taylor has inaugurated another scheme to boom the sand dunes of Rockland (across the river from The Dalles) alias North Dalles, alias Grand Dalles. He has incorporated the Columbia River Glass Works of Grand Dalles, Wash., with a capital stock of \$250,000. The people know "Bro." Taylor pretty well, and are not apt to take much stock in his new scheme.

COMING.—The Bedrock Democrat, of Baker City, says under the caption, "Coming This Way." "Teamsters from Grant county state that the entire wool clip of that county and Harvey will seek a railroad outlet at Baker City this year. The reason for this is that better inducements are offered the producer and it is money in their pockets to come to Baker City with their shipments. Another thing that tends to Baker City's advantage is that the road to Heppner is in such a bad condition that heavy loaded wagons cannot travel over it. More than that the Heppner Warehouse Company is not bidding for wool this year with the usual vigor. "What the Democrat going to do with the 2,000,000 lbs of Grant county wool which has already arrived this season? The road to Heppner is counted the best in the state for a mountain thoroughfare, and for prices, the Heppner market leads them all. A lack of cars has interfered some this season, but that is not Heppner's fault, but should be charged to the bad management of the Union Pacific. However, the buyers have plenty of cars now, and all is moving along nicely.

NOT A BAD MAN.—Wm. Hughes, and other responsible citizens here, inform us that the Gazette reporter was mistaken about Johnny Looney, who was recently killed by Ward near Condon, being a "bad man." True he had served a term in the penitentiary on the charge of stealing sheep, but these gentlemen aver that it was a case of "dog eat dog," and that they have their doubts that Looney ever tried to take what was not his own. They inform us that he was generally esteemed by those who knew him best and that his word was as good as his bond. The Gazette reporter got his information from those who claimed to know all about it, hence the statement. In this case, as all others of the kind, we are neither judge nor jury. The killing was done with a shot gun loaded with buckshot, instead of a Winchester, as reported.

A SERIOUS ACCIDENT.—George Pierce, who was nearly killed by the explosion of a giant powder, with which he was celebrating the 4th at Hood river, was a night watchman in the employ of the N. P. R. R. Co., and as such entitled to the benefits of the hospital. It was certainly, in his case, a very fortunate circumstance. He was accompanied to St. Vincent's hospital Monday evening, by said Logan, of this city. His left hand was blown off, and the lower third of the forearm had to be amputated. The right hand palm was badly lacerated, and the center finger blown off. One eye seems to be gone, and he may possibly lose both. He was considerably burned on the chest. It is a very unfortunate case.—Chronicle.

POSSIBLY FATAL ACCIDENT.—Today Master Bert Gay, the eldest son of Hon. H. C. Gay, was painfully and perhaps fatally injured. He was driving in home with a load of hay, when the wagon overturned, Bert falling on the tines of a pitchfork, two of them piercing the abdomen just below the ribs. Wm. Allison came to town for Dr. Fox, and at the time of going to press we have not learned the full extent of the injuries, but hope it is not as bad as reported.

THE BEST.—The editor of the Gazette believes that the Equitable Life Insurance Company, is the best in the field. Every business man should insure, the sooner the better. You may have health and be prosperous today, but how long have you the assurance that it will last? "Take time for the forelock" and call on J. R. Ferguson, Gazette office, agent for the Equitable Life Insurance Co.

HEPPNER'S POST MEETING.—Geo. W. Smith, the genial commander of Rawlins Post No. 41, G. A. R., of Lexington, writes up that the proposed post meeting here on the 30th inst., has been set for the hour of 10 o'clock, a. m. To this the comrades will please take notice. The soldier boys are preparing for a big time, and it is hoped that all who reside in this vicinity will be present.

FROM IDAHO.—George French's letter from Soldier, Idaho, says: "Please send my copy of Gazette from Bellevue, Idaho, to Eagle Rock, Idaho, as I'm out-traveling the dust to get there. There are more sheep on the trail than there are fleas in a California barnyard. However, the sheep are all fat and grass is plentiful."

TAILORING ESTABLISHMENT.—Fred Miller has opened up a tailoring establishment on lower Main street, opposite the City hotel. Fred is a first-class workman, and you will make no mistake by placing your orders for summer and fall clothing with him. 501-8.

PRESS COMMENT. A Weak Candidate. East Oregonian: The nomination of Weaver by the people's party is a weak selection. Some other man—one who was not considered a "reformer"—would have been better. The nomination of Gresham would have been well received all over the country and with some degree of awe by the old parties. It would greatly have strengthened the people's party with the independent masses and better armed it for future contests. Field, the nominee for the vice-presidency, is a Virginian, and a recruit from the democratic party, while Weaver was formerly a rabid republican. So the people's party ticket will develop some strength in both the North and South, as well as in the West, but not enough to injure or prevent the success of one or the other of the old parties.

On the Financial Side. Portland Dispatch: The Oregonian is in a business enterprise and always looks on every side with financial classes. The evening edition cannot expect much from Sheridan Kelly, so it leaves to that paper the task of writing him up for allowing Wilson to escape; while the morning issue offers slight apologies in his behalf. This is what may be considered the fine arts in business. It is like the niggers' con trap—"It catches 'em both, going and coming."

RHEUMATISM neuralgia, and sciatica can always be successfully treated with Ayer's Sarsaparilla. A cure is sure to follow the persistent use of this medicine. Has Cured Others will cure you.
