Mrs. S. Z. Parven arrived on Wednesday evening's train and is now at the bedside of her daughter Mrs. J. N. Brown, who was taken much worse Monday afternoon.
H. E. Warren, of Eight Mile, was seen on our streets last Wednesday. Having had so much sickness in his family this season, Mr. Warren says he is very much behind with his farm work.
Anson Wright reports his sheep in good condition up in the Blines. Though pasture has been somewhat close in this vicinity than for some years, the mountain range is much better.
A very nice monument will soon be erected at the grave of the late Henry Welch. The work will come from Roberts' Marble Works, of Walla Walla, and will be the finest work of the kind in our country.
T. G. Arbuckle, a live young resident of the Lexington country, and a solid patron of the Gazette, was up yesterday. He says that the average yield of wheat in that section is about five bushels per acre.
Be sure and put a box of Ayer's Pills in your satchel before traveling, either by land or sea. You will find them convenient, efficacious and safe. They cure constipation, indigestion, and sick headache, and adapted to any climate.

To manufacturers of the Royal Baking Powder Company, the public owe a large debt of gratitude for the increased purity of articles of food sold at the present day. The reports of the official Government investigations of baking powders show the Royal to be stronger and purer than any other. It is quite evident that neither ingenuity, science nor expense can in any way improve upon the Royal Baking Powder as now before the public.
By some inadvertency of our proof reader, our type was made to say in last issue that Mrs. Geo. D. Fell would take charge of the business recently purchased from Mrs. A. M. Slocum. An "unintentionally" added to "Mr." did the mischief. Mr. Fell will, upon taking charge, enlarge the store room and put in many new lines, requiring his personal supervision and attention.
E. N. Crockett returned from Portland and Clatsop Beach last Tuesday evening, leaving for Long Creek Wednesday morning. Mr. Crockett went down below on the stock train last Friday, and from all reports his trip was not the most pleasant in the world, at least he doesn't care for any more journeys with a stock train.
While building fence up in the mountains, Fred Thomas got his hand badly washed in attempting to put a very heavy pole on top of the fence, one end slipping from the fence and catching his hand between it and the pile. Fred builds no more fence, for a short time at any rate.
Charles Miller, the fruit and vegetable man, came over having a runaway near the South Methodist church the first of the week. Charley had left the wagon, when the team started to run, but by an extra effort he caught the wagon and jumping in seized the reins, stopping the team before any damage was done.
E. L. Matlock, the auctioneer will offer for sale at the Shobe stable, near the Gazette office, on Saturday, Aug. 20th, the following property: Two horses, one buckboard, one cart, one set double harness and one set of single harness. Drop in and get a bargain. 416-16
Some of the Ocedon girls just now do not follow the injunction of the doggerel about "bring your clothes on a lucky limb, but don't go near the water." They are just as fond of a dip in the Columbia as the members of the whiskered sex.—Chronicle.
In conversation with R. W. Robinson, of Eight Mile, last Wednesday he informs our reporter that what threshing has just begun over with them, and is averaging all the way from two to ten bushels per acre, though the best wheat is yet to thresh.

It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Slocum-Johnston Drug Co.

DIED.
In Puyallup, Aug. 11, Dog Dash, aged 10 years, 4 months, 11 days. Faithful friend, bright brain, intelligent eye—forever farewell.—Puyallup Commerce.
Many readers of the Gazette will remember Dash, and what a smart dog he was; how he would climb a ladder, lead a horse, swim under water, dive for rocks, etc. They will also remember when Morrow county was beginning to struggle for life in '84, how he carried the banner for Morrow and Cox, all through the Campaign. They, perhaps, have not forgotten how he used to tree Mrs. Keithley's cats and run all the jackrabbits off Col. Bedington's homestead claim. He was generally recognized as the Gazette dog, and never seemed like himself in the Puyallup climate, and for the past six months had gradually wasted away. For the past month of his life he had to be cared for like a helpless child, but his gratitude was the last thing to leave him, and with the last particle of strength he wagged his tail and smiled out of his beautiful brown eyes. Col. Bedington tried hard to get him on his feet again as he did "Old Jack", but all to no purpose. He was but a dog, but a mighty intelligent one, a gentle, trustworthy animal.

Strength and Health.
If you are not feeling strong and healthy, try Electric Bitters. It is grippes has left you weak and weary, use Electric Bitters. This remedy acts directly on liver, stomach and kidneys, gently aiding those organs to perform their functions. If you are afflicted with sick headache, you will find speedy and permanent relief by taking Electric Bitters. One trial will convince you that this is the remedy you need. Large bottles only 50c at Slocum-Johnston Drug Co.

M. Lichtenhal & Co. have just received a fine lot of ladies' kid, button and tie shoes. At bottom prices.

OREGON STATE FAIR
The State Fair for 1892 commences on the 12th day of September, and lasts one week. The State Board of Agriculture has made, and is now making many changes and improvements, which add greatly to the beauty of the grounds and to the comfort and convenience of exhibitors, patrons and visitors. There are two electric street railway lines running from Salem to the Fair Grounds, thus affording pleasant and rapid transit to and from the grounds to the city. The exhibits in all departments promise to be large, being stimulated by the offer of liberal premiums. The grounds and pavilion will be lighted by electricity, and the pavilion will be open four nights during the week. Good music will be furnished for the Pavilion Concerts each evening, and on the grounds during the day. Entries for premiums will close at 3 p. m. the first day of the Fair, and all those who can make their entries on Friday and Saturday before will avoid the crowd. All exhibits must be in place by 10 p. m. of the first day of the Fair.
Send to G. W. Watt, Ass't Secretary, at Salem, for a premium list.

THE FALL RACES—The Heppner Park Association has decided to have their fall races on Oct. 19, 20, 21 and 22. The purses will amount to over \$800, and should there be no race for horses that may come here, races will be made for them, should there be enough to enter and start. These races have been arranged so that there will be no conflict with other associations of Eastern Oregon. A general invitation is extended to all horsemen to be present, and more than all the people and business men of Heppner, who patronize the association very little last Spring. If you desire the meetings to continue our people must attend the races and help them along.

A BAD HAND—Last Tuesday evening, Dr. E. T. Gagen, assisted by Dr. E. R. Seaburn, removed from the hand of Lee Kilbourne, the larger part of a common sewing needle. Lee was looking after some sheep up in the Blines, in the capacity of campender. The header had left a needle sticking into the table, and in the work of clearing away the dishes after a repast, Lee accidentally struck the needle with his hand, which entered the flesh eye first, breaking off about two-thirds of it. All efforts to remove it were unavailing, till he fell into the hands of the Heppner physicians heretofore mentioned. The needle, when removed had traveled an inch or more from the point of entrance.

ACTIVE OPERATIONS BEGUN—H. V. Gates arrived from Hillsboro last evening, accompanied by Isaac Farris, an engineer from Hillsboro, and Bert Webb a drill man from Portland. Active operations will begin at once. They first propose to clean out the artesian well put in a six inch pump, and thoroughly test it. If the test is not satisfactory, wells will be sunk in the vicinity; but in the event that the artesian well is found to be adequate, the work of putting in the electric lights will be begun at once.

BACK TO EASTERN OREGON—A train of emigrants passed through town last Tuesday on their way to Heppner. They left Pendleton last May, expecting to find something better down in the Valley, but it proved to be the same old story—the Willamette Valley or bust—Busted by Jiminy. They spent a month or so in Douglas county, and then started on their homeward journey again. Eastern Oregon excels every other country on earth for a man with means or in poverty.—Antelope Herald.

MANUFACTURING BOARDS—Geo. Swartz came down from the mountains last Monday evening, where he says Johnny Elder and himself are manufacturing some of the finest boards ever seen in the mountains. Some kind of elm boards, we think, though don't remember the name. At any rate, Johnny makes the boards and George acts as traveling salesman for him, though while here his principal occupation seemed to be playing poker on the strength of the job.

DOES IT PAY TO HOLD YOUR WHEAT?—The North West Miller says: "The total stock of last season's wheat at Minneapolis and Duluth in elevators unsold is 9,158,650 bushels. The total in Northwestern elevators in Dakota and Minnesota is 10,125,450 bushels. This is an exceedingly large surplus for this section to carry over. Farmers will give little weight to alliance circulars to 'hold their wheat.' They have lost over three million dollars by so doing."

SURPRISE PARTY—A surprise party was given Misses Dolia Parsons and Leua Patterson last evening at the home of Mr. and Mrs. Otis Patterson, a number of Heppner's young folks gathering at the house during their absence. These present passed the hours away at different amusements, after which, ice cream and cake were served.

An Eloquent Methodist Pastor
Rev. E. G. Scott is pastor of the Methodist Episcopal church in Iowa Falls, which he is now serving for the 8th consecutive year. This eloquent and popular clergyman thus adds his endorsement to Dr. Webb's electrical appliances: "This is to certify that I have been using Dr. G. F. Webb's Electric Belt and that I have received great benefit from the use of it. For several years I have had dyspeptic and nervous trouble, and have sought relief from it in many ways, but without success until I began to use the Dr. Webb Electric Belt, some four weeks ago. Since that time I have constantly been improving from my trouble and now feel that I am entirely free from it. Of the virtue of this Belt I have not the slightest doubt, and do not hesitate to recommend it as invaluable to any one who may be afflicted with dyspeptic or nervous trouble. It will bring you good digestion and sound sleep."
