T. E. Fell returned Friday evening from his trip over to the Sound. Thereon reports the Sound towns as beginning to recover from the effect of the booms.

The monotony of haying was relieved by a horse running away with the hay rake down at W. E. Dutton's ranch last Saturday morning. No serious damage however.

George McKay, from Waterman Flat, Grant county, returned on Friday evening's train from Portland, where he had gone with cattle, which he disposed of at a fair figure.

Chas. Sheldon bought Joe Williams' half interest in the Arcade saloon, taking possession last Friday afternoon. The firm is now composed of Chas. Sheldon and J. A. Kleckner.

Lon Markham was in town Friday. In conversation with him he informs our reporter that he is very well pleased with his crop, considering the year; his wheat averaging ten bushels per acre and his rye nine.

Four of the largest mules ever seen in Heppner, were brought in yesterday afternoon, the property of Benj. Sperry, of Ione. On being weighed they tipped the scales at, respectively, 1325, 1250, 1268 and 1164 pounds.

Mr. Henry Blahn, accompanied by his wife and child, arrived in Heppner Saturday evening, direct from Germany, and is now stopping with his brothers-in-law, Mat Lichtenthal. Mr. Blahn will likely locate in the Willamette valley.

A. G. Bartholomew was taken quite sick last Thursday, while in Heppner with fruit. He was first taken with a chill which afterwards affected his heart. Saturday evening Mr. Bartholomew was quite sick, but since then has been improving.

In attempting to weigh the cattle that T. Bea and Sam Kinsman had brought in to deliver to the American Dressed Meat Co., last Friday morning, the scales at the depot were broken, necessitating their going to Troutdale with the train load, where they were weighed and delivered.

Fruit is often shipped from the Willamette valley to Eastern Oregon, but it is not very often that the shipment is made the other way, but such was the case last Thursday, a large box of fruit being shipped from Heppner to North Yamhill, Yamhill county.

While in Portland recently Henry Scherzinger secured from the leather manufactory a piece of walrus leather about two inches in thickness; also the matrix of the first issue of the Oregonian. This is the impression of the type made on a piece of very heavy pulp board. It is from this that the stereotyped form is made. Both trophies are of interest.

Gov. Bea and Nathan McBee got home last Friday afternoon from Grant county. While there they spent the greater portion of their time at McDuffy springs, where they report a great time, and a look at them would convince you of this. Mountain trout, grouse, venison, and all such luxuries, was a common thing with them.

W. A. Fisher, of Haystack, was in last Thursday, with a fine load of watermelons, which he disposed of very readily, though he did not forget the Gazette office. Mr. Fisher has the finest melon crop that he has raised for a good many years. Fruit in the Haystack section is also very fine this year, though the watermelons have been very destructive to the early varieties. The grain crop will average about 15 bushels per acre, he thinks.

SUDDEN DEATH.—Last Friday afternoon, while returning home from Heppner, where he had been assisting in driving cattle, Walter Rhea, the youngest son of T. A. Rhea, was thrown from his horse, near Rhea creek, rendering him unconscious. At first it was thought that he was only stunned, and that he would soon recover consciousness, but several hours later on going to his bed, he was found to be cold in death, no one knowing what time he had died. As Mr. Rhea had gone to Portland with the cattle, he was telegraphed for at once, and just in time to catch the Saturday morning train, returning that evening. Funeral services occurred at the grave yesterday at 1 o'clock, in the city. The Knights of Pythias, of which Mr. Rhea is a member, accompanied the remains from May street to the cemetery. Walter Rhea was the youngest son of Mr. and Mrs. T. A. Rhea, was 13 years, 3 months and 19 days old, and a bright, faithful, upright boy. In the hour of bereavement the Gazette extends sympathies to the family.

ANOTHER ACCIDENT.—Late this morning the Gazette learns that Willie Shaise, the younger son of Rev. Shaise of this city, met with a very painful accident yesterday afternoon while playing on the turn table at the engine house, near the depot. Willie was riding on the turn table, while it was being turned, and accidentally got his foot caught between the table and the foundation, crushing and spraining it very badly, though the physician thinks there were no bones broken. The foot was wedged so tightly that it was only by the use of a crow-bar that it could be removed. At any rate, this will likely render him a cripple for several weeks.

SURPRISE PARTY.—Prof. Wier's pupils dropped in on him unexpectedly last Friday evening and presented him with a beautiful chair, as a token of their regard for him, Jay Shipley making the presentation speech. A splendid luncheon was served, and the occasion much enjoyed. There were present the following pupils: Prof. S. Marth, Neville, Melvin Logan, Julia Hart, Fred Hart, Benny Patterson, Frank Jones, Jessie Wells, Roy Glascock, Mand Glascock, Grover Smith, Emery Leezer, Frank Borg, Johnny Horner, Leslie Matlock, Walter VanDyke, Jay Shipley, Lillie Biebee, Mabel Leezer and Ellen Crabtree.

RUNAWAY.—Last Friday evening an Newton Jones was going up the mountain camp, his team became frightened, and getting beyond his control ran away, upsetting the backboard and throwing Newt. out with great force, bruising him very badly especially on the head, leaving him in an unconscious condition. The backboard was left at a convenient place by the roadside, while the team ran on with the tongue and neck yoke. At first Newt. was thought to be in a very critical condition, though it reported much better today.

BUT ONE LOST.—Conductor French returned from the John Day country safe and sound, but his prairie schooner looked as if he had crossed the path of a Kansas cyclone. One of his party, and one who poured out his spirits of joy for the benefit of the camp was so unfortunate as to have his neck broken on the return trip. He was a Mr. Demi John from Kentucky. Mr. French says he will remain on his run until he is thoroughly rested before taking another such a trip. —Wasco Sun.

A MODEL COURSE.—Prof. A. W. Wier, superintendent of our city schools, recently received a communication from Miss Ada M. Jones, the instructress at Hardman, asking for a copy of the course of study adopted for the Heppner schools, which was recently printed in the Gazette. Miss Jones is making an effort to build up the system in the Hardman school. She also states that some of her pupils will attend school here, in order to take advantage of our excellent course, when the term closes at Hardman.

HOUSE BURNED.—Early last Sunday morning Dave Hamilton's house, up in the mountains near Bishop & Biebee's mill, which was occupied by Wm. Gosney, was burned to the ground. The fire caught on a defective fine wire. Gosney was preparing breakfast, and in a very short time the entire building was wrapped in flames. Most of the family's clothing, the bedding and a small amount of provisions, was about all that was saved. No insurance.

DROVE OFF THE GRADE.—Last Thursday M. B. Lipscomb, an old gentleman past three score and ten years, had the misfortune to run off the grade while coming down the mountains with a very heavy load of wood. One of the horses was badly hurt, and Mr. Lipscomb considerably bruised up, though his injuries are not serious. The old gentleman is quite feeble and also nearly blind. This being the case one is led to suggest that such an old man should leave the task of wood-hauling to some of the boys.

LOST.—S. L. Leffer, while on his way to Black Butte recently, lost off his wagon a gunny sack containing five pairs of hobbles and a bell. The articles mentioned were lost on the road somewhere between Mr. Leffer's residence near Clark's canyon and the mountains. Finder will confer a favor by returning same to this office and receiving the reward of \$1.00 offered for the return of the same.

NOT A GOOD RIDER.—Last Saturday afternoon while Alfred Gentry, the young son of W. O. Gentry who is employed in Hayes Bros' harness shop, was attempting to ride a velocipede in Gilliam & Biebee's hardware store, he had the misfortune to be thrown off, and slighting on his hand in such a way as to break the radius bone near the joint and break the wrist. Dr. Swinburne set the broken limb and the patient is doing as well as could be expected under the circumstances. However, we'll warrant that Alfred will not try velocipede riding again soon.

Mrs. Sweetser, wife of S. W. Sweetser, a prominent farmer of Black Horse who has suffered for years from a malignant growth in the vicinity of the spine, was operated on recently in this city by Drs. Gagen and Swinburne. She is now, we are pleased to note, recovering from the effects of the operation. Mrs. Sweetser's mother was afflicted with a similar cancerous growth, this case illustrating the hereditary tendencies of these abnormalities.

Recently a little son of Mr. W. Hague-wood, who resides in the vicinity of Rhea Creek, inserted a small piece of rook in his ear, the foreign body pressing against the tympanum or drum of his ear. Being brought to town for medical treatment, he was placed under the influence of an anesthetic, and the offending body removed successfully by Dr. Gagen.

The sale of the household furniture belonging to T. G. Dundas, in front of the old Gazette office last Saturday afternoon, attracted quite a crowd, notwithstanding the fact that the wind was blowing at a great rate. Everything sold at a good figure under the hammer of E. L. Matlock, the efficient auctioneer.

Prof. Geo. A. Bethune, State Chemist of Washington, after actual analyses made by him pronounced "the Royal Baking Powder the strongest, purest and most wholesome baking powder in the market." The Royal Baking Powder destroys the dyspeptic qualities of hot food.

In conversation with J. F. Willis, of Lexington, yesterday he informs us that he has just received word from Sioux City, Iowa, that his son Charles is very low with the consumption, and at present he is considering the advisability of bringing him to this coast for the betterment of his health.

You can never have a really good complexion until the impurity is cleansed from your blood. What you need is a thorough course of Ayer's Sarsaparilla, which is absolutely free from all harmful ingredients, and therefore, perfectly safe.

The system is rendered malarial proof when the blood is kept pure and vigorous by the use of Ayer's Sarsaparilla. At this season all should have this admirable preparation at hand. Malarial poison is harmless when Ayer's Sarsaparilla is used.

N. R. McVay, of Gooseberry, while in the city Friday, informed us that his grain crop was a fair one this year. His average will be ten or twelve bushels on all the summer-fallow, which taking every thing into consideration, he thinks very fair.

Chas. Lewis gave up his position as book-keeper at The First National Bank last Saturday, leaving yesterday morning for Montana. Will Spencer takes his place as book-keeper at the bank.

Mrs. A. Matlock and little daughter, who have been visiting with Mrs. A.'s parents, Grandpa Florence and wife, for several weeks, returned on Saturday's train to their home in Walla Walla.

The Gazette family was the recipient of a very fine sack of corn and potatoes last week, with the compliments Mrs. Fry Wilson, of Monument, for which thanks is extended.

Dr. L. F. Shipley and son Frank, returned Saturday from McDuille springs. The Dr. was much benefited by the trip, but Frank came back but little better.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
