National Republican Ticket.

FOR PRESIDENT, BENJAMIN HARRISON, of Indiana.
FOR VICE-PRESIDENT, WHITEHAW REID, of New York.
FOR PRESIDENTIAL ELECTORS, J. F. CAPLES, of Portland, H. B. MILLER, of Grant's Pass, G. M. IRWIN, of Union, D. M. LUNNE, of Portland.

HARRY JEWETT, of New York, has broken another record. This time it is a 220 yard run in 21 1/2 seconds, at Montreuil. This breaks both the world's and the Canadian records.

P. S. GILMORE, leader of the famous Gilmore band and a celebrated musician, died at his home at St. Louis on the night of September 24, aged 63 years. He was born near Dublin, Ireland.

GOVERNOR RUSSELL was unanimously re-nominated for the office of governor of Massachusetts, by the democratic convention last Tuesday. James B. Carroll received the nomination for lieutenant-governor.

A SPECIMEN of Bost tin has been brought into Pendleton from John the Day country. The Tribune says it is supposed that the mother lode is in close proximity, although it has not been discovered. A thorough search is to be made at once.

COL. W. H. H. WATKINS, who died at Salem recently, was well known throughout Oregon, being at one time editor of the Bull tin at Portland and afterwards of the Salem Statesman. He was a man with a warm heart, and to know him was to like him.

MR. E. C. PENTLAND, will return to his first love, having again purchased the "Independence West Side," and will take the management of that paper on the first of the month. Pentland made a success of that paper, building it up to where it is today.

NO MORE "scientific boxing contests" will be billed for the Pastime club of Portland until the courts decide whether the Aber-Statu party shall go free to jail. It is imprudent to follow the verdict, it is safe to predict that there will be a pugilistic fall in Portland for a short time at least.

GOVERNOR PENNEYER is soon to begin a series of speeches for the people's party. Penneyer is the biggest gun in the party on the Pacific coast, still with his new political affiliations, it is to be seen that the old man can hold any office to which he aspires, that is, within the power of the people of Oregon.

NANCY HANKS has again lowered her record, this time on the regulation track at Terre Haute, Indiana, changing the mark from 2:07 to 2:04. This eclipses all previous records, not excepting those on the kite-shaped track. By this feat, Duble, Nancy's driver, wins the \$5,000 prize offered by Robert Bonner to the first horse that went 2:05 on a regulation track.

THE cashier of the Wasly, Washington, bank was held up last Saturday by five masked men, while the safe was relieved of \$10,000. The work was performed in Jesse James style, and every one who attempted to resist was either knocked down or shot down. Although officers have been on their track ever since, yet they have failed to capture them up to date.

GEN. J. W. FRANK, of Enreka, Humboldt county, commanding the sixth brigade of the National Guard of California, has died at St. Helena, of consumption. The general was a native of Maine and during the war commanded a company in the first District of Columbia cavalry, which participated in many battles of the Pennsylvania, but which became chiefly distinguished for capturing the assassin of Lincoln, J. Wilkes Booth.

THE republican campaign was opened in New York city Wednesday night by addresses by Messrs. Reid, Platt, Miller and Dewey. The hall was crowded and many left because they could not get in. As the democratic party were especially worried over the action of the latter three gentlemen at the Minneapolis convention, it is now to be hoped that they are satisfied, for as Dewey has "Brotter" Miller, Platt and I got on the opposite side of the fence at Minneapolis, but we're as frisky as lambs in the same lot now.

AT THE parade in Portland recently, a looker on, who is evidently more of a democratic politician than an Odd Fellow, gave audible expression to his mental propensities as the carriages passed containing state delegates: "Virginia that's for Cleveland; South Carolina, Cleveland; Pennsylvania, that's for Harrison; Georgia, Cleveland; Louisiana, Cleveland." Finally the carriage containing Ontario delegates displaying the British flag was greeted the same, "that's for Cleveland." A bystander said he deliberately turned away remarking "I have no doubt you are correct."—Hillsboro Independence.

THERE is being built across the Colorado River at Austin, the capital of the State of Texas, a massive granite dam the object of which is to furnish the city with water works and electric light, and to also furnish manufacturing enterprises with cheap water power. This wonderful structure is being built by the citizens of Austin, who at a public election voted to bond the city in the sum of \$1,400,000 for this purpose. The

dam is 1,200 feet in length, and 60 feet high. It is 16 feet thick at the top, increasing downward and spreading out in a broad base or apron, making its extreme width at the bottom 53 feet. Not for its length or height alone is the dam noted, for in England there are four whose length is greater, while as many excel in height. But none of these dams are upon great rivers, and very few have any water pass over their crest. On the other hand, the Austin dam stands in the channel of the Colorado River, where it has 40,000 square miles of watershed, and will have floods of 200,000 to 250,000 cubic feet of water per second to pass from its crest to its toe. In all it is one of the greatest undertakings ever inaugurated.

GO WHERE you will in Heppner and you will find more building going on than you have noticed for some time. In fact, Heppner is growing at an unusual rate. It pays to build good school houses, and also to have first-class schools in them. It also counts to provide your town with adequate protection against fire, and other modern conveniences. Every resident of Heppner ought to be able to see this, now that it is practically demonstrated. Through times are considered rather dull for this section, property in Heppner is worth more today than it was six months ago. Why? Because it is more desirable. Even the gentle slopes adjoining Heppner, now that they will soon be convenient to water for all purposes, will be in demand for residences, and, in time, will be the choicest in Heppner.

HIS LETTER OF ACCEPTANCE.

Cleveland's letter of acceptance has at last been made public. Cleveland is the "green-bee" of democracy, but his letter shows that the "drones" have gotten in their work here and there. It gives the soldier some hope, but places lots of emphasis on the word "actually." The tariff plank of the Chicago platform is modified, so far as "tariff for revenue only" is concerned, and the people notified that free trade is out of question. Commissioners Peck and Wadlin's reports no doubt had something to do with driving out of Grover's letter the free trade ideas.

THE McKinley bill is hurting England fearfully, and they do not like this working on the part of the ex-president. It is such a departure from the Chicago platform that the St. James Gazette, and Globe, of London, comment as follows on it: "St. James Gazette: 'Cleveland's words have but one meaning—the democrats have no intention whatever of adopting free trade. The democrats are more opposed to tariff reform today than in 1888. We can therefore only coincide in the opinion of party leaders, who make it their business to watch public opinion, that the McKinley tariff has not made protection less popular. We have to doubt, even if Cleveland wins, that there will be a great change in the fiscal policy of the United States.'"

THE Globe says: "Cleveland has decided that America has not yet had enough, at any rate not too much, of McKinleyism, and he does not intend to abandon it."

SENATOR BLACKMAN TALKS.

What he had to say to an East Oregon Reporter on Various Subjects.
From the East Oregonian.
Senator Henry Blackman, formerly Mayor of Heppner, who ably represents Morrow, Grant and Harney counties in the legislature, spent last evening and this morning until the departure of the 10:30 west-bound train in brief but pertinent interviews with his many friends in Pendleton. Just at present Heppner is rather quiet, though business is increasing and the outlook is good for the fall and winter. While a year ago there were many houses to rent, at present there is a demand that cannot be filled. The first term in the new \$12,000 school house began yesterday with six teachers and a large attendance for the first day. Work is progressing favorably on the water and electric light systems. On a pumping test the artesian well yields 216,000 gallons of pure water per day, sufficient for the present needs of the city. When necessary another well will be sunk. The water rises in the present well to near the surface and a large pumping basin is to be excavated, from which the water will be raised to a reservoir at a sufficient elevation to give ample force for all purposes. When completed the system will be perfect. Delivery of the poles for the electric light, will begin tomorrow. The streets are to be made bright with arc lights, and incandescent lamps will be placed within doors. Stock are in good condition. The present price of sheep is expected to continue. Like her neighbors, Morrow county suffered from short crops this season but there is no lack of feed or seed, and a greater area than ever before will be sown this fall.

THE prospects of the country are encouraging. Interest in politics increases as the presidential election approaches. The political outlook in the country is rather mixed, owing to the existence of three parties. There will probably be a canvass over the last vote in the strength of the people's party, though not at the expense of the democratic party. Mr. Blackman, who is an apt interpreter of the signs of the times, is confident that Grover is the coming man. The senator expects a lively session of the legislature this winter. The indications now are that the tax bill will be one of the principal causes of contention. He is in favor of amending the tax laws so that the poor man shall not, as now, be forced to pay more than his proportion of the taxes while the rich man escapes. First, last and all the time he is for an open river, and will always work to that end. In this as in many other respects the interests of Unatilla county are identical with those of the district he represents, and while his first duty is to its immediate constituents he always labors earnestly for the greatest good to the greatest number. As a legislator Mr. Blackman

is an active worker, always on the alert, and made a good record last winter. He expressed his gratification at the evident prosperity and improvement in Pendleton, and predicted a bright future for the city and Unatilla county.

REDEEMED HIMSELF.—Yesterday morning the Gazette received from Prof. D. Martin, Seattle, Wash., the amount due on printing. The work in question was done on July 30th, and when Prof. Martin left here had some Geo. O. D. to Portland. After some weeks, the express company notified us that the package had not been called for, and that we must dig up expressage from Heppner to that point, and if we wanted the package, would also have to pay for its return to Heppner. Inasmuch as the package contained a lot of "dates" that were wholly useless to us, we didn't appreciate the prank that the professor was playing upon us; would you, kind reader? And one reminder did not settle it, either, for the express company never stopped telling the office about the Martin package. An express company's business is like the "nigger's" con-trap, "kelebes 'em both gwine and a-comin'." But the fact that Prof. Martin has finally come to the center, relieves him of the undesirable title of "bilk," though we must say that he could have saved himself some newspaper notoriety by writing us long ago why the package had not been called for.

ANNOUNCEMENT.

By authority of the annual conference of the M. E. church, I am at Heppner for the coming year's work. Truly, "the harvest is great; the laborers few." Let us in every good work sympathize and co-operate one with another. Services Sabbath morning, subject, "The Pillars of the church." Evening subject, "Our commissions." Bro. Rasmus will not be present. J. M. SHELTON, Pastor.

What Ails You?
If you have sudden darting pains in the joints or muscles, and it recurs every time you get cold, and appears in new places without leaving any of the old ones, the best thing to do is to send five dollars to the Drummond Medicine Co., 48 50 Maiden Lane New York, for a bottle of Dr. Drummond's Lightning Remedy for Rheumatism. It will cure you the wise in time and do not be fooled with anything else. If you have got the above symptoms you have got the Rheumatism, and if the druggist tells you the truth he will say Dr. Drummond's Remedy is the only known cure. Agents wanted. 29

STATE OF OHIO, CITY OF TOLEDO, Lucas County.
FRANK J. CHENEY makes oath that he is the senior partner of the firm of F. J. CHENEY & CO., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATARRH CURE.
SWORN to before me and subscribed in my presence, this 8th day of December, A. D. 1892.

A. W. GLEASON, Notary Public.
HALL'S CATARRH CURE is taken internally and acts directly on the blood and mucous surfaces of the system. Send for testimonials, free.
F. J. CHENEY & CO., Toledo, O.
Sold by Druggists, 75c.
