Here and There.

Don't overlook the Ladies' Bazaar. J. O. Williams took in Tuesday's race. Ed. Rood arrived from Idaho Tuesday. Milt Hale, of Wagner, was in yesterday. Bill Tillard got in Wednesday to attend the races. Fred Miller knows how to give you a good ride in tailoring. Wes. and Ed. Matlock came in Wednesday to attend the races. Mrs. R. J. Gilmore arrived from below Wednesday evening. John Shaw is in from Lower Butler creek attending the races. The home of Rip Van Winkle's wood-law is heard in our little city. The Geo. and Palace saloons for fine liquors. McAttee Bros., Props. Ed. Holloway was in Wednesday from his possessions in lower Morrow. Ralph Dittmer and J. E. Hayden, two local drummers, are in town. Sam Morgan and J. H. Edwards were over yesterday from Sand Hollow. Joe Woodruff, the lone merchant, took in the races here Thursday and today. Mrs. A. L. Dunbar departed Tuesday for her home at Little Rock, Arkansas. Frank K. Hoge, wife and children, arrived home from Salem Tuesday evening. Andrew Neel and family are in from Lone Rock to be present at the Heppner festivities. Johnny Christmas arrived Tuesday afternoon from Lone Creek to take in the races this week. Alf Conner and John Ambrose, of the Lone Creek country, are taking in the races this week. H. V. Gates arrived from St. Louis Tuesday, and departed Thursday morning for Hillsboro. "Cuddie" John Lockman has about completed his full contract for hauling wood to Heppner. H. A. Mithy and wife left Monday to visit their daughter and family at Jefferson, Oregon. Tappan & Son still shoe horses and do general blacksmithing at the old stand Matlock corner. Jerry Phillips, carpenter for C. A. Rhee, has brought in his hands, all in excellent condition, too. D. W. Luce and wife and J. F. Harden, of Canyon City, arrived Friday going on down to Portland Saturday. Bert Webb, the drilman, who has been employed on the artesian well, left for Portland Wednesday morning. J. M. Smith came over from Lone Rock Tuesday evening to be in attendance at the races and celebration. A Byrd, Walla Walla's affable pool man, is in attendance at the races. Mr. Byrd is in business in Walla Walla. Arthur Amernum came down from the Hamilton mill Monday to attend the races and the Columbia celebration. A R. Bartholomew was selling potatoes on our streets this week at 14 cents per pound. They came from Milwa, Or. C. C. Reininger and T. J. Cannon have completed a summer's rafting, and are taking it easy in Heppner's metropolis. Miss Powell, niece of the Powell Bros. of Sand Hollow, arrived Tuesday to attend the races and the Columbia celebration. Some one "swiped" a \$20 piece off the Gen but last Wednesday evening during the "excitement," but the culprit is unknown. Mrs. A. J. Stevenson is prepared to do all kinds of nursing. Call at her home in north Heppner, or address her at this place. 518-tt. Hyatt Ketchum whiskers. Hatt & Mathews, at the city barber shop, the place to get a first-class shave, hair-cut or shampoo. Tuncie Billy Gilliam was in Heppner yesterday, for the first time since he met with the accident last spring in which he was seriously injured. Geo. Akin, Att's old driver, is in attendance at the races, and takes much interest in the proceedings as when he was king of the snaky. Master Clay French is the authorized agent for the Oregonian at this place. Subscribers through him, and have your paper delivered free of charge. No greater trim in medicine or chemistry has been recorded than Hall's Hair Renewer to revivify and restore gray hair to the color of youth. A Little, wife and daughter and Miss K. Wagner, from Melebin, and Miss W. Monday evening, a visit to C. S. and G. R. Wagner, of Wagner, Or. Married—At the residence of the bride's parents, at Lone, October 6, 1892, Arthur W. White and Miss Ella Blake, both of Morrow county, Rev. B. F. King officiating. Newer and neater quarters at the Palace Hotel's north business room. Charley Jones, the barber, wants to see his old friends there. Baths in connection. Mrs. Jones, sister of Sam Harliss, of Lone Creek, arrived from Puyallup Wash., Saturday, and has been visiting with the family of G. W. Richard, of this place. The latest dentistry, crown and bridge work, most successfully accomplished by Dr. B. F. Vaughan. Gas administered when desired. Thompson building, Heppner, Or. "Not all is gold that glitters," is a true saying. It is equally true that not all is sapparilla that is so labelled. If you would be sure of the genuine article, ask for Ayer's Sapparilla, and take no other. Health is too precious to be trifled with. If you wish to secure a certain and speedy result, when using Ayer's Sapparilla, be careful in observing the rules of health, or the benefit may be retarded. A fair and persistent trial of this medicine never fails, when the directions are followed. There is no use in suffering with rheumatism as long as you can get Congo Oil. It is for sale by all druggists at \$2 per bottle, but it would be dirt cheap at four times the price. It is a positive cure for rheumatism, and no mistake. Try it and be convinced. 11-tt. Mediames Mrs. Lewis and Jackson arrived from Lone Creek last Wednesday evening, Mrs. Jackson leaving for the

Dalles Thursday morning. Mrs. Lewis started back to Lone Creek on the same day. Morrow county had a first-class fruit crop this season any way, and our people have had no trouble in securing all they desired at reasonable figures. The ball-on occasion was billed to occur on the 19th inst., but Miss May Miller and her company did not appear. She expected to take this week. Mr. and Mrs. J. N. Elmer and the little folks are visiting Mr. and Mrs. F. O. Bucknum in Portland this week, having departed for there last Monday. Prof. A. S. Farnel, of Elia, was in town this week, and will shortly move to the valley, for the winter at least. The Post is still selling some standard works. The Oregon Weather Bureau has been located on the north floor of the Oregonian building, the old office in the Kamm having been destroyed by fire recently. Mr. C. O. Wilkey, representing C. G. Wilkey & Co. of Walla Walla, agents for pianos and organs, was in Heppner this week. The Gazette publishes their ad in this issue. Dave Hamilton is having constructed a good, substantial residence here in Heppner, and is moving his family in this week. Mr. and Mrs. Hamilton will hereafter make Heppner their home. Through strikes in the East, it is impossible for the Heppner Water & Light Co. to get their pipe delivered before Nov. 15th or Dec. 1st. This will delay the completion of the works to some extent. W. E. Smith and R. J. McKinnin, cattle raisers in Harvey county, called on Heppner Tuesday from Burns, a distance of 150 miles, to lay in their supplies for the winter and to attend to other business. A special train took out a lot of cattle Thursday, destined for the Sound section. Our reporter noticed that Engineer J. W. Remy was on this train, also trainmen John Sterling, J. J. Burns, J. T. Skel and John Smith. The supper given at the old Record building, Wednesday evening, by the sisters of the Baptist and Christian churches, also assisted by some of the Methodist sisters, and others who were not members of any church, passed off very nicely. The net proceeds, amounting to \$23.85, will be expended for song books for the Baptist church and Sunday school. The Heppner Cornet Band also deserves praise for some excellent music rendered for the occasion. H. V. Gates got back to Heppner from his Eastern trip last Tuesday evening, having been away about a month, during which time he has seen a great deal of the prairie country of Iowa, Kansas and Nebraska. Mr. Gates reports everything booming with the people, better crops than they have had for years past, money plentiful with the farmers, and in fact everything looking prosperous. This is indeed fortunate for the people of that section, for it has been several years, since one has failed to hear the cry of hard times, failure of crops from hot winds, grasshoppers, or some other pest, from those people. NEARLY A SMASHUP.—A J. Long, representing the Portland house of Long & Scott, arrived on Wednesday's train, remaining in Heppner over Thursday. The train on the main line was delayed nearly two hours, about one-half a mile this side of Rooster Rock, caused by a broken rail. A huge rock had fallen down the mountain side, breaking a rail and derailing it more than twenty degrees. A young lady music teacher, who happened to pass this way, noticed the broken rail and flagged the train preventing, probably, a serious smashup. Mr. Long said that the grateful passengers made up a purse and presented it to the young lady. ROBBED THE ORCHARD.—Tuesday while W. G. Byers' hired man was absent from the ranch up Hutton creek some miserable miscreants went into the orchard and took all the apples from the trees, except about a sackful. This is thievery with a vengeance. There were two of them, as was seen by tracks made, and should they be caught in the meshes of the law, Lord pity them. SOME FINE FRUIT.—Felix Johnson dropped in yesterday with some fine fruit, apples and a sample of the "Irish oranges." Felix raised the apples himself and they are beauties. The spud grew in the garden of Joe Vey, who lives near him, and is a monster of its species being 10 inches in diameter and 13 inches long. Felix says Joe has plenty of that sort. BACK FROM WASHINGTON.—D. W. Horner got back Wednesday from Wilbur, Wash., where he had been for some days looking after his interests up that way. He was well pleased with the growth of that town, as well as adjacent sections. Mr. Horner speaks highly of Wilbur's citizens, and says they cannot be excelled anywhere for hospitality. A NEW NEIGHBOR.—Geo. W. Lord has moved into the former art gallery over Messrs. Brown & Hamilton's office, and has fitted up for architectural work. He is prepared to contract for all kinds of buildings, or will supervise construction, and purchase material for the same, giving his customers the benefit of his experience and percentage. 532-tt. ADULTERED INK.—Sheriff Geo. Noble started for Salem yesterday morning with Mrs. J. G. Young, who was recently adjudged insane. Mrs. Young has been in bad health for some time. The family have the sympathy of their many friends and acquaintances in this locality. FASHIONABLE DRESSMAKING.—Mrs. Forwood has secured a first class dressmaker from Portland, and fashionable work is guaranteed. Parlors, Main street, one block below the National Bank of Heppner. 34-tt. ROUGH DIAMOND CIGARS.—Without an equal, and for years the leading saloon cigar, will be sold at San Francisco wholesale prices, by lots of 100 or 5,000 at J. C. Colby's. 55-44. FOR THE EDITOR'S BENEFIT.—A Swiss has invented a clock that talks, and in instead of the sudden outburst of the alarm bell, which always rings longer than necessary, it performs its duty to awaken one, by remarking: "There are eggs and a nice juicy steak, and a cold melon, and milk toast, and fried potatoes, and coffee down stairs for you—, and this is the day when—, promised you the money he has been owing you so long. Besides, day after tomorrow is

Sunday and you can finish your sleep then." Such promises would arouse most any one, especially an editor, but a few mornings of disappointment in the bill of fare and one would then just as soon hear the grating br-r-r-r of the old way. BACKERS' UNION HELD.—The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Stoum-Johnston Drug Co. VERY YOUNG.—Judge's Library for September shows a very picturesque and happy little darky making a mid-day meal of the ever present watermelon. This number of the Library will especially please the children. What number, in fact, does not? And it is filled with all those oddities that the great artists are so skillful in depicting. Never was so much laughter put in paper for such a moderate amount as in Judge's Library. Every news-dealer handles it, and if he does not, he can make no better investment than by sending ten cents to the Judge Publishing Co., 110 Fifth avenue, New York. The Queen And President.—Who will be president? Send your answer, with eight two-cent stamps for a sample copy of the Canadian Queen, containing rules and conditions, and secure one of the following valuable prizes: To the first correct answer will be awarded a Steinway or Chickering piano; the two next, each a pair of beautiful diamond earrings; the next ten, each a first-class sewing machine; and the last ten will be awarded each a full silver tea service (value \$80.00). In addition to these, every person correctly naming the next president will have his choice of a diamond ring, diamond bracelet, a pair of diamond earrings, or an imported opera glass. Contest closes Nov. 7th. Any letter postmarked that date will be accepted. During the contest special prizes will be given to the first person who receives each day, without regard to name of candidate. All prizes for the U. S. free of duty. Address: "Dept. A," THE QUEEN PUBLISHING CO., Ltd., Toronto, Canada. PORTLAND EXPOSITION SEPTEMBER 21ST TO OCTOBER 2ND.—The Union Pacific System will extend to all its patrons the usual reduced rates on round trip tickets, which will include admission to the exposition, selling on Monday, Wednesday, and Friday of each week. Detailed information can be had by applying to J. C. Hart, ticket agent at Heppner, Oregon, or W. H. Harburt, Asst. Genl. Pass. Agt., 234 Washington St. Portland, Oregon. 25-34. The American Wool Interest.—Is the title of an exceptionally interesting pamphlet of 64 pages, just published by the American Protective Tariff League, and edited by Hon. Wm. Lawrence, President of the Ohio Wool Growers Association. Every person who wants to know all about the wool question should send for a copy. Price, six cents. Address, WILBUR F. WAKEMAN, General Secretary, 135 West 23rd Street, New York. A Cure For Twenty Cents.—Any remedy sold at one dollar a bottle which claims to cure Rheumatism, is simply an imposition, for when all expenses are deducted it leaves not more than twenty cents to represent the medicine. Dr. Diamond's Lightning Remedy, which is performing such wonderful cures that it is being prescribed by the medical faculty everywhere, is compounded at great expense from rare drugs, and cannot be sold for less than five dollars a bottle. But it always cures, sent prepaid to any address on receipt of price. Diamond Medicine Co., 48 50 Maiden Lane, New York. Agents want ed. DRUNKENNESS, or the LIQUOR HABIT. Cured at Home in Ten Days by Administering Dr. Haines' Golden Specific. It can be given in a glass of beer, a cup of coffee or tea, or in food, without the knowledge of the patient. It is absolutely harmless, and will effect a permanent and speedy cure, whether the patient is a moderate drinker or an alcoholic wreck. It has been given in thousands of cases, and in every instance a perfect cure has followed. It never fails. The system once impregnated with the specific, it becomes an utter impossibility for the liquor appetite to exist. Cures guaranteed. 48 page book of particulars free. Address the GOLDEN SPECIFIC CO., 185 Race Street, Cincinnati, Ohio. Beware of Outcrops For Catarrh That Contain Mercury. As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to that you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. CHENEY & CO. Testimonials free. 25¢ Sold by Druggists, price 75¢ per bottle. On The Way to Paradise.—Let us hope that the people who habitually disregard their health will reach that desirable place, and avoid the locality which is less desirable as an eternal residence on account of the heat and surroundings generally. But while we wait in this vale of tears, why should we voluntarily endure the tortures of dyspepsia when a systematic use of Host's Stomach Bitters will rid us of the atrocious malady which—unless physicians are very much at fault—tends to shorten the term of our existence. Heartburn, biliousness, constipation almost always attend dyspepsia, and are the most distressing of them. These are all extinguished by the Bitters, which also conquers completely malaria, rheumatism, nervousness and debility. Since the appearance of "his gripper" it has shown a singular mastery over this formidable complaint that has carried off so many of our brightest and best.
