Oppression.

BRITISH COMMERCE THREATENED.

The United States' Power of Exportation Diminished-Poorer Goods Will Now be Made.

London, Oct. 30-Gladstone arrived at Dundee yesterday, and was presented tives.

the cruiser Concord is now ready for her trial trip, and next week has been set for the diminished power of the merchants of the United States to compete with British merchants in any of them, this being due to the augmentation of prices in the United States and the increased containing and the which the westbants of the difficult task of making reciprocity speeches in the district of Representative under which the westbants. to find out for herself the evil effects that will follow the adoption of a high to find out for herself the evil effects that will follow the adoption of a high tariff.

Gladstone deprecated the idea of a zollverein of the whole British empire.

zollverein of the whole British empire, including the colonies and dependencies, against all foreign countries. He doubted George Bancroft, continue ill. and fears. much whether the whole empire would to some extent enlarge the commerce of the colonies, it would contract it with the rest of the world. The imperial commerce is now £187,000,000 yearly, and rest of the world. The imperial com-merce is now £187,000,000 yearly, and the foreign commerce £554,000,000.

One of the effects of the McKinley tariff would be to direct the attention of the British manufacturers towards the production of a finer class of goods, because these bore the least intolerable broadcast through Canada, that Secre-

degrading their production.

In spite of protection, commerce between America and Great Britain had greatly increased. The word protection was a misnomer; it ought to be oppression. It is a delission and a fraud. America was the country that could best afford to try this strange and astonishment of the strange and th degrading their production.

## THE REHOBOTH SOCIETY.

PROVIDENCE, R. I., Oct. 30—News of the annual meeting and supper of the old Rehoboth Horsethief Detective Society has just been received at P. ciety has just been received at Providence. The society met at Rehoboth City. One hundred and fifty old farmers Lost in the Fog They Spent a Grewsome and their wives and daughters gathered

horse in its whole existence and it has of their voices, hoping to attract the attention of passing steamers, but they soon became so house that The Rehoboth society has lost but one

was hanged at 1:30 o'clock yesterday ing in Seattle. afternoon. The crime for which he suffered death was most atrocious. On the nine people were brutally murdered by The victims were Captain Richard

The scene of the crime was the Wool-folk homestead. The first alarm of the tragedy came from Tom Woolfolk, the only survivor. The news of the terrible crime rapidly spread, and soon great crowds had gathered around the place.

The nine dead bodies were found lying in horrible confusion in the house, every one brained with a see the confusion in the house.

been committed for robbery.
Woolfolk's account of the crime was unsatisfactory, and suspicion quickly fell on him as the murderer. He was arrested. A motive for the crime was found in Tom's enmity for his stepmoth-

WASHINGTON CITY GOSSIP. Both Parties Claim They Will Have s

Majority in the Next Congress. Washington City, Oct. 24-The work of the two congressional campaign committees being about over I paid a visit The Case Referred to the Treasury Deto the headquarters of both the democrats and republicans today in the hope of obtaining some data upon which to found an opinion as to which party will control the next house of representa-tives. I got left. They are doing no

American tariff, He would not, however, bring a railing accusation against the people of the United States. Protection, although it might inflict incidental collateral blows upon other countries, did are greater mischief to the people of the country which adopted such a policy.

Gladstone then proceeded to compare Gladstone then proceeded to compare Somehow or other the idea seems to care for the government clerks employed here.

The collection of campaign funds from the mails German agents have gone on to a limited extent this fall, but tried to bring over lottery tickets as baging age.

A. Jarambouky, passenger on the contributed, and that is not 25 cents to the custom house authorities four large packages of German lottery tickets. Jarambouky is supposed to be the general distributing agent for this country.

chackfore then proceeded to compare the decrease in the tariff in England with the increase in the United States, and said he found comfort for England in the fact that it was not true that any tariff adopted by any government on earth could interfere seriously with the prosperity of Great Britain. The first effect of the McKinley bill would be to raise the standard of price in the United States. This meant diminished power of exportation.

This again meant that while we were damaged in one of our 20 markets we derived benefit, in the other 19, from the diminished power of the merchants is almost an exact counterpart of the agents as a custom play acting for the agents as a custom play acting the proper and distributing agent for this country. Somehow or other that a member of Mr. Harrison's cabinet will succepted here that a member of Mr. Harrison's cabinet will succepted here that a member of Mr. Harrison's cabinet will succepted the that a member of Mr. Harrison's cabinet will succepted the that a member of Mr. Harrison's cabinet will succepted the tate that a member of Mr. Harrison's cabinet will succepted the tate that a membe

in the chited states and the increased restraints under which the merchants of the latter country have to work. He advised manulacturers to allow America to find out for herself the evil effects to flow and the principle of reciprocity. Mr. Blaine is a man of expedients, and if

## EXCITEMENT IN STOCKS.

Among Canadians,

MONTREAL, Oct. 31 - The story sent production of a liner class of goods, because these bore the least intolerable protective duties. The result would be to elevate and improve taste of British manufacturers, spur them on and stimulate their ingenuity. The probable tenthal their ingenuity. The probable tenthal their ingenuity is coming report a recommendation that restriction be placed on the bonding privilege now accorded Canadian raildency among Americans would be toward privilege now accorded Canadian rail-the manufacture of coarser goods, thus roads, caused great excitement here,

sion. It is a delusion and a fraud. America was the country that could best afford to try this strange and astonishing experiment. Her natural wealth, soil, minerals and immense territory made her a world in herself. The possession of these enormous advantages helped to disguise the truth from the Americans, but the McKinley law would show the full resources by which a people ought to be made strong and happy.

Telegrams from London say that the price closed at 72%, an improvement of 1% on the day, but a fall of one point since yesterday.

Telegrams from London say that the
