ter performed the ceremony in the presence of a few immediate friends of the contracting parties, who, it was remarked by those present, were a singularly handsome couple. The bride was tastefully attired and looked exceedingly attractive. Mr. Lezer has long been a citizen of Pendleton and was formerly prominent in business here. Himself and bride have many warm friends to wish them happiness. Mr. and Mrs. Lezer left for Portland shortly after the ceremony to enjoy a short wedding trip.—East Oregonian. Mr. Lezer is a brother of Samuel and J. W. Lezer, of this city.

HEPPNER-TOWN.—State Senator Henry Blackman and Editor Patterson, of the Heppner Gazette, were in town last evening on their way to La Grande to witness the conferring of a degree at the meeting of the Royal Arch Mas ns there. The Gazette man is closely identified with the interests of his town, and is much pleased over Heppner's present lively and prosperous air. There have been forty or fifty houses erected this fall. The waterworks and electric light system will be completed about the first of the year, and a \$12,000 school house has been built. Heppner's present population is not less than 1500.—E. O.

The city election at Pendleton Monday created considerable excitement. Pendleton has an immense floating vote, which turned out pretty well on this occasion.  
S. C. Smith was thrown out of his cart while returning home from "Gene Campbell's" last Wednesday. Bearing a large orange and a sign on the head, he came out unharmed.

Wednesday's stage broke down over on Big Wash creek, and came in as far as the dinner station on three wheels. W. C. Clark and son who were on their way to Heppner for supplies, took of the only passenger, a lady, and brought her on to Heppner.  
The young hunters, Lee Matlock, Albert Bea, Willie Cowan and Lee French have returned, Lee Matlock bringing a deer, Albert and Will "skinned" it all the way from the John Day, their horses having gotten away from them, as stated in last issue.

A GRAND TIME.—Hon. H. Blackman and the editor of this paper were present, on invitation, at the conferring of the Royal Arch degree at La Grande last Tuesday evening. All members of the order residing in this vicinity, as well as those in Pendleton, Union and Baker City were given invitations, and those who availed themselves of the same do not regret it. La Grande has a Chapter that they are proud of, and well they might be, for their work is "out of sight." They are a fine lot of fellows, too, the cream of the country, and no set of visitors were ever given such a royal good time as on this occasion. One of the important features, was a banquet at the Hotel Foley. Words fail to describe this part of the entertainment, but we will say that the Gazette has never had an opportunity of sitting down at a finer spread. The tables were beautifully decorated and the whole affair such a one that cold, unsympathetic type fail to express the appreciation of the visitors. Hon. S. R. Reeves, mayor of La Grande, is the present High Priest of La Grande Chapter.

PENDLETON'S ELECTION.—At the city election last Monday, Pendleton chose the following officers: Mayor, R. Alexander; Councilmen, Dr. Bates and C. W. Fielding; Marshal, Phil McBride; Recorder, Geo. R. Lash; Treasurer, Clark Wood. The hottest and most interesting contest was over the mayor's office and marshalship, though it proved not to be very close, the lucky aspirants getting there by majorities, respectively, 171 and 189. The writer is personally acquainted with the mayor-elect, R. Alexander, who, by the way, is the present efficient mayor by appointment. He is one of Pendleton's most progressive business men, and we congratulate the people of that little city upon their excellent choice. "Alex's" opponent, Mr. Bean, is a man held in high esteem, however, which makes the victory all the more gratifying.

W. A. Kirk and Ous Patterson, of which P. O. Borg was chairman and Geo. Conser, secretary, last Saturday evening after the adjournment of lodge, the following sub-committees were appointed: On supper and preparing hall, W. A. Kirk, Jas. B. Sperry; on music, George Conser, Frank Sloan; on program and oration, Otis Patterson, H. Blackman, P. O. Borg. H. Blackman was authorized to procure, if possible, a Masonic orator from abroad. The brethren anticipate a grand time on the date of institution, Dec. 27, St. John's day, at which no one will be invited except Masons and their families.

K. OF P. INSTALLATION.—At the last convocation of Doric Lodge, No. 20, K. of P., the following committees were appointed: Program, A. W. Patterson, E. P. Voruz, W. B. Potter; invitation, Otis Patterson, F. J. H. Jack, H. Blackman; supper, Pap Simons, T. W. Ayers, A. Root; arrangements of hall, H. Scherzinger, J. J. Roberts, W. W. Smead; music, W. L. Sating, A. W. Patterson, Dr. F. W. Hanson; reception, C. S. Van Day, Sterling Keithly, Chas. Johnson, W. B. Potter, E. P. Voruz. All committees are requested to meet as soon as possible, and to be present at next convocation.

MERCURY SQUIB.—Our readers, perhaps, noticed in our last issue a local taken from the Portland Mercury. As it was already in print, and as that paper has quite a circulation here, the Gazette deemed it, as a duty, to publish it, at the same time not desiring to be a party to the distribution of scandal, but rather the opposite. That this is nothing more than a sensational item without foundation, is pretty clear. It could apply to no one in Heppner, and our readers should measure it up that way.

DEATH FROM LA GRIFFE.—Mr. Wm. Driskell brought in word this morning that Jas. Breeding, an older brother of A. J. Breeding, had died at 4 o'clock from something resembling la grippe. He was 83 years of age, which went against his recovery. His illness began last Monday, and he continued to grow worse till death relieved him. The remains will be interred in the Lexington cemetery tomorrow at 10 o'clock a. m.

ON ANOTHER CHARGE.—Phoebe Richardson and husband are "in it" on another charge, that of burglary. Since they were incarcerated in the county jail articles taken from the residences of Mrs. Kate Parsell, H. Wade and Doherty Bros. have been found on their premises. Their examination takes place this afternoon, if witnesses can be procured in time. The Richardson pair are "dandies."

SUDDEN DEATH.—Word came over from Union last Tuesday announcing the death of Lasele Wright, the little daughter of Mr. and Mrs. W. T. Wright, age 2 years, 2 months and 14 days. The remains were interred the same day. The complaint was scarlet fever, but as proper precautions have been taken to prevent the spread of the disease, no further cases are expected.

MOUNTAIN HOUSE.—Mr. Joseph Crank has lately leased the hostelry known as the Mountain House, refitting and re-furnishing it throughout. Board and bed, per week \$6; board without bed, \$4.50; meals and bed, 25 cents each. Mr. Crank asks a portion of the patronage, believing that he can give as good service as anyone in Heppner, and for less money. 43-aw.

ANOTHER VERSION OF THE CAPTURE.  
From the East Oregonian.  
In relation to the capture of the Roslyn bank robbers it is reported to the East Oregonian that two railroad men employed on the Heppner branch were largely instrumental in locating them. Four fellows boarded the train at Arlington and rode to Heppner. Certain suspicious moves on their part, and the constabulary which they were seen to hold, led the trainmen to believe that they might be the Roslyn bank robbers. Accordingly, upon their return to Arlington, the railroad men notified the constabulary of their suspicions, and telegraphed to the sheriff at Roslyn that they thought they had located the robbers and desired him to send a description. No reply was received to this message, but Detective Sullivan arrived in Arlington two days afterward and there obtained information that led to the capture of the desperadoes. The story herebefore published regarding the manner in which the clue was obtained is to the effect that horses left behind by the robbers in making their escape were photographed, and were identified by the photographer as coming from Gilliam county. It is asserted, however, that the information turned in by the railroaders effected the best clue.
