The Masonic brethren will give an open installation tonight, the whole ending with an old-fashioned feast. None but Masons and their families will be present. Jas. The latest dentistry, crown and bridge work, most successfully accomplished by Dr. B. F. Vanhook. Gas administered when desired. Thompson building, Heppner, Or. Condon Globe: Louis Meek who has been stopping with his sister, Mrs. W. P. Scribner, at Heppner, and attending school, is visiting his folks near Condon until after the holidays.

Thursday's Oregonian was one day late last week, and Friday's and Saturday's papers did not arrive Saturday. The Chinook will probably dissipate the deep snow of the Cascades and open up the railroad line again. Grant County News: It is reported that the upper portion of this valley lent its influence towards an enabling act rather than to a division of the county. Just what the majority of the citizens want it is hard to tell.

Arlington Record: Uncle Charley Cochran, a pioneer who came to Oregon 42 years ago, is in the city, a guest of Mr. Redford of the Jordan hotel. The list of one of these old trail blazers would be, if written out, a history of itself. With many clergymen, public speakers, singers, and actors, Ayer's Cherry Pectoral is the favorite remedy for hoarseness and all affections of the vocal organs, throat, and lungs. Its anodyne and expectorant effects are promptly realized.

Owing to the fact that job stock has advanced about twenty per cent from reasons which will be explained elsewhere, we are compelled to make a slight advance on all printing. A reduction will be made as soon as prices of material will justify same. As Ayer's Sarsaparilla outstrips all other blood purifiers in popular favor, so Ayer's Almanac is the most universally familiar publication of the kind in the world. It is printed in ten languages and the annual issue exceeds fourteen millions of copies. Ask your druggist for it.

Hatter's Congo Oil is rapidly coming to the front as a leading medicine. J. A. Harrison, the Fossil confectioner, applied it to his legs, which were recently kicked by a horse, and next day he threw aside his crutches. "It's the best," Harrison says. Lyman Beven tried the oil for rheumatism, with which he has been troubled for years, and this was his report: "It kicked it after two applications." The Chinook struck the hills above

mail, which could not be taken across the North Fork of the John Day, owing to high water. Grant county would have done that section good service by allowing Fry Wilson license to operate a ferry at the Monument crossing. Though it was recently before the county court over there, Fry's petition was rejected. There is a ferry at that point now, but competition, which is always "the life of trade," would have been in the interest of all, and it is probable that Fry would have given them better service than they are now getting. What is really needed at the Monument crossing is a good bridge. While this may not be in the interest of the stage road between Baker and Canyon City, it will certainly accommodate a large number of Grant county's citizens, who come to Heppner to do their trading, and to get to the railroad, en route to the outside world. A bill to construct a bridge across the John Day at Monument will likely be brought before the legislature this winter.

Mrs. Von Cadow invited a few friends to eat Christmas turkey with her. All agree that her repast was "out of sight." The Christmas tree Saturday eve was a grand success, being composed of three evergreens, one large and two small ones, all well loaded with presents. Sam Morgan is feeding his cattle on Butter creek where he reports six inches of snow. Sam reports a Christmas tree and basket supper at Pine City.

The Chinook has done its work, and not a vestige of the late snow remains around or back of Heppner, and it is presumed that little is left down towards the river. Eugene and the valley, says Si Bennett, never saw a heavier fall of snow than the recent storm. A large livery stable was crushed in down there by the heavy weight of snow a few days ago.

Chas. Barnett, of Lexington, was up Sunday and reported two feet of snow down there. There isn't as much now. Look out for Fall Bros' blanket and flannel sale.

Morian Pickard left last week to spend the holidays with his family near Oregon City, and though presumably caught in the blockade, must have worried it through, as he did not return like others who left Heppner the same day.

"In buying a cough medicine for children," says J. A. Walker, a prominent druggist of Ogden, Utah, "never be afraid to buy Chamberlain's Cough Remedy. There is no danger from it and relief is always sure to follow. I particularly recommend Chamberlain's, because I have found it to be safe and reliable. It is intended especially for colds, croup and whooping cough." 50 cent bottles for sale by Slocum-Johnson Drug Co.

Arlington Record: Miss Annie Schott, of Olex, Miss Young, of Eight Mile, and Miss Ada Redford, of Arlington, paid our city a visit on their return from Heppner, where they had been in attendance at the teachers' institute. They report having a very enjoyable time. Since their arrival here, Miss Schott has been quite sick, but is now convalescent, having returned to her home at Olex. Miss Redford returned to her school at Douglas, while Miss Young remains to take in the Christmas festivities in this city.

SERIOUS CHARGES.—The Arlington Record is after Attorney Goode, of Condon. That paper claims that Goode tried to wrong one, Berry, causing him no end of trouble and expense by having him arrested on a charge of feloniously taking mortgaged property out of the country. When the time for trial arrived, Goode did not show up. The article in the Record makes rather interesting reading, and if it is all true, there should be a general shaking up of dry bones. The Record says: The affair stated by Berry, who has long been known in this county as an inoffensive and fair dealing old German and who knows little of the tricks of trade, is that some six months ago, when he became acquainted with the young attorney, the latter wanted to trade him a ranch in Marion county for 320 acres of land in the suburbs of Condon. That, acting upon Goode's statements as to title and title deeds, he conveyed this land and supposed that Goode had conveyed to him. That Goode immediately placed a mortgage on the Berry place to his partner for \$1000 and that he had now ascertained that his title from Goode to the Salem property was worthless. Regarding the arrest, Mr. Berry contends that the note for \$50, for which the chattel mortgage was given as stated in complaint, had long since been settled and that he now holds a judgment against Mr. Goode for some \$200, recovered after the making of the note. The old man claims further that this forged prosecution was only for the purpose of preventing him from seeking any remedy against Goode.

KNOCKED HIM OUT.—A Santa Rosa, Cal., dispatch says: "Wesley Matlock, the son of a Pendleton, Or., capitalist was held for trial on a charge of assaulting with a deadly weapon here this afternoon. Matlock recently married a daughter of T. B. B. Anderson, of Freeport, formerly pastor of the Methodist Episcopal church South of this city. They are spending their honeymoon here. Saturday night, while they were passing Frank Mutter's store, Mutter it is claimed, called Matlock a vile name. Matlock left his bride in another store and went into Mutter's store and assaulted him with a revolver, striking him on the back of his head. Mutter bled profusely, and was in a doctor's care some time. Mutter denied making such a remark. Wesley telegraphed a Pendleton friend that he was all right, and would write particulars.

TO THE KNIGHTS.—All members of Doric Lodge, No. 20, K. of P., as well as visiting Knights, do not require any printed invitations to be present at the open installation on Jan. 3rd. Each Knight is entitled to two invitations, which will be sent them this week, each one good for a lady and gentleman. Any visiting Knight, who is unknown to the lodge, will be invited to the installation, where the editor, as chairman of the committee on invitation, will see that Knightly courtesies are extended.

MOUNTAIN HOUSE.—Mr. Joseph Crank has lately leased the hostelry known as the Mountain House, refitting and re-furnishing it throughout. Board and bed, per week \$6; board without bed, \$4.50; a portion of the patronage, believing that he can give a good service as anyone in Heppner, and for less money.

A NEW NEIGHBOR.—Geo. W. Lord has moved into the former art gallery over Messrs. Brown & Hamilton's office, and has fitted up for architecture work. He is prepared to contract for all kinds of buildings, or will supervise construction, and purchase material for the same, giving his customers the benefit of his experience and percentage.

LOST.—A red leather pocketbook, such as is often used to carry bills or valuable papers. Same was found in Heppner, or between Heppner and Ben Swaggart's place, last Monday. Contained some accounts and notes valuable only to owner, Ben Swaggart. Finder will please return same to the Gazette office. 1-tf

THE MONUMENT CROSSING.—Sunday's Monument stage came in late without the

mail, which could not be taken across the North Fork of the John Day, owing to high water. Grant county would have done that section good service by allowing Fry Wilson license to operate a ferry at the Monument crossing. Though it was recently before the county court over there, Fry's petition was rejected.
