Good Looks.

Good looks are more than skin deep, depending upon a healthy condition of all the vital organs. If the liver be inactive, you have a bilious look, if your stomach be disordered, you have a dyspeptic look and if your kidneys be affected you have a pinched look. Secure good health and you will have good looks. Electric bitters is the great alterative and tonic and acts directly on these vital organs. Cures pimples, blotches, boils, and gives a good complexion. Sold at Slocum-Johnson Drug Co., 50c per bottle.

There are a few old chronics that always want something to complain of; so they started the report that the fall sown grain had all rotted. Well, suppose it has; it won't grow unless it does. I was out on several fields and made close examination, and it is coming nicely. So far it is not hurt, and the prospect is exceedingly fine for January.

FARMER GARRULOUS.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address,
