to settle up immediately, as they are in need of money.

Albert and James Willis, Geo. W. Smith and his son, Frank, were up from lower Clark's canyon yesterday.

Billy Barrett and H. E. Powell, two Sand Hollow sheepmen, were in Heppner Saturday. They have been quite successful, so far this winter, with their herds.

A meeting of Rawlins Post, G. A. R., and the W. R. C. corps, will be held in Heppner the last Saturday in February. All members should be present on this occasion.

The latest dentistry, crown and bridge work, most successfully accomplished by Dr. B. F. Vaughan. Gas administered when desired. Thompson building, Heppner, Or. 1-a-w.

Engineer McCone came up Sunday to take J. A. Patterson's place on the branch. Mr. Patterson is detained at home this week, owing to the illness of Mrs. Patterson.

Joe Frisco was in last week from the stock range on the "breaks of the John Day." He says that the winter over that way has been exceptionally mild and that stock are doing well.

Mrs. Sarah Gantry celebrated her 78th birthday last Sunday, at the home of her daughter, Mrs. J. P. Brown. A very extended account of this pleasant affair will appear in our next issue.

Jack Parker has just returned from Grant county. Over near Mountain, he is killing a number of sheep, and Jack says the sheepmen are "raising Ned" with the lynx family in return.

The G. A. R. doug at Liberty school house last Friday night, came in too late for extended mention in this issue. In our next we shall give the full particulars, as furnished by members of the post.

Hon. J. N. Northrop, of Hillsboro, an ex-representative of Washington county, and at present engaged in the hotel business in the above named town, is in Heppner attending to some land business.

Wes Brannon, of Eight Mile, was in town Saturday. He says Eight Mile is pretty lively—revival meetings in progress, a flock about 50 in a few days ago, one side securing for Ayer's Sarsaparilla, and next Friday evening, an oyster supper at Eight Mile Centre.

Don't experiment with your health. You may be sure of the quality of your medicine, even if you have to take much of your food upon trust. Ask your druggist for Ayer's Sarsaparilla, and no other. It is the standard blood purifier, the most effective and economical.

ALL IN THE SAME BOAT—We are apt to get off on the subject of electric lights. One of our own household brought in the startling intelligence, a few days ago, that one of the incandescent lamps refused to burn, and added that perhaps a knot in the cord was the cause of it. It was caused, however, by something quite as simple, but a little more in the line of the practical application of electricity. There is one thing that all should studiously avoid, and that is the handling of any wires that might have connection with the lines. The death of the young man in Eugene, a few weeks ago, should be a warning to be satisfied with just looking on, leaving the manipulation of wires to those who know their business.

SPECIAL COUNCIL MEETING.—At a special meeting of the town council, last Friday evening, all councilmen were present except Patterson, Mayor Matlock presiding. An ordinance creating fire departments was read and referred to the committee on fire and water.

Proposition of Henry Heppner, to lease for the term of five years, grounds on which the council may erect suitable buildings for town purposes, was taken under advisement. Mr. Heppner asks only \$1 for the use of his ground for the time specified.

WATER TEST.—Yesterday and today Heppner's council have been busy inspecting the waterworks, with a view of accepting them, which will doubtless be done at a special meeting this evening. They are found to exceed the contract in almost every particular. The capacity of the reservoirs is 359,000 gallons, while the contract calls for only 150,000. A test with two lengths of one and one-half-inch hose, each fifty feet long, through one inch nozzles, at the Palace hotel corner yesterday, lasting ten minutes, lowered the smallest reservoir three inches, and there still remained enough water to run one hose 12 hours. With all reservoirs full, as the water company are required to maintain, and to keep in good order, will furnish enough water to run out the biggest fire Heppner will ever have. The water was thrown at yesterday's test to the height of 140 feet, while the contract calls for height

of only 80 feet. The pipe laid from the station to the reservoir and then down as far as the Palace hotel, is eight inches in diameter, the contract calling only for six inch pipe. The capacity of the pump is nearly 400,000 gallons daily, instead of 200,000 gallons, according to contract. The engine and boiler exceeds the requirements of the contract in many respects. An examination of the hydrants today showed them to be in good working order. A length of hose was fastened to a hydrant near Pap Simons', throwing water equally as high as yesterday at the corner of May and Main. The light plant works well, and the service given is first-class, so there would be nothing in the way of acceptance of plant.

WEATHER TALK.—Clouds. Frey was down from Hardman Saturday, and says that the Outlook was on the eve of getting in its work in that vicinity. Sunday it reached Heppner, and very little snow remains in this vicinity, while the weather is much warmer. Sunday night, however, but a few miles below Heppner, it was quite cold, while here in town it was barely down to freezing. All kinds of climate can often be experienced in the same locality at the same time, though sudden changes from warm to cold weather are not frequent here. It looks now as though winter was at an end.

Bockler's Arnica Salve. The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles, or sores, or any other ailment, or any other ailment, or any other ailment, or any other ailment.

A SPECIAL TRAIN SUNDAY.—Messrs. J. N. Brown, Henry Blackman and Alvah W. Patterson returned from Salem last Friday, leaving Sunday, a special being provided for them as far as Arlington. They were accompanied by Hon. Wm. Hughes, ex-Senator Hamilton, of Grant county, and the editor of this paper, the last named, however, going only so far as Arlington, returning early Monday morning.

VALER STOLEN.—L. R. Fairchild, representing Murphy, Grant & Co., of Frisco, arrived at Heppner Saturday night last, minus his valise and \$100 worth of clothing. The grip was taken out of the Pullman when bet a short distance out of Portland. A drummer out on the road without a valise is like a lady traveling without a trunk.

"In buying a cough medicine for children," says H. A. Walker, a prominent druggist of Ogden, Utah, "never be afraid to buy Chamberlain's Cough Remedy. There is no danger from it and relief is always sure to follow. I particularly recommend Chamberlain's because I have found it to be safe and reliable. It is intended especially for colds, croup and whooping cough." 50 cent bottles or sale by Slocum Johnson Drug Co.

WANTED. Agents to sell our choice and hardy nursery stock. We have many special varieties, both in fruits and ornamentals to offer, which are controlled only by us. We pay commissions or salary. Write us at once for terms, and secure choice of territory. MAY BROTHERS, 562 571 Nurserymen, Rochester, N. Y.

MOUNTAIN HOUSE.—Mr. Joseph Crank has lately leased the hostelry known as the Mountain House, refitting and refurnishing it throughout. Board and bed, per week \$6; board without bed, \$4.50; meals and bed 25 cents each. Mr. Crank asks a portion of the patronage, believing that he can give as good service as anyone in Heppner, and for less money.

G. A. R. DORMS.—On the 21st, Rawlins Post G. A. R., will install their officers for the ensuing year at Liberty school house. The post meeting in the afternoon at 1 o'clock will be followed by a camp fire in the evening. A grand time is expected, and all are invited to be present.

Ripans Tablets are always ready.

WE CANNOT ASK YOU TO BELIEVE

WHAT WE ADVERTISE

Or what we say. Convince yourself; the proofs are before you. Come to our store, look at our prices and then compare them with the prices of others.

We have an immense crowd of customers every day. Ask any of them whether they obtain bargains or not. They will tell you. If you don't know KOLMAN of the

BOSTON CASH STORE

Your neighbor will tell you

Kolman Advertises the Truth

The idle words of the falsifiers are like chaff. The terror of our competitors is pitiable to behold. They are paralyzed and, with blanched faces, stare at the crowds pouring into our store to secure goods at the exceptionally low prices. It seems to be a great mystery to our customers why we can sell them goods at just one-half what the other firms ask, and at the same time make a fair, legitimate profit.

WE ARE YOUR FRIENDS

and you should remain with us, as we have exploded the outrageously high prices you have paid in Heppner heretofore. I thank you very kindly for the liberal patronage you have bestowed upon your true friend since he has opened up in your city. I must admit my sales have been twice as much as I anticipated. I intend to locate permanently in your city, and shall in the future, as in the past, conduct my business in an honorable way, so as to gain the confidence and respect of all. Wishing you all

A HAPPY NEW YEAR.

I remain, respectfully,

J. H. KOLMAN.
