ONE MORE BOARDER.—The old chair repairer, who has been around town for some time, was hauled up before Justice Hallock Wednesday for the larceny of a coat from Mat Hughes' room, said coat belonging to John Kilkenny. Mr. and Mrs. Johnson were very desirous of saving the finger, and the doctors made strenuous efforts to do so, but without avail. An injury was the primary cause of the finger becoming diseased, Osteo Sarcoma setting in, which necessitated amputation.

BADLY BURNED.—Miss Matilda Halstrom, the lady who was so frightfully burned by the explosion of a coal oil lamp at the residence of J. F. Her interment took place today at Lexington.

THE CITY ELECTION.—The city election last Tuesday passed off quietly, with a fair vote, but nothing like the number that would have been polled had it been warmer weather. The successful men are now and intried in the matter of council work, but the community doubtless have full confidence in them as they

were chosen by good majorities. The result of the vote is as follows: Gilliam, 96; Garrigue, 79; Morgan, 44; Johnston, 148; Keithly, 152; Yeager, 129. J. R. Simons, mayor, received 200; A. A. Roberts, recorder, 202; E. G. Sloman, treasurer, 210. The last three named had no opposition. According to the vote, the old members of the council, Gilliam, Garrigue and Morgan, are not sustained in their efforts to better the condition of the town. It is a significant slip in the face, figuratively speaking, to every member of the board. The position of town councilman is not an enviable one for the next year, any more than it has been during the past one, but the Gazette believes that matters will move along to the satisfaction of all reasonable people, in the matter of town affairs, during the year 1893. Radical measures have been talked of, but when it comes to actual work, we are sure that better council will prevail.

The entertainment occurs on next Wednesday and Thursday evenings at the Heppner opera house.

Deafness Cannot be Cured By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CLEMENT & CO., Toledo, O. Sold by druggists, 75c.
