DON'T PATRONIZE THEM.

Some of the colossal type firms of our country have combined into a "type trust." However, there are some good firms outside of the trust, and we believe it is the duty of all newspapers to patronize them, and drop, like a "hot potato," all concerns in the combine. It is the result of an unwholesome scheme to force printing material up to a figure where they may reap enormous profit. If we newspaper men will refuse to have anything to do with any firm that belongs to this organization, the backbone of the trust will not last long.

Messrs. Tatum & Bowen, of Portland, are among some of the firms that were forced to go out of business by the type trust. This is only one of many. Trusts are as obnoxious to a printer as anyone else.

The Courier Journal, like other Eastern papers, is after the 64 cent dollar. It forgets to mention that the dollar of today is worth just as much as the dollar of '70, only that it is measured by gold which has enhanced 40 to 50 per cent. It also forgets to note that the whole is the result of adverse legislation, so far as silver is concerned; that every American product except gold, and not artificially affected, is bearing the same proportion of loss as silver. In fact, it overlooks the truth that as we approach nearer to the single standard, as a world, the more difficult it is to pay debts, because as we have often said it takes more to buy the necessary money (gold) to pay a debt. With dear money as a circulating medium and a possible "free raw material" proposition staring us in the face, no wonder times are so hard and debts difficult to pay.

Mrs. BRIDGET NIBBIN LAVIN, better known as Bridget Gallagher, who died in the Stockton insane asylum in January, 1892, left a will, but it was not found until yesterday, when it was filed for probate. It was made in May, 1886, and was witnessed by R. Williams and Edwin Thayer. She had considerable property in the state, which she bequeathed as follows: To her father, Patrick Brogan, \$1000; to her husband, Dave Lavin \$100, and the residue real and personal, to her son, Wm. L. Starr. Mr. Starr was appointed administrator. —Dispatch.

To know what an enterprising lad can do, the son of the author of the famous "15 Puzzle," "Fig in Clover," etc., has undertaken to raise a hundred thousand dollars for the benefit of the New York Press Club Building and Charity Fund. Under the auspices of the entire press of the country everyone is invited to send a dime to the Press Club Souvenir, Temple Court, New York, and receive by return mail the most wonderful and mysterious game ever invented.

Now since President Cleveland has made a positive and unimpeachable record on the Chinese question, let us hear from democratic organs in future campaigns that their party is the only protector and defender of white citizen labor against the pig-tailed, rat-eating, heathen hordes of Mongolia! —Oregonian.

M. L'ARONVAL, the celebrated French scientist, claims that death by electricity, such as the authorities now use in New York, is but suspended animation, and that the real death is caused by the surgeons' knife. The whole thing is as barbarous as one can well imagine. Capital punishment does

not bring back to life the first victim of murder, nor does it set an example that prevents others from killing. But if judicial murder must be insisted upon, let it done in the old way by the rope.

The legislative branch of our government has passed the Geary act, the judicial has settled all points as to its constitutionality, and now nothing remains but to enforce the law. There is not enough available cash in the treasury to carry out the strict letter of the law, yet it is not necessary to wait till the next session of congress to make a commencement. The action of the present administration, so far, is not very reassuring on the Chinese question.

SULLIVAN has lately distinguished himself by assaulting an attorney on a train in which both were traveling. The latter shook hands with a friend who was with the Sullivan party, which happened to be directly in front of the ex-champion. This angered the brute, and he kicked the lawyer in the groin. Though an one-armed man, the attorney resisted the assault and would have given Mr. Sullivan a well-deserved trouncing had not others interfered.

You can always judge a town by its newspaper. Never buy town lots or land where a poor, half-starved newspaper is published. Newspapers these days are a necessity, not a luxury. They are so cheap that the poorest man can have them unless he is running a bill at a saloon. It matters not how many papers a man may take he should give an honest support to his home paper. —Inter-Ocean.

It is said that the first question that Cleveland asks an applicant is "Do you drink?" If the American people had turned catchers and asked this question before election, Grover would have had to lie like blazes or admit that he takes "a nip" occasionally himself.

MAUD S., though nineteen years old, will be put against her record of 2:08 1/2 this year. Also You Armin, 2:19 1/2, the same age, will be tried against his former record. Some old horses have been known to lower their records, but the percentage is against them.

The Gazette hopes for better times as soon as the wool is sold and the crops begin to move, but we may be hoping against hope, for the outlook is not altogether encouraging.

The Oregon Herald, of Pendleton, is now edited by R. H. Whitson, and it is getting to be quite a live paper. Mr. Whitson is a first class printer and newspaper man.

The Geary law has been declared constitutional by the U. S. supreme court, by a vote 3 to 4. The dissenters are: Justice Brewer, Field and Fuller.

A. NOLTEB of Portland, is deserving of better treatment at the hands of the administration. He has fought many a hard-fought battle for democracy.

The New York World's anniversary edition, published recently, was an hundred page affair. How's that for newspaper push and enterprise?

SILVER STRENGTH.

From the Portland Telegram.
We think we are progressive in America, but even the conservatives in Germany have just declared that bimetallism is a foremost party principle. Without reserve, they pledge their support to it. Thus the cause of silver grows stronger each year. Not five years ago would one enthusiast in Germany have predicted that the money question would come so earnestly to the front. Germany is both an agricultural and a manufacturing empire. It is thickly populated by peasants as well as by urban residents. A powerful monarchy, it still is compelled to recognize the voice of the people. France is practically in favor of international bimetallism, Germany cannot stem the current within its own borders, Belgium's message are demanding it, and England finds the sentiment in its favor growing faster almost than the home rule idea. If the popular will continues to vigorously assert itself in both European and American nations, it is not a rash prophecy that by 1895 an international silver standard will be declared. Financiers may argue, bankers may object, and one class of politicians may protest, but there can be no denial of the setting of the tide in favor of silver. Even granting the hypothesis that it is wrong, it cannot be kept back. There must be a trial. Silver's strength is such that no theorizing will answer. Actual and universal experiment alone will suffice.

DEATH OF AN ESTIMABLE YOUNG MAN.

Died—In Heppner, at the home of his parents this morning, at 6 o'clock, Francis Marion Shipley, aged 22 years, 11 months and 19 days.

Funeral from the M. E. church, at 2 p. m., Saturday, May 20. All friends of the family are invited.

"Frank," as he was usually called, was born in the Willamette valley but when quite young, moved with his parents to Heppner where he has resided ever since. Some years ago, he learned the printer's trade which he followed as long as his health would permit, working on both papers in Heppner and others in the vicinity. Over two years ago he began to be troubled with his lungs, which finally terminated in consumption.

He was a bright young man, energetic to the last, and though his health was very bad this spring, he persisted in assisting to earn his own living, canvassing for several books. The Gazette's editor was intimately acquainted with him, as a pupil of Heppner's public school, as a printer and citizen of the town, and can say for him now in death, as he could if Frank was alive, none but the highest words of commendation.

He was a member of Heppner's M. E. church, and died a consistent Christian.

LEAGUE MEMBERS ATTENTION.

All members, both active and associate, are requested to meet at the residence of Dr. Shipley, at 130 p. m. Saturday, to take part in the funeral of our late brother, Frank Shipley.

THOMAS NELSON, President.

FOURTH OF JULY.

Heppner Preparing to Celebrate in the Old-Fashioned Manner—A Preliminary Meeting.

By order of citizens of Heppner, a meeting was called last evening in Matlock's hall, for the purpose of preparing for a celebration on the coming 4th of July.

T. W. Ayers, Jr., was elected chairman, and W. L. Saling as secretary.

On motion a general committee of three, consisting of H. McFarland, C. S. Van Duzen and C. A. Moor, were appointed; these to have power to appoint sub-committees to arrange for the celebration.

On motion the general committee was requested to meet and make report on May 26th, 1893.

The meeting then adjourned.

MARRIED.

At the home of the bride's parents, Mr. and Mrs. E. G. Sloan, in Heppner, May 17th, at 8 p. m., occurred the marriage of Mr. John McCarty and Miss Mary Sloan, Edwin Palmer, of the M. E. church, South, officiating.

The bride was attired in a beautiful gown made of white silk, with flowers tastefully arranged in the form of a wreath on her head. The groom was attired in conventional black, and looked a best. After congratulations, the company were ushered out to a splendid repast. The Gazette extends best wishes.

CHURCH ANNOUNCEMENTS.

Regular services at the M. E. church, South, next Sunday morning and evening. Subject at 11 a. m., "Abraham's Offering." Subject at 8 p. m., "The Dividing Wedge." We extend a cordial invitation to all to come and welcome.

EDWIN PALMER, Pastor.

At M. E. church, the funeral of Frank M. Shipley, Saturday, at 2 p. m. Rev. Jonas Bushell will lecture on temperance, Friday, Saturday and Sunday evenings, and will preach for us Sabbath at 11 o'clock. All are invited. J. C. Mc. SUTSK, Pastor.

THE WESTERN PEDAGOGUE.

We are in receipt of the May number

of our state school paper. It exceeds any of the former numbers in value. The paper this month contains many new and valuable features. The illustrated series on the schools of the state is introduced by a paper on the Friends Polytechnic Institute at Salem, Oregon. These papers cannot fail to be of great value both to the schools and to the public.

There are also several fine articles by our best writers and the departments, "Current Events," "Saturday Thoughts," "Educational News," "The Oracle Answers, Correspondents," etc., each contain much valuable reading for teachers or parents. The magazine has about 50 pages of matter, well printed and arranged. We pronounce the Western Pedagogue the best educational monthly on the coast.

Everyone of our readers should have the paper if they are at all interested in education. No teacher school director or student can get along well without it. We will receive subscriptions at this office. Price only \$1.00 a year. When desired we will send the Western Pedagogue and Gazette one year to one address for \$3.00. Call and examine sample copies. Teachers, directors and parents, now is the time to subscribe. If

G. A. R. NOTICE.

We take this opportunity of informing our subscribers that the new commissioner of pensions has been appointed. He is an old soldier, and we believe that soldiers and their heirs will receive justice at his hands. We do not anticipate that there will be any radical changes in the administration of pension affairs under the new regime.

We would advise, however, that U. S. soldiers, sailors and their heirs, take steps to make application at once, if they have not already done so, in order to secure the benefit of the early filing of their claims in case there should be any future pension legislation. Such legislation is seldom retroactive. Therefore it is of great importance that applications be filed in the department at the earliest possible date.

If the U. S. soldiers, sailors, or their widows, children or parents desire information in regard to pension matters, they should write to the Press Claims Company, at Washington, D. C., and they will prepare and send the necessary application, if they find them entitled under the numerous laws enacted for their benefit. Address: PRESS CLAIMS COMPANY, JOHN W. WOODRUM, Managing Attorney, Washington, D. C., P. O. Box 385.

EXCURSION TO PETTYSVILLE.

The Union Pacific will sell tickets from Heppner to Pettysville, and return on the occasion of the Annual Sunday School Convention, Thursday, June 8th, 1893, as follows: Adults, 50 cents; Children, 30 cents. All excursions to go and come on the regular train.

For tickets and further information, apply to J. C. Hart, agent at Heppner. W. H. HUBBARD, Asst. Gen. Pass. Agt.

YOUR CHANCE.

Will exchange farm land near Dayton for a band of good horses, sheep or cattle. Address, J. Roy Moore, 28-30 Dayton, Wash.

FROM THE PINY WOODS.

Of the North to the Everglades of the South, druggists are besieged by people with every shade of rheumatism, inquiring about Dr. Drummood's Remedy. "Will it cure me?" And the druggist points to the fact that the Drummood Remedy Co., 48 50 Maiden Lane, New York, offer a reward of \$500 for a case their remedy will not cure. That kind of answer is satisfying, and the sufferer plunks down 75 and goes home and is cured. Not only relieved, but cured. Agents wanted.

EASTERN OREGON.—Mr. B. S. Pague makes the following report from Eastern Oregon: Warm clear weather has prevailed during the week; in some of the interior counties non-injurious frosts occurred on the 9th and 10th. Correspondents all agree that no more favorable weather could have prevailed; no rain is reported to have fallen except an occasional sprinkle, the mean temperature ranged from 48 to 56 degrees. The favorable weather has caused vegetation to make rapid growth. Peaches are somewhat injured, and will not be a full crop. Other varieties of fruit are fully up to the average. Locust and cottonwood trees are coming into leaf in the Columbia river valley. East and south of the Blue mountains the fruit buds are swelling and but few are so far in bloom. Summer following is about done. Fall sown rye is heading in Wasco, Sherman, Gilliam and Morrow counties. Fall wheat is from four to ten inches high and spring grain is coming up. Some wheat is jointing. Wire worms continue to do damage in Sherman county. Cutting of hay on Columbia bottom lands has commenced. Sheep shearing is nearly done in the Columbia river valley counties and an extra good wool clip has been secured. Wool is now being hauled to the warehouses, ditches are being prepared for irrigation in Malheur and Harney counties. Peach and

cherry trees are in full bloom in Lake county. Advancement in the season has been made, but the vegetation and farm work is in grant, Crook and Klamath counties behind that in the other counties. There has been a steady rise in the Columbia and tributary rivers during the past week. The river at Portland is today 16.3, a higher point than ever before at this date in May when higher water followed in June. The river will have a steady continuous rise for the next six days, when for a few days it may become stationary.

A SHORTAGE.—The Baker City Democrat learns from a prominent citizen of Grant county that the quiet neighborhood of Canyon City is considerably stirred up over the announcement that the postmistress of that place, Mrs. C. W. Parrish, is short in her account with the government in the sum of about \$2500. The shortage developed when the U. S. postal inspector, now at Canyon City, went over the books of the office. The lady's bondsmen have been notified and they will have to make the shortage good. Mrs. Parrish is the wife of attorney C. W. Parrish, an estimable lady heretofore, and it is the supposition that members of her family have brought about her embarrassing predicament in which she finds herself. It is hoped that Mrs. Parrish will be able to exonerate herself from all blame.

"IN STATU QUO."—Senator Riley returned this morning from his Salem trip, and was interviewed concerning the branch asylum matter. He said that no further action will be taken by the board until a decision is rendered in the injunction suit brought to restrain the building of a state soldiers' home at Roseburg. This will be heard before Judge Burnett on the 20th inst., and will afterwards be taken before the supreme court. It will probably be decided by that body early in June. Should the decision prove favorable to the state, the corps of eastern physicians will visit the places in Eastern Oregon that are bidders for the branch asylum and report as to the healthfulness of the different localities. Until then the asylum question remains "in statu quo." —E. O.

Persons who suffer from rheumatism want immediate relief. It is not enough that the pain should be eased, and the appetite be increased. Anything short of a cure is only prolonging torture. The poisonous acids in the blood, which is the direct cause of rheumatism, are immediately and effectually expelled by Dr. Drummood's Lightning Remedy. Nothing known to medical science will afford such speedy relief. If the druggist cannot furnish it, the remedy will be sent prepaid to any address on receipt of price, \$5.
