Hood's Cures Sharp Pains

Short Breath, Heart Trouble, Rheumatism.

Mrs. L. M. Paine, Eagle Creek, Oregon.

"I have lived here in Oregon for the past twenty years, and most of the time have been a very great sufferer from inflammatory rheumatism. I have also had what the doctor called heart disease, with shortness of breath and sharp pains in the left side. I decided to take Hood's Sarsaparilla, and before I had finished three bottles I was in better health than I had been for years. I do not have any pain now, sleep well, and to-day no woman of my age enjoys better health than I. At home on the ranch I not only attend to my family household, but last summer I cared for and milked four cows. I do not feel that I can say half enough in praise of Hood's Sarsaparilla."

Hood's Pills are prompt and efficient, yet easy in action. Sold by all druggists. 25c.

Completely Uprooted. How many remedies there are which merely relieve without uprooting disease. The contrast with sterling remedies which such palliatives afford, not only enhance the dignity of the former, but serve to emphasize the folly of employing half way measures when thorough ones are available. A marked instance of this is the effect, on the one hand, of Hettler's Stomach Bitters in cases of chills and fever and bilious remittent, and on the other of ordinary remedies in maladies of this type. By the Bitters malarial complaint in every stage, and of the most malignant type, are completely conquered and lose their hold upon the system. They are rarely if ever dislodged by the ordinary resources of medicine, although their symptoms may unquestionably be mitigated through such means. The same holds good of indigestion, biliousness, kidney complaint, rheumatism, nervousness and debility. By the Bitters they are cured when many remedies fail.
