A Year's Subscription to a Popular Agricultural Paper

#### GIVEN FREE TO OURREADERS

By a special arrangement with the publishers we are prepared to furnish FREE to each of our readers a year's subscription to the popular monthly agricultural journal, the AMBRICAN FARMER, published at Springfield and Cleveland, Obto.

This offer is made to any of our subscribers who will pay up all arresrages on subscription and one year in advance, and to any new subscribers who will pay one year in advance. The AMERICAN FARMER enjoys a large national circulation, and ranks among the leading agricultural papers. By this arrangement it COSTS YOU NOTHING to receive the AMERICAN FARMER for one year. It will be to your advantage to call promptly. Sample copies can be s en at our office.

## The Original Webster's Unabridged DICTIONARY.

By SPECIAL ARRANGEMENT WITH THE publishers, we are able to obtain a number of the above book, and propose to furnish a copy to each of our subscribers.

The dictionary is a necessity in every home, school and business house. It fills a vacancy, and turnishes knowledge which no one hundred other volumes of the choicest books could supply. Young and old, educated and ignorant, rich and poor, should have it within reach, and refer to its contents every day in the year.

As some have asked if this is really the Original Webster's Unabridged Dictionary, we are able to state we have learned direct from the publishers the fact, that this is the very work complete on which about forty of the best years at the author's life ware so well employed in writing. It contains the entire vocasulary of about 100,000 words, including the correct spelling, derivation and definition of same, and is the regular standard size, containing about 200,000 square inches of printed surface, and is bound in cloth half morece and sleep.

Until further notice we will furnish this

Until further notice we will furnish this luable Dictionary— First—To any new subscriber.

Second -To any renewal subscriber.
Third-To any subscriber now in arrears who pays up and one year in advance, at he following prices, viz: Full Cloth bound, gilt side and back stamps marbled edges, \$1.00.

Half Mo occo, bound, gift side and back tamps, marbled edges, \$1.50.

A Golden Opportunity for Suffering Humanity. Full Sheep bound, leather label, marbled

edges, \$2.00.
Fifty cents added in all cases for express As the publishers limit the time and number of books they will furnish at the low rices, we advise all who desire to avail these elves of this great opportunity to attend to it

PRIZES ON PATENTS. How to Get Twenty-five Hundred Dollars for Nothing.

Fortune, and the Losers Have Patents that may Bring them in Still More.

Would you like to make twenty-five hundred dollars? If you would, read carefully what follows and you may see a way to do it. The Press Claims Company devotes much our subscribers that the new commiss attention to patents. It has handled thousands sioner of pensions has been appointed of applications for inventions, but it would He is an old soldier, and we believe like to handle thousands more. There is plenty of inventive tailent at large in this country or inventive tailent at large in this country, meeding nothing but encouragement to produce practical results. That encouragement the Press solicipate that there will be any radioa Claims Company propose to give.

NOT SO HARD AS IT SEEMS. A patent strikes most people as an appalling-We would navise, however, that U. 8 ly formidable thing. The idea is that an inventor must be a natural genius, like Edison or ventor must be a natural gentus. like Edison or Bell; that he must devote years to delving in complicated mechanical problems and that he they have not already done so, in order degree of perfection. This delusion the com-pany desires to dispel. It desires to get into the head of the public a crear comprehension legislation is seldom retroactive. There of the fact that it is not the great, complex, and expensive inventions that bring the best returns to their authors, but the little, simple, and the author rescaled in the department at the author rescaled in th cheap ones-the things that seem so absurdly trivial that the average citizen would feel omewhat ashamed of bringing them to the widows, children or parents desire in

attention of the Patent Office.

Edison says that the profits he has received trom the patents on all his marvelous inven-tions are not been sufficient to pay the cost of his experiments. But the man who concord to a child's ball, so that it would come back to the hand when thrown, made a fortune out of his scheme. The modern sewing-ma-chine is a miracle of ingenuity—the product a hundred and fifty years, but the whole brilhant result rests upon the simple device of putting the eye of the needle at the point instead of at the other end. the toil of hundreds of busy brains through

#### THE LITTLE THINGS THE MOST VALUABLE.

Comparatively few people regard themselves as inventors, but almost every body has been struck, at one time or another, with ideas that any of the former numb rs it valu frictions of life. Usually such ideas are discous and valuable features. The illus-

claims the traveler. "If I were running the These papers cannot fail to be of great road I would make them in such a way."
