Hood's Cures

Saved My Wife's Life

Weakness, Nervousness, Salt Rheum.

John W. Jones, Kalamia, Wash.

"Of my own free will and accord, unblinded by anyone, and wishing only to do good to the afflicted, I wish to tell of the good qualities of Hood's Sarsaparilla and Hood's Pills. I think there are no medicines equal to them, and have proved their merit by experience in my own family. My wife, Rachel, has been afflicted with weakness, nervousness, and salt rheum. I spent nearly all of my money in buying good doctor's bills and medicine until we decided to try Hood's Sarsaparilla. It undoubtedly saved my wife from the grave. The salt rheum has entirely healed and she is restored to good health. I have many friends and relatives in the east who will be glad to know that."

GONE BUT NOT FORGOTTEN.

Mr. and Mrs. J. P. Brown mourn the loss of their son, who had an attack of scarlet fever. He died November 21st, 1893, aged 6 years, 11 months and 3 days. Eddy was a bright and intelligent little fellow, beloved by all who knew him.

We shall miss him, There will be one vacant chair, We shall linger to care him, While we breathe our evening prayer, True, they tell us, wretches of glory Evermore will deck his brow, But this soothes the anguish only Sweeping o'er our heart strings now, Sleep today, oh early fallen, In thy green and narrow bed; Dregs from the pins and cyress, Mingle with the tears we shed. MOTHER.

EARLESS EZRA EADS.

A Freak of Nature, Born Earless—His Hair Was Pink. Ezekiel Eads, who died in Greene county, N. Y., in the spring of 1853, was surely a fit subject for a dime museum, even though he never descended to that level, says a writer in the Wheeling (W. Va.) Register. Strictly speaking, Eads was in several respects most remarkable creature. He was born without ears, not even having apertures where his ears should have been. His deformity, sad as it was, may be said to have

THE OPEN SWITCH.

AN ESTABLISHED SAFEGUARD. Anybody who travels by cars knows what is meant by "an open switch." It is the terror of railroad men, and the dread of the traveler. Its victims—killed, horribly mangled or maimed for life—are numbered by the score each year.

Yet even the dreaded "open switch" is not so widely fatal as is a certain disease, which, without ceasing its activity for an instant, is daily filling hundreds of graves. What is that terrible ailment? you ask. It is Heart Disease! "But," you reply, contently, "I haven't any heart disease—my heart is all right." Are you sure? Dr. Franklin Miles, of Elkhardt, Ind., the distinguished specialist in diseases of the heart and nervous system, states that disorders of the heart are as common as those of the lungs, liver, stomach, bowels or kidneys, though often unsuspected. The reason people are not aware of this important fact is because symptoms of heart disease are not usually recognized as proceeding from this organ, but are attributed to some other source. If you have shortness of breath, fluttering or palpitation, pain or tenderness in the left breast, shoulder or side, oppressed or choking sensation, fainting or smothering spells, your heart is affected.

"I had been troubled with heart disease for years. My left pulse was very weak, could at times scarcely feel it, excitement would weaken my nerves and heart, and fear of impending death stared me in the face for hours. Dr. Miles' Nervine and New Heart Cure are the only medicines that have proved of any benefit and cured me."—L. M. DYER, Cloverdale, Md.

"My wife has been taking Dr. Miles' New Cure for the Heart. She thinks it wonderful. She has not been troubled with pain or smothering spells since using it. We have also used Dr. Miles' Pills, and we find them all they are claimed to be."—GEO. L. FINE, Philadelphia, Pa.

These and hundreds of similar testimonials are convincing proofs of the wonderful powers of Dr. Miles' New Cure for the Heart. It is effective, agreeable, and above all, SAFE. Sold by druggists on a positive guarantee, or Dr. Miles Medical Co., Elkhardt, Ind. For sale by T. W. Ayers, Jr.

been partly alleviated by the curious construction of the inner portion of his head, which enabled him to hear common conversation through his mouth.

When addressed he would instantly open his mouth and readily give answers to interrogations put to him in an ordinary tone of voice. But Ezekiel's life had a heavy crop of black hair spotted with white, the spots themselves being in the exact shape of human ears, feet, hands, etc. When he was quite a small baby it was noticed that his black hair was interspersed with oddly-shaped spots of white, which, however, did not take on their distinctive shapes until after he had passed his fifteenth year.

When Mr. Eads died he left one son, aged forty-five, whose hair was as black as coal, not a single gray hair being discernible, and another son, thirteen years of age, whose hair was as gray as that of a man of seventy.
