The conspiracy to smuggle Chinese case is now in progress in Portland and some interesting disclosures are being made.

HAWAII stands pat and will not allow Queen Lili to be put back. Good for Hawaii and President Dale. The Portland Telegram suggests that we ought to trade presidents.

A REPRESENTATIVE that represents in the sort of a man we need in congress. Ellis fills the bill. His measure for the extension of time of payments on forfeited railroad lands, which was recently passed, shows what he can do.

The Tomahawk, a radical weekly Democratic paper, made its first appearance last Tuesday. It proposes to stand on the Chicago platform with the heel corks so deeply imbedded in the planks that there will be no opportunity of moving. Success to the Tomahawk.

AFTER looking carefully over the president's message the Knoxville (Tenn.) Tribune is gratified to find that "the president has taken such a firm stand on the momentous question of garden seeds. His essay on that subject is bound to become a classic."—Telegram.

The last legal drawing of the Louisiana lottery company in the United States occurred last Tuesday. This company was chartered during the reconstruction period for 25 years. It controlled the politics of Louisiana until two years ago, when its candidates were defeated. It now goes to Mexico.

The Gazette would like to see silver full legal tender money, without limit as to the coinage. Part of the distress now prevalent in our land is the result of demonetization of silver, further enhancing the purchasing power of gold. This, with impending tariff changes, is more than even so prosperous a nation as the United States can stand.

BEN KERRY, the trapper, who assisted the Carlin party to escape from the Clearwater country, claims the abandonment of Colgate was a cowardly desertion, young Carlin having even refused to let Colgate have any food, although he was at the time able to walk slowly. Kerry's whole story is very derogatory to young Carlin, Himelwright and Pierce.

The prosecution of the county officials of Multnomah county, the sheriff, treasurer and county clerk, has been dismissed. A motion of the council for the defense for a non-suit in the first of the cases which was against Clerk Powell, was sustained by Judge Munly, who instructed the jury to bring a verdict of acquittal. It was done immediately, and then the district attorney, in view of the rulings of the court in Powell's case, moved the dismissal of Malarkey and Kelly for the reason that they had made their financial reports within a reasonable time, as required, to the clerk of the county court, and desiring to avoid several hundred dollars expense to the county for their trials, which would doubtless result in acquittal, their cases were dismissed.

New revisions of the proposed tariff bill are reported. This is forced by combinations in the interest of several classes that democracy cannot afford to ignore. The truth of the matter is, the larger part of the South are opposed to the Wilson tariff measure and will fight it to the bitter end. Wool, however, still remains scheduled on the free list. There is no doubt but that it will pass with that provision. It means disaster to a great industry. Why should our primary producers not receive the same protection granted manufacturers and others. If we must have reform in tariff matters, give us a purely revenue tariff, then no one will have cause to complain—it will fall upon all parties alike.

CONGRESSMAN ELLIS for a novice is doing grand work. He is the father of the house bill granting further time to settlers, and has stuck to it with bulldog tenacity until the end was accomplished. Incidentally, it is noteworthy to say that it was one of the first bills to pass both houses, and went through without alteration or modification. If the president has not yet signed the bill we will warrant the assertion that Ellis can't help it.—The Dallas Chronicle.

SEVERAL of the coast papers published a statement last Saturday to the effect that the federal grand jury had returned an indictment against Whitney L. Boise, the well known Portland attorney, charging him with complicity in the alleged landing of Chinese laborers. However, it seems to have been only a rumor.

AGRICULTURAL COLLEGE NOTES.
The monthly examinations are over and the grades are made out.
Prof. Bross, who on the sick list but is able to tend to his college work again.
The foot ball game between Monmouth and the O. A. C. will come off Saturday Dec. 10th. The game will be played at this place.

The class in chemistry under Prof. Shaw has taken up the study of metals and alloys. This is one of the most interesting parts of chemistry.
The Shakespeare Club is developing into a first class body and is doing splendid work. The club is preparing a drama which will be presented next year.
Prof. Collier, of the State University, visited the O. A. C. a few days ago. He manifested great interest in the laboratories and was highly pleased with the prospects.
The contestants for the next contest will come off the first of the new year. Both societies have elected their best speakers.

Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

MONMOUTH NOTES.
A class in automatic shading has been organized by S. P. Hunt.
The athletes are repairing the gymnasium and have recently put in a dressing room and lockers.
The five literary societies gave an entertainment at the close of the first term, with an excellent programme and a large and interesting audience.
A singing class was organized under the supervision of Miss Ayers for the junior and senior classes. The object is to qualify them for teaching the rudiments of music.
The second term of the school year opened last Monday with a large number of new students. The total enrollment for the year, exclusive of the training department, is now 205.
The library association is preparing a drama for the next future, the proceeds of which will be spent in adding new books and periodicals to the library.
The Normal foot ball team is training under the management of Prof. Powell. They will play a return game with the Pacific University team at Forest Grove next Saturday.

JUNIOR.
Moumouth, Or., Dec. 4, 1893.

A Herald of the Infant Year.
Gilt the last thirty years or more from the century, and the segment will represent the term of the unbounded popularity of Hoefetter's Stomach Bitters. The opening of the year 1894 will be signalized by the appearance of a fresh Almanac of the Bitters, in which the uses, derivation and action of this world-famous medicine will be lucidly set forth. Everybody should read it. The calendar and astronomical calculations to be found in this brochure are always astonishingly accurate, and the statistics, illustrations, humor and other reading matter rich in interest and full of profit. The Hoefetter Company, of Pittsburg, Pa., publish it themselves. They employ more than sixty hands in the mechanical work, and more than eleven months in the year are consumed in its preparation. It can be obtained, without cost, of all druggists and country dealers, and is printed in English; German, French, Welsh, Norwegian, Swedish; Holland, Bohemian and Spanish.

Snowing.
Mr. L. Ingraham's daughter, Tammy, has returned home.
Have you read the president's message? What are the signs of the times?
Surely Mr. Isaac Kighten is a proud man to be presented with two grandsons in one week.
Charles Ashbaugh and wife have been visiting with Ed Ashbaugh and wife for the past two days.

There will be quarterly conference at Liberty school house on Sabbath, Dec. 17th. The presiding elder will be present.

Rev. Powell did not preach at Eight Mile Center on Sabbath last as the weather was inclement and his health poor.

Rev. Parish will preach at Eight Mile Center school house on the 23rd of Dec. The people of Eight Mile are much pleased with his preaching.

George Ashbaugh, Josh Ford and Charley Stanton have returned from Dayton, Wash. Charley looks quite manly with his new whiskers.

seed, and he farmers on Eight Mile have improved their times, having sown a large acreage.

Mr. and Mrs. Charley Johnson have our best wishes. We extend our congratulations and wish them a long and happy life. Mr. Johnson was fortunate in securing one of Lexington's best young ladies for a wife.

FIRST AWARD AT CHICAGO.

Sheepmen will be interested to know that there is no longer any question as to the relative merits of the different sheep dips upon the market. Christy & Wise take pleasure in announcing that Hayward's Dip (paste and liquid) for which they are sole P. C. agents, have secured the first award at the World's Fair, and last year these dips received the silver medal at California State Fair and gold medal at Mechanics Fair, San Francisco. Every practical sheepman that ever used Hayward's Dip, pronounced them the very best dips for the cure of scab, the general health of sheep and conditions of wool, 181-188 ss.

Strayed from my pasture about Oct. 1st, 1893, one five-year old cow and one three-year old heifer, both are dark red, marked with underbit in left ear, branded with R on right hip. I will pay \$5 a head if delivered at my place.

CROWING CONTESTS.
Music Furnished by Coasters Entered in a Regular Competition.
Recently there was a very interesting crowing contest between roosters in Belgium. The poultry raisers of the vicinity of Liege are such admirers of the music which their roosters furnish that they decided to hold a competition at Liege in order to prove definitely whose rooster was the champion crower. All the birds entered in the competition—and there was a great number—were placed in cages, one in each cage, with a trustworthy man in front of each to record the crowing. The contest lasted one hour, and the cock which crowed the greatest number of times in that period received a valuable prize. The winner of the prize crowed one hundred and thirty-four times, or more than twice a minute. The Youth's Companion thinks that anyone who has seen a young rooster mount a barnyard fence and crow until the housewife comes out and throws a milk pail at him will not be inclined to impeach the accuracy of this account, unless he thinks it is an understatement. It is possible that the Liege cocks were embarrassed by the strange surroundings and did not do themselves justice.

Why suffer with dyspepsia, biliousness or any other disease of the liver when you can be cured by Simmons Liver Regulator.

PATENTS!

NOTICE TO INVENTORS.

There was never a time in the history of our country when the demand for inventions and improvements in the arts and sciences generally was so great as now. The convenience of mankind in the factory and workshop, the household and on the farm, as well as in official life, require continual accessions to the apparatus and implements of each in order to save labor, time and expense. The political change in the administration government does not affect the progress of the American inventor, who being on the alert, and ready to perceive the existing deficiencies, does not permit the affairs of government to deter him from quickly conceiving the remedy to overcome existing discrepancies. Too great care cannot be exercised in choosing a competent and skillful attorney to prepare and present an application for patent. Valuable interests have been lost and destroyed in innumerable instances by the employment of incompetent counsel, and especially is this advice applicable to those who adopt the "No patent, no pay" system. Inventors who entrust their business to this class of attorneys do so at imminent risk, as the breadth and strength of the patent is never considered in view of a quick endeavor to get an allowance and obtain the fee. THE PRESS CLAIMS COMPANY, JOHN WEDDERBURN, General Manager, 618 F Street, N. W., Washington, D. C., representing a large number of important daily and weekly papers, and general periodicals of the country, was instituted to protect its patrons from the patent methods heretofore employed. It is prepared to issue "no patent, no pay" business entrusted to it for reasonable fees, and prepare and prosecute applications generally, including mechanical inventions, design patents, trade-marks, labels, copyrights, interferences, infringements, validity reports, and gives especial attention to rejected cases. It is also prepared to enter into competition with any firm in securing foreign patents.

Write for instructions and advice.
