The Record is a little previous in mentioning the Gazette's editor as a candidate for mayor. DON'T BELIEVE IT.—A number of our readers of the populist faith were inclined to think we were greatly in error in the recent article regarding Prof. Rork, and some thought intentionally so. In this they were wrong.

Anyone with reasonable judgment should know we would not give such an article publicity unless it could be proven. Others were given to believe that we published this article because of the fact that Rork was a populist.

Disturb your minds of this belief, for had this man been a republican, democrat, saint or sinner he would have been published to the world just the same, and such action should be appreciated by all true reformers.

About two years ago a permanent resident of this city attempted to commit the same crime for which he was run out of town and written up in due form by the only Heppner Gazette. Read the following from the Fossil Journal and you will find it one of Rork's old tricks: "Two weeks ago the Heppner Gazette charged Prof. Rork, Farmer's Alliance state lecturer, with attempting to commit a horrible crime against nature in Heppner. The charge has not yet been answered. And now today's Salem Statesman contains the following: 'They have just found out Rork over in Eastern Oregon, at Heppner, where he was detected in a repetition of the nameless act for which he was driven out of Unity church at Salem.' Besides being a professional politician, Rork is something of a temperance worker. He ran for congress on the People's Party ticket at the last election in Oregon."

REGISTERING CHINESE.—Ross T. Chamberlain, Col. Weidner's deputy internal revenue collector, arrived yesterday, and is endeavoring to get all Chinese at this place duly registered according to the provisions of the Geary law.

Though the recent change in which Hon. H. Blackman was appointed to succeed Col. Weidner means the loss of Mr. Chamberlain's position, yet he says he is glad that it was an Oregon man. Of course it had to be a democrat, this could not be avoided. Mr. Chamberlain says that Chinese are registering pretty generally, but very few refusing to comply with the law.

THE BRANCH ASYLUM.—The report of the committee of visiting physicians to Eastern Oregon to investigate the sanitary conditions of the sites offered by the contesting cities for the establishment of a branch insane asylum, was submitted at a meeting of the asylum trustees Monday. The report covers 16 pages of type-written matter upon the subject, and owing to the length of time required for a thorough examination by the board, it will be several days before a decision will be reached as to the site. While this delay is trying the patience of all, yet it will have to be borne.

OFF A LITTLE.—The Heppner Gazette this week published the recapitulation written by the committee appointed at the meeting of sheepmen held at Astor on December 16th, for the purpose of answering the questions propounded by Justice, Bateman & Co., but said paper failed to give the credit to its proper source. It was the said committee that prepared the recapitulation and not Justice, Bateman & Co., as one would infer from reading the Gazette's remarks on the same.—Astolope Herald. You're right. We didn't take a tumble till too late.

Roman Boings Ten Feet High.—In a prehistoric cemetery lately uncovered near Montpellier, in the south of France, among other things found and reported to the Paris Academy were two skulls, evidently belonging to the Aryan race, and some human bones that, judged from their proportions, must have belonged to a man at least ten feet in height.

MORE OF RORK.—In commenting on the Rork article which recently appeared in the Gazette the Oregon City Courier concludes with the following: "It has been said that while Prof. Rork was located in Salem as minister of the Unitarian church, he also attempted to take 'improper liberties' with young men. As he goes about reforming people, it is highly necessary that the people know whether he is an upright man or a beastly, villainous hypocrite."

NOT A BAD RECORD.—Newspaper editors and printers are not such a bad lot after all. Read what an exchange says: "Of the 3590 convicts in the state penitentiary of Texas, there is not a printer or newspaper man, while there are bankers, doctors, photographers, ministers, barkeepers, cooks, barbers and members of all other classes and professions. The cog-wheel of justice must have slipped somewhere."

BLACKMAN SUCCEEDS.—Hon. Henry Blackman, senator from Morrow county, elected as a democrat from a republican district, is today appointed collector of internal revenues for Oregon and Washington. He will have his headquarters at Portland. The Journal and a host of Salem friends without regard to party extend congratulations.—Journal.

OBITUARY.

Died, in Heppner, Friday, Jan. 5, 1894, at the residence of her son, C. E. Fell, of this city, Sarah Harlan Fell, aged 86 years.

Mrs. Fell was born in Chester Co., Penn., near Brandywine battle ground, in 1808. In 1824, when Gen. Lu Fayette visited America, she was one of a committee of a number of young ladies who assisted in the imposing ceremonies attending his reception at one of the Pennsylvania towns.

In 1831 she was married to Joshua R. Fell, and in 1837 with him emigrated to Illinois, then a sparsely settled wilderness. They resided in Bloomington fifty years. In 1887 they came to Heppner to live. Both are buried in the Masonic cemetery.

Her father was a Quaker whose religious belief prevented him from taking up arms; but was himself and sons pressed into service to haul cannon during the American revolution.

Heart Failure.

HOW TO AVOID IT. The epithet on many a tombstone is "heart failure." No wonder, when we consider the immense strain which is put on that small organ. Marvellous as it is, beating 100,000 times and exerting a force equal to 5,740,000 pounds daily, it has its limit—its endurance often is too severely tested. So common are diseases of the heart—though often for a considerable time without the suspicions of the afflicted person being in the least excited—that it is stated that one person in four has a bad heart! Dr. Franklin Miles, of Elkhart, Ind., has for years made a special study of all diseases of the heart, and his remarkable success has made his name a familiar one in all parts of our land. He has found the most common symptoms of heart disease to be pain, distress or tenderness in the chest, back, stomach, bowels, left shoulder and arm, shortness of breath, smothering spells, fainting, etc.

Mr. George R. Smith, of Byrnes, Yates Co., N. Y., writes: "DR. MILES' NEW HEART CURE has worked wonderfully on mind and body so I can do a good day's work. I feel ten years younger and take more interest in affairs. I had shortness of breath, palpitation, pain under left shoulder blade, pain around the heart, I could not sleep on my right side. Since I have taken Dr. Miles' New Heart Cure I sleep well, and have no palpitation. It has made my heart stronger. I wish you would print this, because I want all to know what Dr. Miles' Heart Cure has done for me."

"For months my wife suffered with palpitation, smothering spells, and was unable to sleep on her left side. She tried several doctors without relief. Your Heart Cure was recommended. After taking three bottles, she fully recovered her health. Your medicines do what you claim."—CHAS. CHRISTMAN, Toledo, O.

Dr. Miles' New Cure for the Heart is sold by all druggists on a positive guarantee. It is safe, agreeable, effective, and does cure. Dr. Miles Medical Co., Elkhart, Ind.
