Equal with the interest of those having claims against the government is that of INVENTORS, who often lose the benefit of valuable inventions because of the incompetency or inattention of the attorneys employed to obtain their patents. Too much care cannot be exercised in employing competent and reli-able solicitors to procure patents, for the value of a patent depends greatly, if not entirely, upon the care and skill of the attorney.

able solicitors to procure patents, for the value of a patent dependers, entirely, upon the care and skill of the attorney. With the view of protecting inventors from worthless or careless attorneys, and of seeing that inventions are well protected by valid patents, we have re-tained counsel expert in patent practice, and therefore are prepared to

Obtain Patents in the United States and all Foreign Countries, Conduct Interferences, Make Special Examinations, Prosecute Rejected Cases,

Register Trade-Marks and Copyrights, Render Opinions as to

Scope and Validity of Patents, Prosecute and Defend Infringement Suits, Etc., Etc.

If you have an invention on hand send a sketch or photograph thereof, together with a brief description of the important features, and you will be at once advised as to the best course to pursue. Models are seldom necessary. If others are infringing on your rights, or if you are charged with infringement by others, submit the matter to us for a reliable OPINION before acting on the matter.
