The editor of the Record may be a little out of order, but we notice that he "scares," yet in good shape. Please credit us with local unpaid bills. Mr. Record. We don't mind a small steel, but kick on furnishing copy for your whole issue.

Mrs. J. N. Brown entertained a few friends last evening with a treat in the form of a musical entertainment given by her class of students. The music is given represented in most every grade of advancement, and in each section the work of careful training was very perceptible. Mrs. Brown intends to give a similar entertainment in the near future which will clearly show the progress of each student.

Mail from the East has been considerably delayed for the past few days by weather and delays. Quite a wreck was reported to have occurred at Mountain Home yesterday, in which the engineer and several trainmen were killed. This morning it was reported that five miles of track had washed away over in the same country. The branch train to waiting for the eastern connection did not arrive until this afternoon.

JONAH AND DE WHALE.—A negro explains Jonah and the whale as follows:

His exposition of the story of Jonah and the whale is, perhaps, the funniest of them. He says: "Dat country war a sea shoo, an de hotels dey war named after de things ob de sea. Dar war de Sailor's Rest, Mariner's Rest, de Seafaring Man's Home, an' a lot ob sich places just as yo kin fin' 'em at Norfolk now. Among dese places was one called de Whale's Belly. Jonah come along an' he didn't hab no script in his purse. He stayed dere tree days, and when de land ay found bedidin' hab no money she spewed him out. It is gib to us to show, when we don't treat mas right kase he's pore, we may be kiockin' an' auge, unawares!"

Eighty members joined, eight of whom were formerly democrats. T. R. Lyons and S. G. Hawson made good speeches. The republicans are in earnest, and are in fact decidedly "in it." The populists are making a desperate effort, but are having little effect. The foregoing is the way a friend puts Condon politics.

LEXINGTON ITEMS.

Nice spring weather again and some of the boys are striking out to work on ranches or for sheepmen. The former are paying \$30 and the latter \$25 per month.

The ticket nominated by the populists at Heppner was well received here, especially the nominees for justice and constable. "Marsh" has assumed a thoughtful expression while Jess has the appearance of a man whom it is dangerous to trifle with.

Mrs. Thompson is very ill and not expected to live. She has the best of attention, and it good nursing and medical skill can save a person, she will surely get well.

The Motor arrived and is running night and day. It sometimes flies the track for want of ballast, and it takes church members, spiritulists and others to get it back again. It is not using the red head-light at present, as the friction is already so great it might cause a conflagration.

The "mouth disease" has extended to the pulpit in this town, and we were treated to some sermons last week that had been uttered outside the pulpit, and by anyone but Methodist preachers, would have been considered grossly vulgar and abusive. One of the "perfect" made a bitter tirade against all who repeated any slander or gossip, and in the same sermon made his statement that prominent citizens of Heppner had lured some of the "red curtain" element back to their life of sin after he and some ladies had persuaded them to give up their calling. But we since learn that one referred to, reformed herself, while the other was taken out by the church people and left penniless to be supported by the "vulgar" world. Oh, consistency thou art a jewel.

It is reported that some one here has sent a communication to the Record this week that will annihilate poor Rex, who is so scared that he's beginning to hunt for a straw-stick to hide in. By the grace of Grover and permission of the editor of the Gazette, we propose to champion the cause of common sense against fanaticism. They may kill the devil and throw themselves out of a job, if they wish, but as long as they abuse every man who thinks for himself, we propose to treat them to a dose of their own medicine.
