

Here and There.

Times are picking up in Heppner. Frank Lee, the popular woolbuyer, is here from Frisco. Jas. Ross was over from the John Day the first of the week. Uncle Nat Webb came in this morning from Walla Walla.

J. E. Scribner is down from Hardman to spend a few days. Jas. H. McHaley and wife were over Tuesday from John Day.

Gov. Ross is building a law office just in the rear of Matlock's saloon. H. A. Capper, the Monument stockman, was in town Wednesday.

Dr. J. W. Rasmussen is now employed by C. Ruhl, the grocer and baker. Rev. Lidenale and Postmaster Leach, of Lexington, were in town Tuesday.

Perry Snyder came in Wednesday to assist in the teachers' examination. Wanted—A few more customers for the home laundry, Mountain House.

The claims against J. H. Kelm have piled up in the neighborhood of \$7,000. Nobody can have dyspepsia or indigestion if they take Simmons' Liver Regulator.

The Heppner Canyon stage line is the best, cheapest and quickest to the interior. The suicide mania has struck Portland, and almost every day some poison treatise routes.

Nobody will suffer with liver or kidney disease if they take Simmons' Liver Regulator. W. H. Foster is running on the branch in place of Conductor Dunn, who is over at Ellenburg.

Those that have county scrip for sale should call on George Conner at The First National Bank. The Gazette will be sent to any address in the United States till after campaign for 50 cents.

Photographs \$1.50 per dozen at Sheppard's gallery, near opera house, north Main St., Heppner, Ore. Legal blanks, plenty of them, at the Gazette office, and at world's prices. Discounts on large orders.

Green Mathews has opened up his barber shop, next door to Hayes Bros. Shaves, etc., on tap as usual. O. D. A. Lion and Herman C. Wall, of Ellettsville, were recent callers at the Gazette office and report crops all right in their section.

The Gazette will take county scrip at face on subscription, and pay balance of same in cash at highest market price. The Gazette office now runs an insurance and notarial shop. Come in when you want to do your insuring and swearing.

The Third Annual Session of the United County Pioneer Association will be held at Weston, Or., Tuesday and Friday, May 24 and 25. Wm. Penland and Albert Wright, of this county, have been drawn on the federal grand jury, and Ed. Holloway as trial juror for the same court.

Hull's Hair Renewer enjoys the confidence and patronage of people all over the civilized world. Use it to restore and keep the hair a natural color. Monday last L. L. Van Winkle's team while hitched at Matlock's corner, got to kicking and demolished a neckyoke in no time. No other damage reported.

A slight freeze last Tuesday night endangered some extent the tender tops of such vegetables as had ventured out. Fruit, we are informed, was not injured. Fossil Journal: Rev. M. V. Work is now lecturing for the populists in California. It is not yet known whether he made any populists in presence or not.

If you desire a luxuriant growth of healthy hair of a natural color, nature's crowning ornament of both sexes, use only Hall's Vegetable Silicium Hair Renewer. I. L. Van Winkle has just returned from a trip to the northern part of the county. Grass and crops are looking well; in fact, better than any season for years past.

Echo stage leaves Heppner for Echo Tuesday, Thursday and Saturday. Arrives Monday, Wednesday and Friday. Fare, one way, \$2.50. Phil Cohn, agent, A. Andrews, Prop. "Red" Anderson, of Freese, a brother-in-law of the Ross Bros., died last Friday night. He had been ill for some time, his immediate taking off being caused by an internal abscess.

The Record man advises us to take our news from the Record. It often occurs that matter in our Tuesday's issue appears in the Record word for word. Some people have "gull" and plenty of it. If those who owe us would just pay \$1 apiece it would help us to pay our debts. Even in the days of the "gull" we got to do some "tail raising," and we expect our patrons to do something. Our paper house and printers still require hard cash, and cash we must have.

E. O. It is said that Frank Arnold and William Smith joined the U.S. Army Monday evening. Det. Herman and Major Cox were with them. Many who were seriously contemplating going along and taking the trip to Washington. "A wolf in sheep's clothing"—The substitute offered by the "center" as being just as good as Ayer's Sarsaparilla. If you don't want to be bitten, insist upon buying Ayer's Sarsaparilla, even if it is a little dearer. Depend on it, it will be cheaper for you in the end.

Heppner has furnished one recruit for Corey's army, says report, in the person of young Johnny Masters. We predict from personal experience that he will be glad to let Corey out to get a good square meal again under the paternal roof. But we were all boys once and had to learn by experience.

Dr. S. F. Scott, Blue Ridge, Harrison Co., Mo., says: "For whooping cough Chamberlain's Cough Remedy is excellent." By using it freely the disease is deprived of all dangerous consequences. There is no danger in giving it to babies, as it contains nothing injurious. 50 cent bottles for sale by Slocum-Johnson Drug Co.

Fossil Journal: Mr. William Gilliam, the Campbellite exhorter of Ross Creek, populist stump speaker and candidate for county commissioner of Morrow county, is in town today on his way to Prineville as a witness in the case of State vs. B. J. Gilmore, attorney. Mr. Gilliam was subpoenaed for the defense, he thinks to prove Gilmore's good character.

We desire to call the attention of the members of the republican clubs at Eight Mile and Gooseberry to the time for the political meeting slated at those points next week. Gooseberry, Friday, May 18, 1:30 p. m., and Eight Mile in the evening at 7:31. This change is made to accommodate Mr. Gowen, who will arrive from Grant county just in time for the Eight Mile meeting Friday evening.

LAND FOR SALE—480 acres over in Wilson prairie. A good stock ranch will be sold cheap. Call at Gazette office for particulars and terms.

**ACCIDENT ON THE BRANCH**—A very peculiar and what at one time threatened to be a very serious accident occurred on the branch between Douglas and Ione, early Thursday morning as the train was making the return trip. The train was behind time, and was moving along at a good rate of speed when the engine struck a patch of grass in the middle of the track. This caused the drive wheels to slip in such a manner as to detach the "driving shafts" on both sides, and before the train could be stopped, the fireman's seat had been demolished and the cab otherwise injured. The ends of the ties for some distance were badly demoralized as if an ax had been used. The damaged portions of the engine were removed immediately, which left one driver on each side connected with the piston, and the train proceeded Heppnerward, but was unable to haul the load only a portion of the distance between Ione and Lexington. Backing to Douglas the freight cars were left. The train then came on to Heppner without incident, arriving at 7:15 a. m. It is a wonder that all escaped without some person being hurt.

**CLUB MEETING**—On last Saturday evening, the Republican Club of Morrow county met at the opera house, President A. W. Patterson presiding. J. S. Boothby, candidate for representative, made a telling speech which was well received. He was followed by J. F. Willis, candidate for assessor, and F. J. Hollock, candidate for clerk, in a few happy remarks. Others were called upon and responded. The singing of the club was well received. The club will meet again a week from next Saturday evening. Also next Saturday evening, at the same place, the republican club of Heppner will meet with a well-prepared program. All are invited.

**THE PENDLETON SCOURING MILL**—In this issue appears the advertisement of the Pendleton Wool Scouring and Packing Co. That it pays to scour wool before shipping to market is well known, and the Gazette predicts that this new enterprise at Pendleton will be well patronized by shepherds. T. E. Fell is manager of this mill and E. Y. Judd, the well known wool buyer, is president. We had hoped that Heppner would secure this scouring mill, but since it was impossible, we are pleased that our neighboring city of Pendleton is so fortunate, and that it is situated so conveniently near our Morrow county flocks.

**FROM BILLINGS**—M. E. Smith writes down from Billings, Mont., that he was in the midst of the Coker riot there, and that matters were lively for a brief season. He says the army was peaceable enough, but that the conflict was between the deputy U. S. marshals and the citizens of Billings. The marshals came out second best. Billings expects a boom this season, and has a pretty good chance of getting it. The Gazette will reach Mr. Smith at Billings hereafter.

**BIRTHDAY PARTY**—On last Tuesday William Minor celebrated her eighth birthday by entertaining quite a number of her young friends. There were present: Etta Rogers, Lucila Nelson, Olive Adams, Nora Adams, Lizzie Morrow, Lottie Rasmus, Grace Greenwood, Katie Blahm, Leah Minor, Bertha Fristoe, Nellie Hornor, Zie Patterson, Alta Bash, Earl Hollock, Leo Blackman, Nora Matlock, Nellie Wilkins, Bertha Jones and Elith Vaughan.

**TEACHERS' EXAMINATION**—Superintendent Saling, assisted by Perry Snyder, began examination at the recorder's office Wednesday with the following applicants in attendance: Mand Glasscock, Nellie Holt, Minnie Thompson, Elith Sapp, Anna L. Clark, Emma Davidson, Mary Miller, Della Reed, Lizzie Creighton, and Mrs. Ann E. Conpel. The examination will conclude today, and will be the last during Mr. Saling's term of office.

**MARRIED**—We are in receipt of the news that C. N. Peck, of Lexington, and Mrs. Lewis Peck, of Sunbury, Ohio, were joined in wedlock at the residence of the bride's parents, Mr. and Mrs. Nathan Marble, Wednesday, May 9, 1894, at 8 o'clock, p. m. Mr. and Mrs. Peck will shortly return to Morrow county where they will make their future home. The Gazette joins Mr. Peck's many friends here in congratulations.

**THEY WANT NAMES**—The Russell Art Publishing Co., of 928 Arch Street, Philadelphia, desire the names and address of a few people in every town who are interested in works of art, and to secure them they offer to send free, "Cupid Guides the Boat," a superbly executed water color picture, 8 1/2 x 10 1/2 inches, suitable for framing, and sixteen other pictures about same size, in colors, to any one sending them at once the names and address of ten persons (admirers of fine pictures) together with six two cent stamps to cover expense of mailing, etc. The regular price of these pictures is \$1, but they can all be secured free by any person forwarding the names and stamps promptly.

**NOTE**—The editor of this paper has already received copies of above pictures and considers them really "Gems of Art." Monday last, Mrs. Johnny Hager, accompanied by her little daughters, Zita and Zephia, started for Mrs. Hager's old home in Vermont, to be absent several months. Mr. Hager accompanied them as far as Willows Junction.

A re-visiting of nature's latent forces occurs every spring. At this time, better than any other, the blood may be cleansed from the humors which infect it. The best and most popular remedy to use for this purpose is Ayer's Compound Extract of Sarsaparilla. An echo now says: Henry Gee, who lives near McMinnville, has a 5-year-old cow which has given birth to 13 calves within the last 14 years. As an exhibition of the Oregon climate, this stands unparalleled. If John Hendrix was back in this country, the Gazette would bet two to one that Morrow county could out-do Yamhill.

THE LOGIC OF POPULISM.

The disgraceful condition of things in South Carolina is another illustration of the logical effect of populism. In every state where that form of political iniquity has obtained controlling power there has been an experience of disorder, of violence, of threatened anarchy. It was so in Kansas, and later in Colorado, and now we have another striking example in another section of the country, thus showing that the cause of such outbreaks is not local or accidental, but peculiar to the doctrines and methods of the populists whenever they are rigidly applied. The simple fact is that populism represents a drift of thought and feeling that is antagonistic to existing institutions. It results in violence because it is inconsistent with accepted ideas of public safety and prudence and with established agencies for the conservation and promotion of the peace and welfare of society. The men whom it has developed as leaders are eccentric, reckless and irresponsible. They seem to think that it is their mission to create as much confusion and excitement as possible, and to use official authority in the most arbitrary and astonishing manner. One of them has ever in any contingency manifested an ordinary degree of good sense, the country has certainly not heard of it, nor is there any reason to believe that they are capable of such service.

It is no longer necessary to discuss populism as an unknown quantity. The lessons of experience have taught us what it is and what it is to be expected from it wherever it gains ascendancy. There is nothing in it, as its practical effects have shown, that intelligent and patriotic citizens can afford to endorse or indulge. Its spirit is essentially mischievous, its tendency is indisputably revolutionary. The doctrines that it represents involve serious dangers, and the results that it is seeking to accomplish are in all respects contrary to the best interests of the people. There is but one proper way to deal with it, and that is to denounce and resist it in all localities and under all circumstances. It includes among its adherents many sincere men, we may allow; but this does not change the fact of its inherent error and peril. The logic of its creed and purposes is in direct conflict with those principles and appliances which society has adopted for defenses against prevailing evils. It is calculated to do harm, and harm only. The injury that it has already occasioned is sufficient to satisfy any reasonable person that no good is likely to come from it. When it is plainly seen to be conducive to public disturbance, official usurpation and general demoralization, there is no justification and no excuse for giving it the least countenance. All law-abiding citizens are in duty bound to oppose such a force in politics, and to exert their influence for the preservation of the social fabric which it is designated to subvert by such processes as have been introduced in the states where it has secured the opportunity of practical application to the business of government.

**A CORRECTION.** Having heard that numerous reports were circulated through Morrow county regarding my daughter's age, I wish to say she is of the required age and necessary qualifications. JAMES NEVILLE.

**Do Not Waste Money, Time or Patience.** If you need power for any purpose whatever, send at once for catalogue of Hercules Gas and Gasoline Engines. They are simple, strong, safe and substantial. Their economy, reliability, strength and superior workmanship are beyond question, and we defy tests to the contrary. PALMER & REY FOUNDRY, Front & Alder Sts., Portland, Or.

**FROM THE DALLIES.** The Columbia river has risen five inches in the last twenty-four hours. Mrs. B. Miller, formerly of Heppner, is now convalescent from a recent sickness. Mrs. Geo. Thornton and son departed on Friday's train after a visit of ten days. H. C. French, formerly conductor on the Heppner branch, is in Kansas City in quest of work. The sheep market here is very active. There were seventeen car-loads, double-decks, sent to Chicago last week, and seven car-loads for Troutdale today. The Dallis street sprinkler is doing a very much needed duty laying the dust. The wind has been blowing for nearly a week, almost blinding every one with dust. Messrs. Simott & Fish are having their commodious hotel renovated from top to bottom by painting the rooms inside and placing new pilings for pillars in the basement. The speech by the Hon. J. B. Cleland, of Portland, was received with unusual interest by all parties, being strictly one relating to the grand power of the republican party. Two contingents of Corey's spent Sunday here. They are traveling in squads of 40 and 50. The city very liberally provided them with the substantial of life for three meals.

THE MONOGRAPH.

For one Dollar and Your Opinion on This Subject.  
What is the best Monetary system for the United States? This is the greatest problem confronting the American people. It is the intention of the publishers that "The Monograph" shall contain the best thought of the nation on this question. The recognized leaders in all political parties have been invited upon to contribute plans for their ideal Monetary System. But not content with this, we are determined to embody in the same volume the opinions of thousands of the "Great Common People," and to that end we will allow two dollars on the price of the book for your solution of this problem, expressed in not more than 800 words. The Monograph, the best modern work on Monetary Systems, will be sent to any address on receipt of \$3.00. It is a book that will interest and instruct, and is destined to become a giant factor in shaping the future monetary system of the nation.
