A VOTE for Jayne for prosecuting attorney is a vote for a man who is one of the best lawyers in the district.

Did you hear Gowan? If you didn't you missed a treat. Gowan is an ideal republican and will be elected joint senator.

Behind each candidate on the republican ticket there is a principle bigger than any man. It is the party's ticket and deserves the support of every protectionist.

PENNYCOCK recommended Joe Simon for the position of federal judge for life. Some of the demo-populist papers must be off a little, the E. O. for instance. Even from their standpoint he ought to be a pretty good man.

A VOTE for either the democratic or populist candidate for representative is a vote for the continuation of what the country is now experiencing. If you want to return to the good, old times of the past, help it along by voting the republican ticket.

THE Omaha platform insists on the retiring of all forms of metal money in three years and that paper shall take its place. This is the so-called free coinage party. The populist party is a "hat" money party. They seem to ignore every economic law known to the civilized world.

Ms. E. B. DUFUR puts it a little strong in the Condon Globe. It sounds very much like Mr. Dufur talking, and if we mistake not it came from his hands. Mr. Jayne has good honest supporters to talk for him. "Self praise is half scandal."

WHAT citizen of Heppner begrudges the money spent in educating our young people? Those who were present at the graduating exercises last Friday evening were surely impressed with the grand work that is being done in the Heppner schools, and particularly the high school department.

This note of warning from the Astorian should be heeded by every republican in the state: "It is, of course, highly improbable that any intelligent democrat elected to the legislature would be so false to the interests of the state, or so indifferent to the sentiment of the best

element in his party, as to lend his countenance or give his vote to the election of a populist to the United States senate. The people should bear in mind, however, that democrats have violated just such trusts before, and the risks now involved are too great to justify any risk of that kind. The only safe course is to paraphrase a famous order of the immortal Washington at a certain crisis in continental affairs, put none but republicans on guard."

IN THE last issue of the Record, some person under the nom de plume of "Old Soldier" indulges in a series of disjointed ravings about our worthy candidate for representative, Mr. Boothby. In the first place a true soldier never writes that article. It is too dirty, too unparliamentary, too full of lies to emanate from a soldier. In the Gazette's opinion it was written by a populist who was formerly an active democrat in this county. This is a scaly piece of business and cowardly as well. A man who seeks to injure another under a nom de plume is so low in principle that a flea-bitten coyote wouldn't associate with him. And when he takes the patriotic name of "soldier" to hide his true name and character it even becomes more despicable in the eyes of the people.

JOE WALDROP, the populist orator who addressed a few of our citizens at the court house Tuesday night, among other mis-statements, said that Congressman Ellis had voted for the repeal of the Sherman act. Anyone who will take the pains to look into the Congressional Record will discover that neither he nor his colleague Herman voted as WalDROP claims. A man may falsify and he may be honestly mistaken, but when he tries to address an audience some of whom he may never see again to rectify his error, he should not handle the truth so carelessly.—The Dallas Chronicle. Joe has also forgot to note the fact that Ellis voted for Bland's 16 to 1 substitute for the seigniorage bill.

Yes, Boothby did strike a man with a cleaver for calling him a "d—n s—n of b—h" for the crime of being a Union man. This much injured man was not content with being disloyal, but sought to abuse and threaten Mr. Boothby. Yes, Mr. Boothby did go into the army and fight for the preservation of the Union, while the other remained at home a member of the Knights of the Golden Circle. Many a disloyal coward who had not the courage of his convictions and who did not risk his hide on the field of battle, received worse than a blow from a cleaver. We respect a genuine soldier, let him be either of the blue or gray. This would be "soldier" who seeks under a nom de plume to injure Mr. Boothby has taken the wrong track.

HON. E. B. DUFUR, democratic candidate for prosecuting attorney, is a lawyer of ripe experience, stands well up in his profession, and is in every way qualified for the place. He has been a resident of this county for a great number of years and is personally acquainted with most of its citizens. The office is a non-political one, and he will have no doubt on this account receive as he should, a large vote from his friends regardless of party.—Hood River Glacier. A. A. Jayne is Mr. Dufur's peer as a lawyer, and is much younger and more active. In fact, Mr. Jayne is an ideal candidate for prosecuting attorney, and as such will be elected. He is highly deserving of general support.

THEORY and practice are quite different, it is needless to repeat. Populists claim that they would be very economical if they were in power and doubtless believe it. But here is some practice. A comparison is presented of two administrations, the one republican under Governor Moody, and the other populist under Penneyco. Penneyco could have vetoed any one of the items named:

Penneyco	Moody
Sal. for private sec. to governor	\$ 2,000 000
Incidental fund	15,000 25,000
Issue and sal. of fund	150,000 275,000
Penitentiary fund	34,500 39,500
Total	\$20,500 127,450
Balance in favor of Moody administration	\$138,350.

If RALEY goes in on his record as an "open river" man, he has little to bank on. His efforts toward an "open river" were all unbecome. In fact the whole democratic concern is unbecome. They talk nice but never do anything but overthrow what good some other party has done. If the Niagara canal depends on Raley for completion it will be done in about 1999. Mr. Raley will never go to congress.

REP. BAYAN, of Nebraska, declines a renomination at the hands of the democratic party. He thinks it would prove a hopeless contest in a district 7,000 republican. He was elected by only 140 majority to his present position.

THE GOVERNMENT STAMP.

They were returning home from a political convention lately held in Eastern Oregon, and naturally the conversation turned on the subject of money, says an exchange. The chief speaker was a gentleman of populist proclivities who insisted that money need not possess any intrinsic value. All that was needed was the government stamp. The government could put its stamp upon a piece of leather and make a dollar. "The b—t could," said one of the listeners. "Suppose the government took you to the corral where they brand the government mules and clapped the brand on you, would that make you a government mule?" The only answer was a roar of laughter in which the flat money advocate joined at his own expense.

Mrs. LEASE, the Kansas woman suffragist and populist orator, is dangerously ill.

A CYCLONE passed over Kankakee, Ohio, on the 17th inst., spreading devastation in its path and killing and maiming several.

THE E. O. says Ellis has been in congress two years. This shows how some people can lie when they try. It will be a year in August since Mr. Ellis went to Washington, and regardless of the do-nothing majority has got through some local legislation highly beneficial to his section.

SYLVESTER PENNEYCO is worth a half million, and he talks about the rich getting richer and the poor getting poorer. If anybody knows, it should be Sylvester. And yet he understands that while conditions were such that he could make a fortune out of the sawmill business that his employees got good wages and were prosperous.

COMMENTS OF A SCHOOL DIRECTOR.—A school director down in Kansas, while visiting his school recently, when asked for some remarks by the teacher, said: "Children I'm glad to see that you have ciphered clear through 'rithmetick, beginning with subtraction and gone thro' addition, perdition, adomination, justification, hallucination, servitivation, creation and amputation. You went through 'rithmetick like the late cyclone went through Crowley county—you made clean shuckin, as you went. I'm much obliged to you for your attention during my predatory remarks."—Ex.

Persons who sympathize with the afflicted will rejoice with D. E. Carr, of 1235 Harrison street, Kansas City. He is an old sufferer from inflammatory rheumatism, but has not heretofore been troubled in this climate. Last winter he went up into Wisconsin, and in consequence came upon me again very acute and severe," he said. "My joints swelled and became inflamed; sore to touch or almost look at. Upon the urgent request of my mother-in-law I tried Chamberlain's Pain Balm to reduce the swelling and ease the pain, and to my agreeable surprise it did both. I have used three fifty-cent bottles and believe it to be the finest thing for rheumatism, pains and swelling ext." For sale by Slocum-Johnson Drug Co.

A Little Girl's Escape.

HOW SHE WAS RESCUED FROM A LIFE OF TORTURE.

Almost Beyond the Hope of Recovery—A Loving Father's Gratitude.

(From the Kansas City, Mo., Journal.) Perhaps no disease with which a young person can be afflicted is so terrible and blighting in its nature as a nervous disorder, which gradually saps the strength of its victim and haunts him or her day and night.

This was the melancholy prospect which confronted Mr. L. L. Barbor's young daughter, of Edgerton, Kan., and the gratitude of his parents when a complete and lasting cure was brought about may be imagined. Learning of the case, for it is one which has created a great deal of interest throughout the county, a journal reporter sought Mr. Barbor to get the full particulars in the belief that much good could be done other sufferers by the publication of the facts of the case. The reporter found Mr. Barbor in his shop busily engaged on a piece of work. He at once narrated briefly the particulars of the cure which had been effected in the case of his daughter. The facts are set forth in the following affidavit which Mr. Barbor voluntarily and cheerfully made:

L. L. Barbor being duly sworn, on oath deposes and says: During the spring of the current year, 1888, my daughter Bertie, aged 13 years, became afflicted with a nervous disease which grew upon her to such an extent that it seriously interfered with her studies, and aroused the gravest fears that it would develop into St. Vitus' dance. My daughter became so nervous that she would drop her knife and fork while eating, and would at times be seized with nervous twitches which excited the alarm of myself and wife.

About this time my wife read in a newspaper of a wonderful cure of the same disease effected by Dr. Williams' Pink Pills for pale people, so strongly was I impressed with the facts set forth in the testimonial that I wrote to ascertain the authenticity of the case. Receiving a reply which completely satisfied me, I sent for a box of pills.

From the very first dose a marked improvement in my daughter's condition was noticed. She had become thin and excessively pale, as is common to sufferers from nervous diseases, and her weight had decreased to an alarming extent. After a careful and thorough trial of the pills, she not only began to grow less nervous but also began to gain flesh.

It is needless to say that I was both surprised and delighted with the wonderful change brought about by the first box of pills. She is a new girl, and all the symptoms of her disease have disappeared. Dr. Williams' Pink Pills have certainly wrought a wonderful and complete cure, and I can say nothing too good in their favor. But now she is away on a visit, something she would not have thought of being able to do three months ago. From being shrinking, morbid and timid she has become a strong, healthy girl with no appearance of ever having been afflicted with any nervous troubles. The pills have done wonders, and I take great pleasure in recommending the pills to all who are afflicted with a similar disease. (Signed) L. L. BARBOR.

Subscribed and sworn to before me this 14th day of August, 1893. [SEAL] W. H. KILLEY, Notary Public. Mrs. Barbor, who was present, cordially assented to all her husband said regarding the remarkable cure brought about by the pills, and declared that they owed their daughter's life to them.

Dr. Williams' Pink Pills contain in a condensed form all the elements necessary to give new life and richness to the blood, and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, neuralgia, rheumatism, nervous headache, the after effect of a grippé, palpitation of the heart, and that tired feeling resulting from nervous prostration; all diseases resulting from vitiated humors in the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for troubles peculiar to females, such as suppressions, irregularities and all forms of weakness. In men they effect a radical cure in all cases arising from mental worry, overwork or excesses of whatever nature.

These Pills are manufactured by the Dr. Williams' Medicine Company, Slocum, N. Y., and Brockville, Ont., and are sold only in boxes bearing the firm's trade mark and wrapper at 50 cent a box, or six boxes for \$2.50, and are never sold in bulk or by the dozen or hundred.

PATENTS

FOR INVENTIONS.

Equal with the interest of those having claims against the government is that of INVENTORS, who often lose the benefit of valuable inventions because of the incompetency or inattention of the attorneys employed to obtain their patents. Too much care cannot be exercised in employing competent and reliable solicitors to procure patents, for the value of a patent depends greatly, if not entirely, upon the care and skill of the attorney.

With the view of protecting inventors from worthless or careless attorneys, and of seeing that inventions are well protected by valid patents, we have retained counsel expert in patent practice, and therefore are prepared to Obtain Patents in the United States and all Foreign Countries, Conduct Interferences, Make Special Examinations, Prosecute Rejected Cases, Register Trade-Marks and Copyrights, Render Opinions as to Scope and Validity of Patents, Prosecute and Defend Infringement Suits, Etc., Etc.

If you have an invention on hand send a sketch or photograph thereof, together with a brief description of the important features, and you will be at once advised as to the best course to pursue. Models are seldom necessary. If others are infringing on your rights, or if you are charged with infringement by others, submit the matter to us for a reliable OPINION before acting on the matter.
