Following is an instance: "Our daughter, Blanche, now 15 years of age, had been terribly allifeted with nervousness, and had lost the entire use of her right arm. In fact, we foured St. Vitus dance, and are positive but for an invaluable remedy she would have had that terrible affliction. We had employed physicians, but she received no benefit from them. When my brother recommended the remedy I had no faith in patent medicines, and would not listen to him, but as a last resort he sent us a bottle, we began giving it to Blanche, and the effect was almost immediate."—Mrs. R. R. Bullock, Brighton, N. Y.
