Don't buy a blood-purifier because it is "cheap." The best—the Superior Medicine—Ayer's Sarsaparilla, is, in the end, the cheapest blood-purifier in the market. The ingredients of which it is composed are the most expensive and medicinally efficacious that can be obtained.

Arsenic and quinine are dangerous drugs to accumulate in one's system, and it is to be hoped that these poisons, as a remedy for acute malaria, have had their day. Ayer's Sarsaparilla is a sure antidote for the acute, is perfectly safe to take and is warranted to cure.

A. C. Carl, whose tonsorial parlor is located in the Matlock building next door to Simon's blacksmith shop, is an artist. Shaves, shampoos or hair cut, 25 cents each. For the present this shop will be closed on Sunday, so don't forget to call around Saturday evening.

Times Mountain: The wool season is nearly at an end; but occasionally a load is hauled into the warehouses. There have been few sales since the Wilson bill passed, and if it becomes a law the sheep business in this country will be a losing venture.

It takes a rich man to draw a check, a pretty girl to draw attention, a horse to draw a cart, a porous plaster to draw the skin, a toper to draw a cork, a free lunch to draw a crowd, and an advertisement in a newspaper to draw the trade.

Hood's Is Wonderful
"At harvesting time I took a severe cold which settled in my limbs, and in a short time developed into Rheumatism. After spending a good sum of money for different remedies and suffering all winter, I became so crippled that I had to walk with the aid of crutches. By the kind advice of a friend I was prevailed upon to buy six bottles of Hood's Sarsaparilla. I took the medicine and it has fully restored me to health. I cured, N. D., and I think it saved my life. I will cheerfully answer all who may wish to correspond about my affliction or statement." A. W. COOLEY, Clifford, North Dakota.

HE HAD CAUSE.—"What are you crying about?" asked a kind-hearted stranger of a lad who was standing in front of a newspaper office weeping as if his heart would break. "Oh, dad's gone up stairs to lick the editor." "Well, how come down yet?" asked the gentle Samaritan. "Pieces of him have," exclaimed the boy, indulging in a fresh burst of tears, "and I am expecting the rest every minute."—Wait.

RETRIBUTION.—A large fleshy lady was bathing at North Beach the other day, when a thin spinster exclaimed: "Look out now for Professor Fair's tidal waves." The fat lady said nothing. The next day the thin old maid donned her suit and plunged into the sea. The fleshy lady was present, and was heard to remark, "telegraph poles don't make much of a ripple, do they?"

AN ACCIDENT.—Yesterday while loading a freight car Geo. Fell met with an accident which will keep him from duty a day or two at least. In trucking in wool, he slipped and fell, striking his side against the car. He was unable to get home without assistance, and for a time he was quite sick, but this morning he was much better. With care he will be himself again in a few days.

SHOE MAKING AND REPAIRING NEATLY DONE.—Joe Dubois, having bought out the shoe shop formerly owned by Ed Birbeck, in the Abrahamick building on May street, and also having secured the services of an experienced workman, is now prepared to do all kinds of shoe making in a strictly first class style. Satisfaction guaranteed in every instance. When you need any work in his line give him a call. 54ft.

MARRIED.—Last Sunday at the home of Stacy Roberts, of Eight Mile, John Howell, of Hardman, and Miss Nellie Merrill, of Eight Mile, Justice Stephens, of Hardman officiating. Only a few friends and relatives were present. The same evening a number of young men composing the various heading crews that are now at work in that neighborhood started to chivariari the couple and started out well loaded with the necessary implements, but, after searching in vain for the subjects gave it up and returned or rather started to return home. On their way home they located what they supposed to be a badger, ran it down with their horses hoping to kill it but found to their sorrow that instead of being a badger it was a porcupine. Another instance of misplaced confidence. As they were compelled to take their horses to a blacksmith to have the quills removed, it is safe to say they will not soon forget the evening's sport.

Nothing Strange.
Intelligent people, who realize the important part of the blood holds in keeping the body in a normal condition, find nothing strange in the number of diseases Hood's Sarsaparilla is able to cure. So many troubles result from impure blood, the best way to treat them is through the blood. Hood's Sarsaparilla vitalizes the blood.
